RULES OF THE BOSTON CITY COUNCIL.

IN CITY COUNCIL, February 14, 1910.

The special committee appointed to prepare rules for the government of the City Council for the current year report herewith the accompanying draft.

Respectfully submitted,

WALTER BALLANTYNE, *Chairman.*

RULES OF THE BOSTON CITY COUNCIL.

PRESIDENT.

RULE 1. The president of the council shall take the chair at the hour to which the council shall have adjourned, and shall call the members to order, and, a quorum being present, shall cause the minutes of the preceding regular meeting to be read. In the absence of the president, the senior member by age present shall preside until a presiding officer is chosen.

RULE 2. The president shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and no other business, except a motion to adjourn, shall be in order until the question on appeal has been decided. The question shall be put as follows:

"Shall the decision of the chair stand as the judgment of the council?" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

RULE 3. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first; provided that this rule shall not be construed to mean that the original motion shall be put previous to amendments and substitutions.

RULE 4. The president shall, at the request of any member, make a division of a question when the sense will admit.

RULE 5. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

RULE 6. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

RULE 7. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

RULE 8. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

MOTIONS.

RULE 9. Every motion shall be reduced to writing if the president shall so direct.

RULE 10. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

RULE 11. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

RULE 12. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motion shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

RULE 13. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

RULE 14. When a question is under debate the following motions only shall be entertained, and in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. To postpone to a day certain.
4. To commit.
5. To amend.
6. To postpone indefinitely.

RULE 15. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, and the motion to take from the table, shall be decided without debate.

READINGS.

RULE 16. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session, unless objection is made.

Whenever the second reading immediately follows the first reading the document may be read by its title only; *provided*, that all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

RECONSIDERATION.

RULE 17. When a vote has been passed, any member may move a reconsideration thereof at the same meeting; or he may give notice to the clerk, within twenty-four hours of the adjournment, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting; and when a motion for reconsideration is decided that vote shall not be reconsidered.

CONDUCT OF MEMBERS.

RULE 18. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and in speaking shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member shall make an apology in open session at the meeting when the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

RULE 19. No member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 20. No member shall be permitted to vote on any question, or serve on any committee, where his private right is immediately concerned, distinct from the public interest.

RULE 21. Every member who shall be present when a question is put, where he is not excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

STANDING COMMITTEES.

RULE 22. The following standing committees of the council, to consist of three members each, except where otherwise herein provided, and all other committees, unless otherwise provided for, or specially directed by the council, shall be appointed by the chair:

Committee on Armories and Military Affairs — County Accounts — Faneuil Hall and County Buildings — Inspection of Prisons — Lamps — Licenses — Markets — Railroads — Soldiers' Relief — Public Improvements, to consist of all the members of the council.

1. A committee on *Appropriations*, to consist of all the members of the council, to whom shall be referred such appropriation orders as may be submitted to the council from time to time.

2. A committee on *Finance*, to consist of all the members of the council, to whom shall be referred all applications for expenditure which involve a loan, or a transfer of any part of an appropriation named in the general appropriation order.

3. A committee on *Claims*, to consist of five councillors, to whom shall be referred all claims against the city arising from the act or neglect of any of its departments. They shall report annually a list of the claims awarded or approved by them, and the amount of money awarded or paid in settlement thereof.

4. A committee on *Ordinances*, to consist of five councillors, to whom shall be referred all ordinances introduced in the council, or transmitted to them by vote of any standing committee. Unless specially instructed, they shall pass upon the question of the form and legality of the ordinances so referred; they may append an order that such ordinance "ought not to pass" and give their reasons therefor, or report such ordinance in a new draft. Such report shall be made in not over two weeks from the meeting at which the reference was ordered, or the ordinance received from a committee.

5. A committee on *Legislative Matters*, to consist of three councillors, who shall, unless otherwise ordered, appear before committees of the General Court and represent the interests of the city; *provided*, said committee shall not, unless directed so to do by the city council, oppose any legislation petitioned for by the preceding city council.

6. A committee on *Police*, to consist of three councillors, to whom shall be referred all matters relating to the police department.

7. A committee on *Printing*, to consist of three councillors, who shall have the charge of all printing, advertising, or publishing ordered by the city council, as one of its contingent or incidental expenses, and the supply of all stationery or binding for the same purpose. The committee shall fix the number of copies to be printed of any document printed as above, the minimum, however, to be six hundred; and they shall have the right to make rules and regulations for the care, custody, and distribution of all documents, books, pamphlets, and maps by the clerk of committees.

8. A committee on *Public Lands*, to consist of three councillors, to whom shall be referred all matters relating to public lands.

9. A committee on *Revenue from Bay Windows, Areas, etc.*, to consist of five councillors.

10. A committee on *Assessing Department*, to consist of three councillors.

11. A committee on *Bath Department*, to consist of three councillors.

12. A committee on *Cemetery Department*, to consist of three councillors.

13. A committee on *Consumptives' Hospital Department*, to consist of three councillors.

14. A committee on *Health Department*, to consist of three councillors.

15. A committee on *Hospital Department*, to consist of three councillors.

16. A committee on *Institutions Department*, to consist of three councillors.

17. A committee on *Library Department*, to consist of three councillors.

18. A committee on *Overseeing of the Poor Department*, to consist of three councillors.

19. A committee on *Street Department*, to consist of five councillors.

ORDER OF BUSINESS.

RULE 23. At every regular meeting of the council the order of business shall be as follows:

1. Communications from his honor the mayor.
2. Presentations of petitions, memorials and remonstrances.
3. Hearings.
4. Unfinished business of preceding meetings.
5. Orders of notice of hearings.

6. Reports of city officers.
7. Reports of committees.
8. Motions, orders and resolutions.

REPORT OF COMMITTEES.

RULE 24. Committees, to whom any matter is especially referred, shall report within four weeks or ask for further time.

SPECTATORS.

RULE 25. No person, except a member of the council, shall be permitted to occupy the seat of any member while the council is in session.

RULE 26. No person, excepting heads of departments, and reporters, shall be allowed in the anteroom of the council chamber while the council is in session. No person shall be allowed to enter the council chamber while the council is in session, after the seats furnished for spectators are occupied. The city messenger shall enforce this rule.

BURIAL GROUNDS.

RULE 27. No permission for the use of land for the purpose of burial shall be granted until a public hearing shall have been given by the city council on the application for such permission.

SMOKING IN THE COUNCIL CHAMBER.

RULE 28. No smoking shall be allowed in the council chamber when the council is in session.

MEETINGS.

RULE 29. No meeting of any committee shall, without the consent of all members thereof, be called upon less notice than twenty-four hours from the time the clerk shall have mailed the notices or despatched them by special messenger.

FORM OF VOTES.

RULE 30. In all votes the form of expression shall be "Ordered" for everything by way of command; and the form shall be "Resolved" for everything expressing opinions, principles, facts, or purposes.

TRANSFERS AND LOANS.

RULE 31. Every application for an additional appropriation, to be provided for by transfer or loan, shall be referred to the committee on finance; and no such additional appropriation shall be made until the said committee have reported thereon.

AMENDMENT AND SUSPENSION.

RULE 32. The foregoing rules shall not be altered, amended, suspended or repealed, at any time, except by the votes of two-thirds of the members of the city council present and voting thereon.

AUDITOR'S MONTHLY EXHIBIT.

GENERAL AND SPECIAL APPROPRIATIONS

FOR

1909-1910.

AUDITING DEPARTMENT,
CITY HALL, BOSTON, January 31, 1910.

To the Mayor, City Council and Heads of Departments :

SIRS, — The undersigned, in compliance with chapter 486, section 25, of the Acts of 1909, and chapter 6, section 7, Revised Ordinances of 1898, herewith presents an exhibit of the General and Special Appropriations for the present financial year of 1909-1910, as shown in the books in his office, January 31, 1910, exhibiting the original appropriations, the balances brought forward from 1908-1909, the amounts drawn January 31, the total expenditures, and the balance of each appropriation unexpended at that date ; also a statement of the Debt, Sinking Funds and Right to Borrow, January 31, 1910.

Respectfully submitted,

J. ALFRED MITCHELL,
City Auditor.

MONTHLY STATEMENT

OF THE

CITY TREASURER

AND OF THE

TREASURER OF THE BOARD OF COMMISSIONERS
OF SINKING FUNDS.

TREASURY DEPARTMENT,
BOSTON, February 1, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—The undersigned herewith presents a statement of the receipts and payments of the City of Boston and County of Suffolk for the month of January, 1910, being twelve months of the financial year 1909–1910, also of the balance of money remaining in the Treasury January 31, 1910, and where deposited.

A statement of the receipts, payments and resources of the Sinking Funds is appended.

Respectfully submitted,

CHARLES H. SLATTERY,

City Treasurer.

ORDINANCES OF 1910, CHAPTER 1,
CONCERNING
NUMBER OF ASSESSORS.

in the Year One Thousand Nine Hundred and Ten.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section one of chapter five of the Revised Ordinances of 1898 is hereby amended by striking out the word "nine" in the second line thereof and by inserting in place thereof the word "seven," so that the said section as amended will read as follows:

The assessing department shall be under the charge of the board of assessors, consisting of seven assessors, who shall have and exercise all the powers and duties, and be subject to all the limitations, of assessors of taxes; shall keep a full and complete record of the name of each person having a residence in the city of Boston, with his residence on the first day of May of the current and preceding year, and also a record of the names of persons whose taxes have been abated in whole or in part, with the amount originally assessed to each, the amount of the abatement, and the reason for which it was made; may appoint as assistants, subject to confirmation by the mayor, two persons for each assessment district, and such assistants and subordinates as it may deem necessary.

SECT. 2. Section five of chapter three of the Revised Ordinances of 1898 is hereby amended by striking out the word "eight" in the twelfth line thereof and by inserting in place thereof the word "six."

IN CITY COUNCIL, February 14, 1910.

Passed.

JOHN T. PRIEST, *City Clerk.*

Approved February 18, 1910.

RULES OF THE CITY COUNCIL OF THE CITY OF BOSTON FOR THE MUNICIPAL YEAR 1910-1911.

PRESIDENT.

RULE 1. The president of the council shall take the chair at the hour to which the council shall have adjourned, and shall call the members to order, and, a quorum being present, shall cause the minutes of the preceding regular meeting to be read. In the absence of the president, the senior member by age present shall preside until a presiding officer is chosen.

RULE 2. The president shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and no other business, except a motion to adjourn, shall be in order until the question on appeal has been decided. The question shall be put as follows:

"Shall the decision of the chair stand as the judgment of the council?" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

RULE 3. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first; provided that this rule shall not be construed to mean that the original motion shall be put previous to amendments and substitutions.

RULE 4. The president shall, at the request of any member, make a division of a question when the sense will admit.

RULE 5. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

RULE 6. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

RULE 7. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

RULE 8. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

MOTIONS.

RULE 9. Every motion shall be reduced to writing if the president shall so direct.

RULE 10. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

RULE 11. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

RULE 12. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motion shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

RULE 13. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

RULE 14. When a question is under debate the following motions only shall be entertained, and in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. To postpone to a day certain.
4. To commit.
5. To amend.
6. To postpone indefinitely.

RULE 15. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, and the motion to take from the table, shall be decided without debate.

READINGS.

RULE 16. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session, unless objection is made. Whenever the second reading immediately follows the first reading the document may be read by its title only; *provided*, that all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

RECONSIDERATION.

RULE 17. When a vote has been passed, any member may move a reconsideration thereof at the same meeting; or he may give notice to the clerk, within twenty-four hours of the adjournment, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting; and when a motion for reconsideration is decided that vote shall not be reconsidered.

CONDUCT OF MEMBERS.

RULE 18. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and in speaking shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member shall make an apology in open session at the meeting when the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

RULE 19. No member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 20. No member shall be permitted to vote on any question, or serve on any committee, where his private right is immediately concerned, distinct from the public interest.

RULE 21. Every member who shall be present when a question is put, where he is not excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

STANDING COMMITTEES.

RULE 22. The following standing committees of the council, to consist of three members each, except where otherwise herein provided, and all other committees, unless otherwise provided for, or specially directed by the council, shall be appointed by the chair:

1. A committee, to be known as the *Executive Committee of the City Council*, to consist of all the members of the council.

2. A committee on *Inspection of Prisons*, to consist of all the members of the council.

3. A committee on *Appropriations*, to consist of all the members of the council, to whom shall be referred such appropriation orders as may be submitted to the council from time to time.

4. A committee on *Finance*, to consist of all the members of the council, to whom shall be referred all applications for expenditure which involve a loan, or a transfer of any part of an appropriation named in the general appropriation order.

5. A committee on *Claims*, to consist of five councillors, to whom shall be referred all claims against the city arising from the act or neglect of any of its departments. They shall report annually a list of the claims awarded or approved by them, and the amount of money awarded or paid in settlement thereof.

6. A committee on *Ordinances*, to consist of five councillors, to whom shall be referred all ordinances introduced in the council, or transmitted to them by vote of any standing committee. Unless specially instructed, they shall pass upon the question of the form and legality of the ordinances so referred; they may append an order that such ordinance "ought not to pass" and give their reasons therefor, or report such ordinance in a new draft. Such report shall be

made in not over two weeks from the meeting at which the reference was ordered, or the ordinance received from a committee.

7. A committee on *Legislative Matters*, to consist of five councillors, who shall, unless otherwise ordered, appear before the committees of the General Court and represent the interests of the city; *provided*, said committee shall not appear unless authorized by vote of the city council, and shall not, unless directed so to do by the city council, oppose any legislation petitioned for by the preceding city council.

8. A committee on *Printing*, to consist of three councillors, who shall have the charge of all printing, advertising, or publishing ordered by the city council, as one of its contingent or incidental expenses, and the supply of all stationery or binding for the same purpose. The committee shall fix the number of copies to be printed of any document printed as above, the minimum, however, to be six hundred; and they shall have the right to make rules and regulations for the care, custody, and distribution of all documents, books, pamphlets, and maps by the city messenger.

9. A committee on *Public Lands*, to consist of three councillors, to whom shall be referred all matters relating to public lands.

10. A committee on *County Accounts*, to consist of three councillors.

11. A committee on *Faneuil Hall and County Buildings*, to consist of three councillors.

12. A committee on *Soldiers' Relief*, to consist of three councillors.

ORDER OF BUSINESS.

RULE 23. At every regular meeting of the council the order of business shall be as follows:

1. Communications from his honor the mayor.
2. Presentations of petitions, memorials and remonstrances.
3. Hearings.
4. Unfinished business of preceding meetings.
5. Orders of notice of hearings.
6. Reports of city officers.
7. Reports of committees.
8. Motions, orders and resolutions.

REPORT OF COMMITTEES.

RULE 24. Committees, to whom any matter is especially referred, shall report within three weeks or ask for further time.

SPECTATORS.

RULE 25. No person, except a member of the council, shall be permitted to occupy the seat of any member while the council is in session.

RULE 26. No person, excepting heads of departments, and reporters, shall be allowed in the anteroom of the council chamber while the council is in session. No person shall be allowed to enter the council chamber while the council is in session, after the seats furnished for spectators are occupied. The city messenger shall enforce this rule.

BURIAL GROUNDS.

RULE 27. No permission for the use of land for the purpose of burial shall be granted until a public hearing shall have been given by the city council, after due notice has been served upon abutters, on the application for such permission.

SMOKING IN THE COUNCIL CHAMBER.

RULE 28. No smoking shall be allowed in the council chamber when the council is in session.

MEETINGS.

RULE 29. No meeting of any committee shall, without the consent of all members thereof, be called upon less notice than twenty-four hours from the time the clerk shall have mailed the notices or despatched them by special messenger.

FORM OF VOTES.

RULE 30. In all votes the form of expression shall be "Ordered" for everything by way of command; and the form shall be "Resolved" for everything expressing opinions, principles, facts, or purposes.

TRANSFERS AND LOANS.

RULE 31. Every application for an additional appropriation, to be provided for by transfer or loan, shall be referred to the committee on finance; and no such additional appropriation shall be made until the said committee have reported thereon.

AMENDMENT AND SUSPENSION.

RULE 32. The foregoing rules shall not be altered, amended, suspended or repealed, at any time, except by the votes of two-thirds of the members of the city council present and voting thereon.

IN CITY COUNCIL, February 21, 1910.

Adopted.

MESSAGE OF THE MAYOR

RECOMMENDING

APPROPRIATIONS AND TAX ORDERS FOR
1910-1911,

TOGETHER WITH THE

ANNUAL ESTIMATES OF THE DEPARTMENTS.

CITY OF BOSTON,
OFFICE OF THE MAYOR, February 18, 1910.

To the City Council:

In accordance with section 3 of chapter 486 of the Acts of 1909, I transmit herewith the estimates of the several departments for the financial year 1910-11, together with a list of the appropriations which I recommend. I also transmit for your information the basis of estimate prepared by the City Auditor, which includes the amount which can be raised within the tax limit for the current expenditures of the city and an estimate of the income for the present year. These two items, added together, fix the limit within which the total amount appropriated by the City Council must fall.

The sum total of all the estimates submitted by the heads of city departments, with an allowance of \$250,000 for the Reserve Fund, is \$13,311,726. The total of the estimates submitted by heads of county departments is \$1,384,679. The city and county debt requirements, embracing interest,

sinking funds and installments upon serial bonds, total \$5,097,480. The sum of these various items, \$19,793,885, is \$467,507 less than the amount available under the law for current expenditures.

I recommend a reduction of \$944,430 in the city and county estimates, making a total appropriation of \$18,849,455. This includes an increase of \$80,834.59 in the debt requirements, over which the Mayor and the City Council have no control; and an increase of \$495,564.31 over the actual expenditures of the city and county departments during the fiscal year 1909-1910. The amount available but not appropriated is \$1,381,396.28.

It is my judgment that in most cases the items of increase merely allow for the normal growth of population. In special cases, such as the Highway and Sanitary Divisions of the Street Department, experience has proved that the appropriations in the past have been reduced below the minimum of efficiency and of enlightened regard for the public welfare.

Respectfully,

JOHN F. FITZGERALD,

Mayor.

CITY OF BOSTON.

APPROPRIATION AND TAX ORDERS FOR THE FINANCIAL
YEAR 1910-1911.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of February, 1910, of performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or the County of Suffolk, or the departments or officers thereof, and to meet their respective obligations for interest on debt, sinking fund requirements, and maturing debt not provided for by sinking fund, the respective sums of money hereinafter specified be, and the same are, hereby appropriated for the several departments, and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Department, current expenses, and the payments to the state under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest requirement for loans issued for water purposes, be met by the income from said works and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on January 31, 1910, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust, or special appropriation, and by the income of the financial year, beginning February 1, 1910, and by taxes to the amount of \$14,059,455, and that said amount be raised by taxation on the polls and estates taxable in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury and then credited to the appropriation of the department or division rendering such service or doing such work, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That to provide temporarily money to meet the appropriations aforesaid, the City Treasurer issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston, not exceeding nine million dollars in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon at the office of the City Treasurer within the current financial year, from the taxes of said year, and bear interest from their date until the same are made payable at such rate as said treasurer shall deem proper.

Ordered, That all taxes raised to meet the appropriations of the City Council, and all taxes assessed for meeting the city's proportion of the state tax of the year 1910, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1910; that all such taxes paid after the first day of November, 1910, bear interest from and including said day until paid, at the rate of six per cent per annum, except the taxes assessed upon shares of stock of national banks shall bear interest at the rate of twelve per cent per annum from and including said first day of November until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

ESTIMATES OF DEPARTMENTS.

ANNUAL ESTIMATES.

ART DEPARTMENT.

BOSTON, December 10, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,— In accordance with section 3, chapter 23, of the Revised Ordinances, and in behalf of the Board of Art Commissioners, I hereby submit an estimate of the appropriation required to enable this department to perform its duties during the next financial year. No other source of income can be expected.

The total appropriation requested is \$800. The estimated expenditure of the commission is \$500 for clerical and other services, \$100 for travel, and \$200 for expert advice,

I beg to call to your honor's attention the fact that this commission has been greatly handicapped during the current year by its inability to pay for services which it has been obliged to induce eminent experts to render without payment. A further continuance of this practice is liable to limit seriously this commission's usefulness to the city.

The commission has also been hampered by lack of funds for necessary travel which has been performed at the expense of individual members.

The commission's appropriation of \$300 for clerical services during the past year has also proved very meagre.

Under these circumstances, it is to be hoped that your honor will approve the moderate increase which this commission requests.

Yours respectfully,

SAMUEL D. WARREN,

Chairman Art Commission.

BUILDING DEPARTMENT.

BOSTON, December 11, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,—Herewith is submitted an estimate of the amount needed for the maintenance of the Building Department for the year 1910–11.

The estimated expenditures for the year 1909–10, falls short of the amount appropriated, because the rate of payment of salaries was not reinstated until late in the year, whereas a reinstatement was expected to take place earlier, when the amount needed was estimated.

No estimate can be made of revenue from gas fitters' licenses as the request for licenses depends entirely upon the men, who may desire to practice as gas fitters and the number varies with each year. There is now no revenue from plumbing licenses and renewals, the licensing having been taken over by the Commonwealth.

The estimate of expenses other than salaries and wages is based upon the average of such expenditure for the past four years and as will be seen from an examination of tables the estimate is placed at as low a figure as seems safe to cover the absolute needs of the department. With the present force it will be possible to maintain the department upon an appropriation of \$105,000, but this amount will not be sufficient to enable the employment of any additional inspectors which, if building operations increase in number, is very desirable.

Yours respectfully,

ARTHUR G. EVERETT,

Building Commissioner.

This appropriation for ten months, closing November 1, 1910. The project is to be an experiment for one year, the continuance to depend on results of the year's work. Should results of the work warrant, further appropriation is to be requested.

PATIENTS IN HOSPITALS.

	Estimated Expendi- tures 1910-11.
Patients in hospitals.....	* \$61,152 00

* Of this amount \$41,600 is for 100 beds now authorized by law, and \$19,552 is for the treatment of cases in the State Hospitals at North Reading, Middleboro and Westfield (provided that legislation allowing this be obtained), the policy of the Board being to give preference in sending cases to these State Hospitals to those without homes, and in such stages as to render them unfit for labor and to earn their own living.

Pay Roll Totals Comparison.

Total of Wages Paid 1906.	Total of Wages Paid 1907.	Total of Wages Paid 1908.	Estimated Total of Wages, 1909-10.	Estimated Total of Wages, 1910-11.
\$118,745 92	\$121,708 12	\$117,696 53	\$117,000 00	*\$124,000 00

* \$47,000 of this amount charged to other departments.

Summary.

	Expendi- tures, 1906.	Expendi- tures, 1907.	Expendi- tures, 1908.	Estimated Expendi- tures, 1909-10.	Estimated Expendi- tures, 1910-11.
Salaries, wages.....	\$72,863 21	\$74,298 30	\$72,192 81	\$76,302 93	\$77,000 00
Expenses, other.....	9,114 95	7,942 05	5,888 75	7,695 00	8,000 00
Totals.....	\$81,978 16	\$82,240 35	\$78,081 56	\$83,997 93	*\$85,000 00

* The discrepancy between the engineering pay roll comparison which shows \$124,000 as the estimate for 1910-11 and the \$77,000 pay roll in summary above is because the department receives \$47,000 per year from other departments. The amount actually asked is thus only \$85,000.

* \$2,100 paid by Street Laying-Out Department.

† \$1,400 paid by Street Laying-Out Department.

BOSTON, January 19, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—In compliance with your request I submit the following estimates which have been prepared showing the amounts necessary to be expended in the immediate future for the proper repairs of such bridges as are in immediate need of rebuilding, apportioned through the next three years, a major part of this is for new construction and can properly be met by loan issues.

Yours respectfully,

WILLIAM JACKSON,
City Engineer.

ALLSTON BRIDGE (over B. & A. R. R., Brighton).

All steel work above the floor should be cleaned and painted and boxing about bottom chords should be renewed. Estimated cost, \$500. This work should be done this year.

ARBORWAY BRIDGE (over Stony Brook, near Forest Hills Station).

When this bridge was built in 1892 it was assumed that within ten years the channel of Stony brook would be improved at this point and a bridge of a temporary construction was all that was considered necessary. The spruce piles and hard pine stringers are now so badly decayed that the bridge should be rebuilt within the next two years. The new structure need not be built the full width of the Arborway, 222 feet; the northerly sidewalk and portions of the bridge in line with planting spaces might be omitted. For a new bridge of the same temporary character as the present structure, the estimated cost is \$5,000. This work should be done within two years if permanent channel of brook is not constructed at this point.

ASHMONT STREET AND DORCHESTER AVENUE BRIDGE (over Old Colony Division N. Y., N. H. & H. R. R.).

New underplanking should be provided on the portion of the bridge, about 75 feet in length, which is maintained by the city. Estimated cost, \$700. This work should be done this year.

ATHENS STREET BRIDGE (over Midland Division N. Y., N. H.
& H. R. R.).

This bridge should be stripped and painted and the flooring should be renewed. Estimated cost, \$400. This work should be done this year.

AUDUBON ROAD BRIDGE (over B. & A. R. R.).

This bridge should be cleaned and painted. Estimated cost, \$500. The work should be done within two years.

AUSTIN STREET BRIDGE (over B. & A. R. R.).

The fence should be repaired and painted this year. Estimated cost, \$500.

BENNINGTON STREET BRIDGE (over B., R. B. & L. R. R.).

This bridge should be painted and the older half replanked. Estimated cost, \$1,000. This work should be done this year.

BOLTON STREET BRIDGE (over Midland Division N. Y., N. H.
& H. R. R.).

The upper woodwork needs renewal this year. Estimated cost, \$300.

BOSTON STREET BRIDGE (over Old Colony Division N. Y., N. H.
& H. R. R.).

The roadway underplanking should be renewed and the sidewalks and boxing around girders repaired. Estimated cost, \$1,800. This work should be done within two years.

BROADWAY BRIDGE (over Fort Point Channel).

The bridge, with the exception of the draw span, is a modern steel structure on masonry piers, and was built in 1901-04. The draw span, however, was built thirty-five years ago and it is wholly unsuited to the requirements of present traffic; the floor beams in particular are too light for the street cars now passing over them and some of the connections are of such a character that at any time they may fail under an excessive load, causing a serious accident. The draw span should be wholly rebuilt, the wooden draw pier and the waterway should be largely reconstructed, and the steel work of the fixed spans should be cleaned and painted. The work should be done this year. Estimated cost, \$150,000. The Boston Elevated Railway Company should pay part of the cost of a new draw built to provide for that company's heavy cars.

BROADWAY BRIDGE (over B. & A. R. R.).

The bridge should be stripped, thoroughly cleaned with sand blast and painted, new lower planking laid and portions of the railing repaired. This is all the work *now apparent*, but a careful examination after the flooring is removed may show that some of the steel work should be renewed. This work should be done at once. Estimated cost, \$7,000.

BROOKLINE STREET BRIDGE (from Brighton to Cambridge).

This is a wooden trestle bridge built on a pile foundation with steel spans over the waterways of Charles river and the Boston & Albany Railroad. It was built in 1906 as a temporary structure with the expectation that it would be replaced by a permanent bridge within ten years. The construction of a permanent bridge in keeping with the developments of the Charles river should be begun within two or three years. Estimated cost \$750,000.

One-half the cost of the new bridge should be borne by the City of Cambridge.

BROOKS STREET BRIDGE (near Faneuil Station).

This bridge should be painted this year. Estimated cost, \$200.

BYRON STREET BRIDGE (over B., R. B. & L. R. R.).

This bridge should be rebuilt within three years at an estimated cost of \$5,000. Some work should be done on the bulkheads this year at an estimated cost of \$200.

CAMBRIDGE STREET BRIDGE (Brighton to Cambridge).

To keep the bridge in condition for use during the next two or three years general repairs should be made at an estimated cost of \$7,000, one-half to be paid by Cambridge.

CASTLE ISLAND FOOTBRIDGE (from Marine Park to Castle Island).

Considerable planking is done on this bridge every year, and it can be kept safe by continuing this policy. To put it in good condition most of the planking should be renewed. The fences and roof of the shelter should be repaired and the bridge should be painted. Estimated cost of putting the bridge in good condition, \$9,000. This work should be done within two years.

CENTRAL AVENUE BRIDGE (over Neponset River, Dorchester
Lower Mills).

The lower planking and many stringers need renewal and fences need painting. Estimated cost, \$2,500. This work should be done this year.

CHARLESGATE BRIDGE (over B. & A. R. R.).

This bridge was cleaned and painted in 1904 and at that time the ironwork was reported in a fair condition. So far as it is now apparent the bridge is in safe condition for the light loads which pass over it, and until the flooring is stripped so that a careful examination can be made it is impossible to say how soon it will be necessary to renew some of the iron work. This examination should be made this year, at which time the ironwork should be cleaned and painted. The abutments of the bridge are constantly settling, decreasing the head room over the railroad, and the bridge should be raised this year to its former grade. Estimated cost of raising, stripping, cleaning and painting the bridge, \$14,000.

CHARLESTOWN BRIDGE (Boston to Charlestown).

The entire bridge and drawtenders' house should be painted, in connection with which all rusted metal work should be thoroughly cleaned by sand blast and minor repairs should be made. This work should be done this year. Estimated cost, \$10,000.

CHELSEA BRIDGE NORTH (over Mystic River).

The draw should be provided with new machinery and with new bearings at the skew end. Estimated cost, \$3,000. The work should be done this year.

CHELSEA BRIDGE SOUTH (over South Channel, Mystic River).

The present bridge is a pile structure with an iron draw, the latter having been built thirty-three years ago to provide for loads not exceeding fifteen tons in weight, which loading was considered ample for highway traffic. Since then the highway and street railway traffic have greatly increased, and street cars weighing forty tons are daily using the bridge. The structure is not a safe one for use under these loads, neither is it of sufficient width to accommodate the highway travel. The bridge should be rebuilt, and a temporary bridge provided to accommodate traffic during reconstruction. The temporary bridge should be built at once, the estimated cost being \$75,000. A permanent bridge should then be built at a cost of about \$375,000, or making the total cost of the work about \$450,000.

A portion of this expense should be borne by the street railway company.

COLUMBIA ROAD BRIDGE (over Old Colony Division, N. Y.,
N. H. & H. R. R.).

The asphalt walks are in poor condition, and should be relaid. Estimated cost, \$900. The work should be done this year.

COTTAGE STREET FOOTBRIDGE (over Flats, East Boston).

Some of the stringers and considerable planking need renewal and the bridge should be painted. Estimated cost, \$2,500. The work should be done this year.

DARTMOUTH STREET BRIDGE (over B. & A. R. R.).

This bridge when new did not have a strength sufficient to meet the requirements of modern heavy street car traffic, and after thirty years' exposure to the destructive action of locomotive fumes, the metal work beneath the floor has corroded to such an extent that the bridge will have to be rebuilt soon. In this connection it may be noted that the traffic on the Boston & Albany Railroad beneath the bridge is already so heavy that it seems probable that the railroad will soon find it necessary to have four main line tracks for passenger service in operation to the South Station. This would probably require an island platform between the two center tracks beneath the bridge. If these railroad changes are made, there would doubtless be an opportunity to place supports for a new bridge within the platform area, thus permitting the construction of a new "deck" bridge, with all parts of the structure beneath the floor level, leaving the street free and unobstructed for its entire width. The metal work of the new bridge should be incased in concrete and protected from the destructive action of locomotive gases. The cost of rebuilding the bridge is estimated at \$65,000. This rebuilding should be done within two years under the provisions of chapter 463 of the Acts of 1906 as amended by chapter 542 of the Acts of 1908, by which the Boston & Albany Railroad Company and the street railway company will share in the expense.

DORCHESTER AVENUE BRIDGE (over Fort Point Channel).

If the present bridge is to be continued in service a part should be painted; the sidewalk planking and some curb stringers on the draw and the sills and planking on the wharves, waterway and piers should be renewed; one asphalt sidewalk on the pile bridge should be resurfaced; spur-shore piles which have begun to decay should be refitted; the waterway, the track stringers and roadway gates should be repaired; and the wreckage among the piling should be removed. The work should be done this year at an estimated cost of \$3,500.

The present bridge is not strong enough to carry modern

street cars. Provision for heavy street cars may be made by rebuilding the draw span on the present foundations and strengthening the existing pile bridge. The estimated cost of this work is \$60,000, and a considerable part of the expense should be borne by the street railway company. The bridge reconstructed in this manner would probably be good for ten years' service, but at best it could only be considered as a temporary structure.

Within a few years at most it will be necessary to rebuild the entire bridge, and, if public interests now demand the running of modern heavy street cars over this structure, it might be advisable to proceed at once with the construction of a new bridge in which undertaking the Boston Elevated Railway Company should bear a part of the expense. The present bridge, formerly a part of old Federal street, connects with the new Dorchester avenue on the city proper side by a reversed curve, which is an obstruction to travel; and in addition the drawbridge is about thirty feet narrower than Dorchester avenue, causing further traffic obstruction. When the bridge is rebuilt Dorchester avenue should be carried from the city proper straight across Fort Point channel, and the street should be widened in South Boston as far as the intersection of Dorchester and Atlantic avenues. At the same time the main ship channel should be widened and straightened. The estimated cost of the work, including the cost of a permanent and modern steel bridge on masonry piers, is \$600,000, exclusive of land damages.

In this connection it may be said that at any time heavy street cars may be run to South Boston over the new Atlantic Avenue (or Cove Street) Bridge at no expense other than the cost of the tracks and wires.

DORCHESTER AVENUE BRIDGE (over N. Y., N. H. & H. R. R.).

The plank flooring of the bridge should be repaired. Estimated cost, \$2,000. The work should be done within two years.

DOVER STREET BRIDGE (over Fort Point Channel).

The bridge should be painted; sidewalk planking on draw needs renewal; planking on wharves needs repairing; the concrete center pier needs repairing; the granite piers need repointing and some of the track needs renewal. The work should be done within two years. Estimated cost, \$5,000.

GAINSBOROUGH STREET FOOTBRIDGE (over Providence Division N. Y., N. H. & H. R. R.).

The bridge should be painted this year. Estimated cost, \$200.

GOLD STREET BRIDGE (over Midland Division, N. Y., N. H.
& H. R. R.).

The sidewalk planking should be renewed and the bridge should be painted; a small amount of work is needed on the fencing and walls. Estimated cost, \$300. The work should be done this year.

HARVARD BRIDGE.

The bridge should be painted and the draw fender pier and the fender guards should be repaired. Estimated cost, \$8,000. The work should be done this year.

One-half the cost should be borne by the City of Cambridge.

HARVARD STREET BRIDGE (over Midland Division, N. Y.,
N. H. & H. R. R.).

This bridge should be thoroughly cleaned and painted. To properly do the work it will be necessary to take up and relay the wooden flooring, or to make arrangements with the railroad company for the use of a train and the tracks beneath the bridge in order to paint the structure from below. The results from the second method will be less thorough and satisfactory than the former. Estimated cost of the work, including removal and relaying floor, is \$1,500. Seventy per cent of this cost should be borne by the New York, New Haven & Hartford Railroad and 30 per cent by the city.

L STREET BRIDGE (over Reserved Channel, South Boston).

The asphalt sidewalks should be renewed and repairs made on the waterway, fender guard and track stringers. The work should be done this year. Estimated cost, \$4,000.

MALDEN BRIDGE (from Charlestown to Everett).

The draw and track stringers should be painted; the draw should be replanked; and the asphalt sidewalks resurfaced. The work should be done this year. Estimated cost, \$3,000.

MASSACHUSETTS AVENUE BRIDGE (over Providence Division
N. Y., N. H. & H. R. R.).

This bridge should be repainted and new flooring laid in one roadway and the sidewalks. Estimated cost, \$2,000. The work should be done this year.

MERIDIAN STREET BRIDGE (East Boston to Chelsea).

Meridian Street Bridge is a wooden pile bridge with a wooden turntable draw on a pile foundation. The original structure was built in 1858 and the draw span was rebuilt in 1878, and

the remainder of the bridge was widened and rebuilt in 1884. Extensive repairs have been made from time to time, particularly on the woodwork of the draw trusses, and in 1906 and 1907 the bridge was strengthened by the Boston Elevated Railway Company to carry heavier street cars.

The bridge has long been an important thoroughfare for highway traffic, and since the opening of the East Boston Tunnel street car traffic over it has become very heavy. Chelsea river, also, is a very busy water way and no drawbridge in the city has to be operated more frequently than the draw of this bridge, which is opened for the passage of vessels from twenty to fifty times per day, a total of over 10,000 openings in a year. The bridge is an old structure wholly inadequate to meet the needs of present traffic, both on the street and through the water way. The pile portions of the bridge are in bad condition and in need of extensive repairs. In the draw span the movable parts and operating machinery are almost completely worn out, the wooden trusses are more or less decayed and are permanently out of adjustment and the draw generally is in such poor condition that at any time it may have to be closed to travel. No amount of repairs will make the draw a suitable structure for the present heavy street car and highway traffic, and an appropriation for a new bridge should be made at once. A temporary bridge should be provided during the construction of the permanent bridge. The estimated cost of the work, including cost of temporary bridge, is \$800,000, exclusive of land damages. The Boston Elevated Railway Company should share in the expense.

MILTON BRIDGE (from Dorchester to Milton).

It is probable that part of the roadway will need rebuilding within two years. Estimated cost, \$2,600.

NEPONSET BRIDGE (Dorchester to Quincy).

The superstructure of the draw is now being reconstructed and should be good for many years' service. Extensive repairs should be made to the wooden draw piers and to the pile bridge on the Boston end, and motors should be provided to operate the draw. Estimated cost, \$5,000. The work should be done at once.

NEPTUNE ROAD BRIDGE (over B., R. B. & L. R. R.).

The bridge should be cleaned and painted this year. Estimated cost, \$500.

NEWTON STREET BRIDGE (over Providence Division N. Y., N. H. & H. R. R.).

This is one of the oldest bridges in the city, and while it is apparently in a fair condition for so old a bridge it must soon

be rebuilt. The estimated cost of a deck plate girder bridge, with the metal work protected from the action of locomotive gases, is \$22,000. It is probable that the bridge should be rebuilt within two years.

NORFOLK STREET BRIDGE (over Midland Division N. Y., N. H. & H. R. R. (near Dorchester Station).

The bridge should be painted this year. Estimated cost, \$700.

NORTH BEACON STREET BRIDGE (Brighton to Watertown).

This bridge should be replaced by an arch bridge without a draw. Estimated cost, \$200,000. The cost should be apportioned to Watertown, the street railway and Boston, or it should be constructed by the Metropolitan Park Commission as a part of the park system. By changes in the shore lines the cost could probably be reduced. This bridge can be maintained for another year at an estimated cost of \$1,000.

NORTH HARVARD STREET BRIDGE (Brighton to Cambridge).

The existing old pile bridge with narrow leaf draw is inadequate for present needs and too light for street car traffic. Upon the completion of the Cambridge subway it is probable that this street will be made an important route for street cars. A new bridge, not less than 60 feet in width, in keeping with the surroundings, should be built at such an elevation as will permit of the construction of a bridge without a draw; and a temporary bridge should be provided during the construction of the permanent structure. Estimated cost, including temporary bridge, \$350,000. The work should be done this year.

One-half the cost of the bridge would be borne by Cambridge.

PRISON POINT BRIDGE (from Charlestown to Cambridge).

A new drawtenders' house should be built, part of the old wooden draw pier should be rebuilt, and the machinery housed in. Estimated cost, \$4,000. The work should be done this year.

SHAWMUT AVENUE BRIDGE (over B. & A. and N. Y., N. H. & H. R. R.).

This bridge should be thoroughly cleaned with sand blast and painted. Estimated cost, \$2,500. The work should be done this year.

SOUTHAMPTON STREET BRIDGE (over South Bay Sluice).

The bridge should be rebuilt this year. Estimated cost, \$10,000.

SUMMER STREET BRIDGE (over Fort Point Channel).

All the steel work of this bridge should be painted and the draws and draw foundation should be replanked. Estimated cost, \$11,000. The work should be done this year.

SUMMER STREET BRIDGE (over N. Y., N. H. & H. R. R.).

This bridge was built in 1900 by the railroad company in connection with the abolition of the grade crossing on Congress street and comes in that class of bridges for which the city pays only for maintenance of the wearing surface of the sidewalks and roadways. The sidewalks laid on this bridge did not have asphalt mastic surfaces but were made of an asphalt composition, probably containing not more than 10 per cent asphalt. The asphalt walks laid by the city on other bridges on the same street were of asphalt mastic. They are now in good condition and will probably continue so for ten years longer. The walks on the bridge over the railroad are now in poor condition and should be rebuilt or resurfaced this year. While it may be necessary to resurface these walks every five years, this will probably be more economical than to rebuild them of asphalt mastic at the present time, and for the limited use of the walk will probably be fairly satisfactory. Estimated cost for repairing and resurfacing the walks is \$1,000.

WARREN BRIDGE (over Charles River).

If the improvements recommended by the Harbor and Land Commission are carried out the reconstruction of Warren Bridge will be made necessary by the proposed relocation of the channel of the Charles river in connection with the reconstruction of the railroad bridges at the North Station. The estimated cost of a new steel bridge on masonry piers at present grade and width of street is \$1,000,000, in which expense the street railway company should share to the extent of the extra cost of the structure necessary to provide for heavy street cars.

To keep the bridge in service general repairs should be made this year at an estimated cost of \$10,000.

WEST FOURTH STREET BRIDGE (over Old Colony Division N. Y., N. H. & H. R. R.).

The sidewalk planking and planking around the trusses need renewal. Estimated cost, \$1,000.

WESTERN AVENUE BRIDGE (Brighton to Watertown).

General repairs should be made this year to the Boston part of the existing bridge at an estimated cost of \$2,500.

WINTHROP BRIDGE (Breed's Island to Winthrop).

This bridge should be rebuilt. It is a pile bridge and could be filled solid, leaving two culverts to carry the water. Estimated cost, \$75,000, including water pipe changes and displacement charges to the state. The bridge can be kept open for travel another year for about \$1,500.

The expense of reconstructing the bridge should be apportioned between the City of Boston and the Town of Winthrop. At present the burden of maintenance appears to rest legally upon neither the city nor the town. An opinion of the Corporation Counsel, Thomas M. Babson, Esq., follows:

In 1872 after the second building of this bridge the law was changed by chapter 91 of the Acts of 1872, now Revised Laws, chapter 20, section 8. It has been decided by the Supreme Court that the County Commissioners of Middlesex have no jurisdiction over these bridges and certainly our Board of Aldermen have none. In my opinion, therefore, the Legislature should be petitioned to pass a statute concerning this bridge substantially as follows:

That on the petition of either the City of Boston or the Town of Winthrop to the Supreme Judicial Court, commissioners should be appointed to consider as to whether public necessity and convenience required the building of this bridge and, if they so ordered, by whom it should be built, and to apportion the expense of the construction and future maintenance between the City of Boston and the Town of Winthrop.

FINANCE COMMISSION.

BOSTON, December 14, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—Enclosed please find estimate for the Finance Commission for the fiscal year 1910–11.

In the comparison of employees, Sheet “C,” only regular employees of the former Finance Commission have been included. Those who have been employed only from time to time have been excluded. The staff of the former Finance Commission actually included some sixteen persons at times.

The estimated expenditures for 1910–11, for permanent employees, as shown on Sheet “A,” will be \$16,268. The

office expenses, as shown on Sheet "D," will be \$3,343, the total being \$19,611.

The commission believes that about \$20,000 more will be required and that, therefore, \$40,000 should be appropriated. It is safe to assume that at least \$15,000 will be required for the expense of investigations conducted by experts, and in certain contingencies \$20,000 would be required. If the amount of the appropriation in excess of the statutory minimum (\$30,000) is not actually needed it will be returned to the treasury. The commission believes that it would not be wise to restrict the appropriation to the statutory minimum, because that might result in leaving the commission handicapped for lack of funds to conduct an investigation imperatively required.

The actual payments of the former Finance Commission, exclusive of constables, stenographers specially employed, engineers, accountants and other experts, were, for the eighteen months of its existence, as shown in city document No. 71, of 1909, \$24,690.15. The amounts shown on Sheet "C" are misleading as they include only those employees whose names appeared on the regular pay roll. A number of other employees were employed for certain periods, some almost constantly, and these were paid on bills for services rendered.

Very truly yours,

JOHN A. SULLIVAN

Chairman.

¹ Increased efficiency after many years of service. (Now \$1,300.)² Adaptability to special work which has been recognized by this office for some time. Request for this increase was made in the budget for last year. (Now \$16 a week.)³ Began at \$12. Has proven himself an efficient, painstaking clerk of far greater value than his original compensation called for. (Now \$12 a week.)⁴ Absolutely necessary through increase of business. (Extra employee).⁵ Has proved to be a most efficient one, carrying on at times almost double duty. Increase justified in opinion of board. (Now \$15 a week.)⁶ Long and efficient service. Underpaid. (Now \$2,300.)⁷ Salary now ridiculously low. (Now \$500.)⁸ Greatly increased efficiency. (Present pay only \$4 a week.)⁹ Will be necessary with automobile. (Extra employee.)

HOSPITAL DEPARTMENT.

BOSTON, December 17, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—In reply to your circular I herewith submit on behalf of the trustees the following estimates for maintenance of the Boston City Hospital for the coming fiscal year, amounting to \$498,500, which includes the new Burnham Building, opened on January 14, 1909.

The expenditures for the financial year of 1910-11 have been based on the expenditures of the previous year, but if the prices of supplies and commodities generally continue to advance the trustees may find it necessary to ask for a further allowance before the end of the fiscal year. The trustees have exercised constant care and oversight regarding the expenses, and are confident that the cost of maintenance will compare favorably with any modern hospital for the treatment of acute diseases. The steam heating plant is now in good working condition and it is hoped that during the coming year the expenditure for coal may be materially reduced.

The gross per capita cost of maintenance for the patients in all departments at the Boston City Hospital is \$10.85 per week, while the net per capita cost to the city, deducting the receipts for pay patients, for the financial year ending February 1, 1909, is \$7.77 per week.

The South Department has done efficient work in the treatment of diphtheria. The death rate for the last year from this disease, deducting patients who die within a few hours after admission, was 5.82, a much lower percentage than is reported in any other similar institution in this country.

The measles ward has been of very great assistance in diminishing the frequency of this disease in large institutions in the city. The trustees feel gratified that this ward has proved of so great benefit.

The Lamont G. Burnham Building has now been in operation for nearly a year. It has been productive of much good.

The X-Ray Department, to which allusion is made in the last report, has accomplished great and excellent results.

The total income from paying patients so far this year is \$76,885.93, as compared with \$76,982 for the same time the previous year.

In addition to the before-named amount asked for maintenance, the trustees desire to call your Honor's attention

to the need of a further sum of \$115,000. They invite your special consideration to the fact that the buildings at the hospital will require a great deal of repairs during the coming year, and therefore the matter has been gone over very carefully by the Board of Trustees, and they recommend an appropriation of the amount named for permanent repairs as follows:

The Convalescent Home will require painting and other repairs, which probably will cost about \$1,500. The importance of a well-equipped pathological laboratory it is impossible to overestimate. Three thousand dollars will be required for this purpose. The X-Ray Department, which in the past year has increased in efficiency and in appreciation by the public, will require a new coil, which will cost about \$1,000. The corridor from the surgical pavilion to Ward W will need to be relaid. It has been a source of constant annoyance for the past three or four years. This will probably cost about \$1,000.

The trustees further desire to call your attention to the fact that they have from time to time considered the question of protecting the hospital from loss by fire, and have installed a complete hydrant system, and equipped the buildings with fire extinguishers and also fire escapes.

The most important item, however, to be considered for the coming year is the need of fireproofing the surgical pavilion, medical pavilion and the administration building.

It must be borne in mind that these buildings were erected in 1864, when protection against fire was not so carefully considered as at the present time. It is necessary to render them as nearly fireproof as possible, and it will be necessary to put fire stops in the wards; replace wooden stairs with iron ones having slate treads; refinish stair wells, corridors, ceilings and stud partitions with metal lath and plaster; strip the furring from the brick walls in basement and refinish directly on the brickwork either with enamel paint or hard wall plaster; replace wood floor constructions in corridors with reinforced concrete, finished with asphalt or granolithic, and install metal-covered fire doors in iron frames at the foot of each stair well.

The trustees have obtained an approximate estimate, and there is no possible way by which the above-named buildings can be rendered safe without an expenditure of something like \$60,000 for fireproofing, including the sprinkler system.

This may seem a considerable outlay of money, but when the lives of sick individuals are taken into account the end justifies the means.

It may be said that no fire has occurred, which is perfectly true; it is true also that there are fire escapes; but a fire is

liable to break out at any time, and a patient ill with an attack of appendicitis is not in a condition to be carried to a fire escape in safety.

The newer wards are well protected and the trustees feel that they must make an urgent appeal to your Honor to have money appropriated for the purpose of putting the old wards into equally as safe condition. They earnestly hope that the amount will be granted.

It is most important that the power house should also be made fireproof, and for this purpose the trustees have obtained an estimate of \$20,000.

A further necessary expenditure must be anticipated in connection with the heating and power plant, where will be required new refrigerating apparatus and the installation of electric apparatus to take the place of the present extremely wasteful steam engines variously located throughout the hospital. Toward these improvements the trustees ask a special appropriation of \$30,000.

The following is a summary of the foregoing items:

Fireproofing of medical, surgical and administration buildings	\$60,000 00
Fireproofing of power house	20,000 00
For the pathological laboratory	3,000 00
X-Ray Department, new coil	1,000 00
Corridor from surgical pavilion to Ward W	1,000 00
For installation of new refrigerating apparatus, and electric apparatus to take place of present steam engines	30,000 00
Total	<u>\$115,000 00</u>
Adding to this the sum stated above required for maintenance as per tabular sheets herewith, viz.,	498,500 00
makes a complete total of	<u><u>\$613,500 00</u></u>

The trustees take this opportunity to say that the high standard of the hospital has been maintained throughout, and their thanks and appreciation are due to the staff for their voluntary services for the sick poor of Boston. Much credit also should be given to the officials, house officers and employees for the painstaking care they have rendered in the performance of their duties.

The trustees also desire to thank your Honor for the continued spirit of co-operation you have manifested toward them and the hospital.

Respectfully submitted, for the trustees,

A. SHUMAN,
President Board of Trustees.

CHILDREN'S INSTITUTIONS DEPARTMENT.

BOSTON, December 23, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—Inclosed you will find the estimates of the amounts needed for the three divisions of this department for the coming fiscal year, and also the figures requested of the amounts expended during the past three years.

For 1910-11 we have estimated as follows:

Placing Out and Office Division	\$110,000
Parental School	66,750
Suffolk School for Boys	48,380
Making a total of	\$225,130

Respectfully yours,

CHARLES P. PUTNAM,
Chairman.

COMPARISON OF AVERAGE POPULATION AND EXPENDITURES FOR THREE YEARS.

Suffolk School for Boys.

PER CAPITA EXPENDITURE FOR INMATES (based on average attendance):‡			
Per year.....	\$178 28	\$136 54	\$150 66
Per week.....	3 43	2 63	2 90
PER CAPITA COST FOR INMATES' SUBSISTENCE:			
Per year.....	39 47	40 77	46 55
Per week.....	75	78	90

* The excess in salaries in 1909-10 is caused by the change from monthly to weekly payments at House of Correction, \$6,630.78 being required for January, 1910, pay rolls.

† This item appears in annual report for 1908-09 as \$179,706.34, because of error of omission and addition of industry account.

‡ Per capita is established for 1909-10 by estimating gross expenses at \$226,090.03, the real figure, as change to weekly pay rolls put on 1909-10 account the sum of \$4,000 which otherwise would have been paid in 1910-11. Per capita is established by setting real institution expenses at \$226,090.03, arrived at by deducting industry account.

INSTITUTIONS REGISTRATION DEPARTMENT.

BOSTON, December 20, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—Seventeen thousand three hundred dollars estimated for the amount required for the pay roll for the years 1910-11 is estimated as follows:

The actual amount of the pay roll of the present force, eleven employees, amounts to \$13,100. Heretofore, the Institutions Registrar has served without compensation, but in the future \$3,000 should be appropriated for the payment of his salary. We have estimated \$600 as the amount proposed for increase in salaries, and we add \$600 which is about the amount we have to spend each year in small sums at different times for assistance in moving the sick. The total of these amounts makes \$17,300, the amount estimated as needed for the pay roll for the years 1910-11.

Respectfully,

WILLIAM P. FOWLER,

Institutions Registrar.

STEAMER "JOHN HOWARD."

Maintenance:

Salaries and wages	\$4,320 00
Repairs and all other expenses	2,680 00
	7,000 00

Estimated expenditures for 1910-11	<u>\$190,500 00</u>
--	---------------------

For the Boston Almshouse and Hospital, Long Island, and for the steamer "John Howard" substantially the same appropriations that were made for the year 1909-10, are requested for the year 1910-11, \$145,000 and \$7,000, respectively.

The expenditures at the Charlestown Almshouse during the past year have amounted to \$17,930.75, of which \$1,889.65 was for repairs and improvements. The trustees believe that, taking into consideration the age of the entire plant at Charlestown, no less than \$2,000 should be allowed for repairs and replacements as the necessity for extensive repairs is likely to occur at any time.

The expenditures under the pauper expense account cannot be controlled by the trustees and only an approximate figure can be given. Based upon the expenditures of the past year, it is estimated that \$10,800 will be sufficient to meet the demands made upon the department during the year 1910-11.

Respectfully submitted,

EDWARD M. GALLAGHER,
Chairman Boston Infirmary Trustees.

COMPARISON OF AVERAGE POPULATION AND EXPENDITURES FOR THREE YEARS.

Almshouse, Charlestown.

	1907-08.	1908-09.	Estimate, 1909-10.

Total.			\$42,495 00

¹ Now \$360 to \$420. Increase, \$420 to \$480 recommended. Maximum due March 3, June 2, August 1.

² Approximately one-half at each salary.

³ Maximum due April 1, July 1, August 1.

⁴ Maximum due February 1, October 1.

⁵ Maximum due August 1, September 1.

⁶ Maximum due October 1.

⁷ Estimate of salaries for 1910 is \$44,528, an increase of \$3,373 over actual amount paid in 1909, which was \$41,154.21.

The increases granted in 1909 (superintendent and resident physician) would account for a difference of \$700

Increases recommended for 1910 640

\$1,340

Positions which will possibly not be filled, but which are included in above list (one laundress, \$216; two ward maids, \$336; two nurses, \$240; one cook, \$360; one housemaid, \$216) \$1,368

Estimate allows for twelve months' service in each case, whereas there are usually vacancies for several weeks or months, which would account for the remaining difference of 665

2,033

\$3,373

It will be necessary to allow for an increase of \$1,340 only.

Assistant corporation counsel	2,200 00
Conveyancer	3,750 00
Conveyancer	3,750 00
Conveyancer	* 1,800 00
Secretary	2,000 00
Stenographer	1,200 00
Messenger	600 00
Two telephone boys	† 450 00
Extra assistant	‡ 3,000 00
	\$46,450 00
Increases suggested	350 00
	<u>\$46,800 00</u>

* Salary is low; will probably be increased \$300.

† Will probably be increased \$50.

‡ Increase in cases will require a new assistant. In case of an extra press of work by increased number of actions brought, and other new business, I deem it advisable to provide for such an emergency. This year \$2,500 was expended for extra assistance.

Office Expenses.

	Estimated Expenditures, 1910-11.
Printing	\$400 00
Postage	100 00
Stationery and books	700 00

LIBRARY DEPARTMENT.

BOSTON, December 27, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—In response to your circular letter, and in accordance with the ordinance, I beg to submit herewith estimates in detail for the maintenance of the Library Department for the ensuing year.

The estimates include the following unusual items for which provision should be made: \$5,600 for services upon the special rebinding and repair of books (in excess of ordinary current binding), required to repair and to put into proper condition a large number of volumes in the library upon which such work, owing to insufficient appropriations in the

past, had been deferred. This special rebinding was begun during the present year and should be continued until completed.

(2.) \$2,225 (included in the item "stock and equipment," printing department) required to meet a contract payment on a linotype machine purchased in 1907, which payment must be made in 1910.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by J. H. BENTON,
President.

CENTRAL LIBRARY.

PARK DEPARTMENT.

BOSTON, December 22, 1909.

ROBERT S. PEABODY, Esq.,

Chairman:

DEAR SIR,—With reference to the circular letter from Mayor Hibbard, hereto attached, requesting an estimate of the amount required by the Park Department for maintenance work for the fiscal year ending January 31, 1911, and stating that blanks would be furnished on which such return would be made, would say that the blanks call for very detailed information, which all the available office force is working upon now and which will be forwarded as soon as completed. In the meantime an estimate compiled on the old plan is submitted, which will serve to show the needs of the department for next year for maintenance purposes.

This shows, in the first column, the amount spent this year; the second column shows the amount required next year; the next shows the increase asked for, and the last for what purpose the increases are required. Road resurfacing forms a large item of the increase, being \$48,241. This work is getting further behind each year and presses for serious and immediate attention. \$52,650 is added for loaming and planting Commonwealth avenue extension, between Beacon street and Chestnut Hill avenue. While

this is properly a work of construction, it is included in the maintenance estimates, as it has been for two or three years past. \$6,500 for a pumping plant in the Fens may also be classed as construction work, but included here, as being much needed to provide for an urgent or hurry call for a change of the water of the Fens pond, in which there is now no circulation. Prince Street Playground, for which \$3,800 is asked, is in the same category, as also is the raising of Mystic Playground sea wall, \$1,000.

The remainder of the items of increase required are called for mainly by reason of playground extension and consequent maintenance requirements.

Respectfully,

J. A. PETTIGREW,
Superintendent.

POLICE DEPARTMENT.

BOSTON, January 8, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,— In compliance with the request contained in a circular from your office calling for an estimate of the probable expense of the Police Department for the fiscal year 1910-11, I beg to enclose herewith a full detail of the amount required to pay pensioned policemen and the expenses of the house of detention, station-house matrons, police-signal service and the work of listing male residents twenty years of age or more and verifying the names of women voters.

The estimates show that the total amount required is \$2,219,202.51, of which \$1,891,605.12 is to pay department pay rolls, \$135,472.50 is to pay pensions, \$24,844.17 is to pay for listing male residents, leaving \$167,280.72 for all other expenses.

The estimated income of the department for the coming financial year is \$59,016.66.

I have given the full detail customary with the Police Department, and I beg to assure you that any further information which you may desire as to particular points will be furnished willingly and with promptness.

Respectfully submitted,

STEPHEN O'MEARA,

Police Commissioner for the City of Boston.

BOSTON, January 8, 1910.

To the Honorable the City Council:

GENTLEMEN,— As Police Commissioner for the City of Boston I hereby make requisition on your honorable body as provided by section 8 of chapter 291 of the Acts of the year 1906, for the sum of \$2,219,202.51 to pay the expenses of the Police Department for the coming financial year. This amount includes the sums required for pensions, house of detention, station-house matrons, police-signal service and the listing of male residents of Boston twenty years of age or more and verifying the names of women voters.

It is estimated that the income of the Police Department for the coming financial year will be \$59,016.66 from the following sources:

For dog license fees	\$30,223 00
For miscellaneous license fees	21,491 25
For sale of unclaimed and condemned property	815 09
For sale of badges, maps, etc.	487 32
For police service to the Board of Health	6,000 00
Total	<u>\$59,016 66</u>

Respectfully submitted,

STEPHEN O'MEARA,

Police Commissioner for the City of Boston.

LICENSING BOARD.

BOSTON, December 22, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,—I am directed to enclose herewith the estimate of this department for the year 1910–11. In regard to the same would advise you as follows:

The board has provided for an increase in its estimate of salaries and wages as it feels it may require additional clerks over and above the number now employed.

It will require for new furniture, filing cases, travel, investigations and legal services a larger sum than it has hitherto had for the following reasons:

1. The furniture now in use was mainly taken from the Police Department on the separation of the departments. Part of this will have to be replaced when the board takes new quarters.

2. For the safety and storage of new and old documents additional cases will soon be required as those now in use are practically filled.

3. For carriage hire, automobiles, etc., to make investigations a larger sum may be needed.

4. The board has begun a series of investigations into all classes of licenses; these investigations will require a larger sum of money than has heretofore been available.

5. It may be necessary to employ special counsel to prosecute cases.

Very respectfully, for the Board,

LOUIS EPPLE, *Secretary.*

PRINTING DEPARTMENT.

CITY DOCUMENTS.

BOSTON, December 11, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—The estimate submitted, it should be borne in mind, is only meant to cover the normal printing expense for a year. During the year now closing the City Council ordered the printing of Finance Commission reports and other documents to the amount of about \$12,000, which created a deficit in the appropriation, provision for which had to be made by transfer a short while ago. If this experience is repeated in the year to come of course the above estimate of \$32,000 will not be sufficient.

Printing, stock and binding executive and city documents	<u>\$32,000</u>
--	-----------------

Revenue, none.

Very respectfully,

JAMES H. SMYTH,
Superintendent of Printing.

PRINTING PLANT.

The expenses of the operation of the printing plant are met from revenue from various departments for printing work.

* CITY COUNCIL PROCEEDINGS.

Stenographic reports	\$5,100
Compiling index	1,200
Printing	9,600
Binding minutes	175
	<u>\$16,075</u>
Revenue, none.	

* Total also carried in City Council appropriation.

PUBLIC BUILDINGS DEPARTMENT.*

BOSTON, December 30, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—I send you herewith my financial estimate for the fiscal year of 1910–11, for the maintenance of the several buildings in charge of this department.

I have included in this estimate the sum of thirty-five thousand (35,000) dollars, as an additional appropriation for the completion of the Curtis Hall building, the same being in addition to the fifty thousand which was lately transferred from the appropriation of this department to a special appropriation designated as Curtis Hall reconstruction of. This money will be required if the original scheme of installing a swimming pool, etc., is followed.

It is possible that a rearrangement of rooms now occupied by the Board of Aldermen or Common Council, at City Hall, will have to be made for the new City Council next year, but not knowing at this time what the requirements may be, I have not included any amount for said alterations.

Yours respectfully,

GEORGE W. MORRISON,
Superintendent of Public Buildings.

CARE OF CITY HALL.

BOSTON, February 2, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,—At a conference with Corporation Counsel, Mr. Thomas M. Babson, he advised me that beginning with February 7, 1910, the janitor service, cleaning, etc., of the City Hall building, which is now in charge of the City Messenger Department, would devolve upon the Public Buildings Department, and as I made no provision for the required expenditure for the same in my annual estimate recently submitted, I wish to advise you that the sum of sixteen thousand \$(16,000) dollars should be added to the estimate to care for the said additional expenditure, which is made up as follows:

SALARIES AND WAGES:

1 Chief janitor	\$1,300 00
1 Assistant chief janitor	900 00
7 Janitors at \$782	5,474 00
2 Elevator men at \$782	1,564 00

Carried forward \$9,238 00

<i>Brought forward</i>	\$9,238 00
1 Furniture polisher	782 00
1 Furniture polisher at \$3 a day	936 00
10 Floor washers at \$7 a week	3,640 00
9 Women (washing towels)	1,100 00

MISCELLANEOUS:

Care of awnings, cleaning carpets, etc.	304 00
	<u>\$16,000 00</u>

The Civil Service Commission have approved my request for the transfer from the City Messenger Department to this department of the thirteen janitors, elevator men and furniture polishers, they being included in the classified civil service.

Yours respectfully,

G. W. MORRISON,
Superintendent of Public Buildings.

STATISTICS DEPARTMENT.

BOSTON, December 17, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,—We beg to submit the following statement of estimated expenditures for this department for the year 1910-1911:

(a)	Salaries and wages	\$7,020 00
(b)	Other expenses	5,980 00
	Total	<u>\$13,000 00</u>

We ask also for an appropriation of \$15,000 additional to be used in a special study of cost accounting of the expenditures of the city.

The appropriation requisite for the publication of the *City Record*, is estimated by Mr. White, the editor of the *City Record*, at \$10,000.

Respectfully submitted for the Board.

F. SPENCER BALDWIN,

Chairman.

Net cost \$3,050 00

Under ordinance the revenue account is available towards
paper's maintenance.

Estimate for 1910-11 \$10,000 00

The apparent discrepancy between estimate 1910-1911 and
net cost of paper, as now run, can be explained as follows:

I have been able during the year to borrow the School

Committee proceedings in type and reprint them without any cost for composition.

I have also been able to "lift" the City Council proceedings in type without cost to *City Record*.

It is a question in my mind if this arrangement can be continued, and the amount is requested to cover emergency.

JAMES C. WHITE,
Editor.

STREET DEPARTMENT.

BOSTON, January 26, 1910.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

I respectfully transmit herewith estimate of the amount of money needed for the operation of the Street Department for the fiscal year 1910-11, if carried on under its present organization as five divisions, with a separate appropriation for Cambridge Bridges.

The total of the detailed estimates, as contained in appended sheets, is \$4,501,089.52, made up of the following amounts by divisions:

Central office, if conducted with the same force as for the past year	\$22,768 25
Ferry Division, if conducted with the same amount of service as for the past year	232,000 00

If, as I think advisable, provision is made for an additional boat to accommodate the increased teaming traffic of the ferry, \$12,000 should be added to this sum.

Highway Division, including former Paving and Bridge divisions and the amount for street improvements of \$662,500, which may be the subject either of a loan or of an appropriation from the tax levy	1,893,067 40
--	--------------

This amount is estimated on the basis of the needs of a list of streets herewith submitted, and may be reduced if thought desirable. I do not think that the total amount available should be less than the amount for the past year.

<i>Carried forward</i>	\$2,147,835 65
----------------------------------	----------------

<i>Brought forward</i>	\$2,147,835 65
Lamp Division, assuming that the division will be conducted on the contract basis as at present	742,873 99
Sanitary Division, including former Sanitary and Street Cleaning and Watering divisions, ...	1,282,109 43
This estimate is made on the assumption that the relative percentages done by contract and by day labor at the present time will be maintained. Some increases over the past year have been estimated, allowing for extensions of the street cleaning service and on account of the probability that a larger portion of refuse will have to be transported to sea, including some that was formerly disposed of upon inland dumps.	
Sewer Division, under present conditions	325,078 00
Cambridge Bridges	22,000 00
Total	<u>\$4,519,897 07</u>

Very respectfully,

GUY C. EMERSON,

Superintendent of Streets.

LOANS FOR SEWERAGE WORKS.

BOSTON, January 29, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

In the matter of loans for sewerage works for the ensuing year, in addition to the loan for separate system of drainage, as provided by chapter 383 of the Acts of 1903 and amendments thereto, which aggregated last year \$665,000, I recommend the passage of a loan for sewerage works, under the provisions of chapter 426 of the Acts of 1897, as amended by chapter 204 of the Acts of 1908, to the amount of \$450,000, the needs for which are approximately expressed in the detailed estimate of the Deputy Superintendent of the Sewer Division, herewith inclosed, which has my approval.

Very respectfully,

GUY C. EMERSON,
Superintendent of Streets.

BOSTON, January 29, 1910.

To the Superintendent of Streets:

SIR,—In answer to your request of the 28th instant I submit herewith a detailed estimate for a loan for sewerage works for the year 1910-11, to the amount of \$450,000, including a sum for the rebuilding of the intercepting sewer and a section of the Dorchester high level sewer:

Engineers' salaries	\$35,000 00
Engineers' expense	4,000 00
Office salaries	8,500 00
Sundries	2,000 00
Land-takings	7,000 00
New manholes	2,000 00
New catch-basins	10,000 00
Pumping Station improvements	20,000 00
Moon Island renewals	5,000 00
Beach street, between Atlantic avenue and Harrison avenue	41,000 00
Clinton street, Commercial street to the harbor, A street, between West First and Richards streets	54,000 00
Kemp street outlet	4,400 00
Marshfield street, between Cottage terrace and Batchelder streets	8,000 00
Winslow street, between Eustis and Palmer streets	700 00
Antrim street, between Bennington and Ash- ley streets	4,000 00
Geneva street, between Gove and Maverick streets, and outlet in Gove street	1,600 00
Lubec street, between Neptune avenue and Swift street, and outlet in Neptune avenue, between Frankfort and Lubec streets	18,000 00
Sewers in 323 streets and petitions	2,500 00
Saratoga street at Boardman and Ford streets, connection with low level sewer	80,000 00
Whitby street, between Ford street and a point 320 feet west	500 00
Dorchester high level sewer, section 5	1,400 00
East side interceptor, part of section 1	81,000 00
	60,000 00
	<u>\$450,600 00</u>

Say \$450,000.

Respectfully,

C. B. PRATT,
Deputy Superintendent.

STREET LAYING-OUT DEPARTMENT.

BOSTON, December 20, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,— In compliance with your circular letter relative to the budget for the fiscal year 1910–11, the board has the honor to submit the following estimates. The figures show an increase of \$16,374.16 over the appropriation for the fiscal year 1909–10, due to changes in the city charter, giving to this department additional and important duties. The amended charter, as you know, transfers to this department the present duties of the Board of Aldermen with respect to the planting and removal of trees, the issuing of permits for coasting, the storage of gasoline, oil and other inflammable substances and explosive compounds, for the location of conduits, poles and posts for telephone, telegraph, street railway and illuminating purposes, bay windows, coal holes, vaults, marquises, etc. This work will add materially to the expense of the department, and the estimates therefor are based on careful calculations.

Respectfully,

J. J. O'CALLAGHAN,

Secretary.

BOSTON, January 28, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,— Complying with your request of yesterday for a statement of the amount of money expended or authorized for the laying out of streets during the past three years I have the honor to submit the following:

For the municipal year 1907–08		\$113,348 65
For the municipal year 1908–09		120,419 50
For the municipal year 1909–10		429,292 88

These figures are mostly estimates as the actual cost of laying out streets cannot be determined until the work is completed. As a rule, however, the estimates and the actual cost run very closely together.

Very truly yours,

J. J. O'CALLAGHAN,

Secretary.

SUPPLY DEPARTMENT.

BOSTON, January 19, 1910.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,—Inclosed find table of expenses for Supply Department. In making up my estimate for the year 1910-11 I have included the cost of an automobile. I believe that greater efficiency can be secured by having a machine, enabling the head of the department to cover an immense amount of ground and work in a very short time. Under the present system the superintendent is obliged largely to depend upon street cars to get to the different yards and construction work when any complaint arises from materials not being up to the standard called for in the order.

Respectfully,

J. EDWARD MULLEN,
Superintendent of Supplies.

WATER DEPARTMENT.

BOSTON, December 21, 1909.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

DEAR SIR,— I submit herewith an estimate of the amount required to carry on the work of the Water Department during the next financial year, amounting to \$1,046,701.73. This amount includes the cost of constructing a tunnel at Warren Bridge (\$100,000); also the cost of laying a 24-inch main in East Boston to connect the present main feed pipes with the new main to be laid by the Metropolitan Water Board; also the cost of relaying 1,500 feet of 48-inch pipe in Beacon street, Brookline, and necessary improvements of fire service.

The estimated receipts of the department for the coming year amount to \$2,763,734.37.

I transmit herewith sheets furnished from your office, which are filled out as nearly as the conditions in this department will conform.

Yours very truly,

WILLIAM E. HANNAN,
Water Commissioner.

* The proposed increase for one laborer from \$940 to \$1,200 is recommended on account of his long service in the department, and his acquired expert knowledge of heavy scales, which is of great value to this department, particularly on corporation work, which is of the nature of adjusting scales of a capacity of from 50 to 100 tons, whereby I have in the past two years increased the revenue of this department very materially through adjustments in this class of scales.

COUNTY BUILDINGS.

BOSTON, December 30, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

SIR,— I send you herewith my estimate for the fiscal year 1910–11 (amounting to \$54,000) for the maintenance of the several district courthouse buildings, offices of the Land Court and Medical Examiners, also for repairs, alterations, furnishings, fuel, lighting and supplies for the Courthouse, Pemberton square.

Included in this estimate is an amount of \$26,950, which has been submitted to me by Sheriff Fred H. Seavey, custodian of the Courthouse, Pemberton square, and he advises me that this amount is not to be considered as final, for the reason that if additional courtroom offices provided for in the addition now being made to the Courthouse are ready for occupancy during the year additional appropriation will be required.

Yours respectfully,

G. W. MORRISON,

Superintendent of Public Buildings.

SUFFOLK COUNTY COURTHOUSE.

BOSTON, December 15, 1909.

J. ALFRED MITCHELL, Esq.,

Auditor of the County of Suffolk:

SIR,—The estimated amount of money deemed necessary for the care of the Courthouse in Suffolk County and keeping the same in proper condition and for removing the ashes and snow during the financial year commencing February 1, 1910, and ending January 31, 1911, will be as follows, viz.:

Salaries and wages	\$29,000 00
Floor washing and cleaning	3,800 00
Window cleaning and jobbing labor	1,000 00
Laundry work	400 00
Removing ashes and snow	350 00
Telephone exchange	1,600 00
New carpets, cleaning and repairing	700 00
Cleaning woodwork, walls and ceilings of offices and corridors	1,200 00
Total	<u>\$38,050 00</u>

NOTE.—Should the court rooms and offices provided for in the addition being made to the Courthouse be ready for occupancy during the year, additional appropriations for the several items will be required.

Respectfully submitted,

FRED H. SEAVEY,
Custodian.

	<u>\$23,700 00</u>

Respectfully submitted,

FRED H. SEAVEY,
Sheriff and Keeper of Suffolk County Jail.

SUPREME JUDICIAL COURT.

Boston, December 10, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,—In regard to the estimate for expenses for auditors and masters, jurors and stenographers, it is almost impossible to make such with any degree of certainty, as it depends entirely upon the nature of the business before the court. I am informed by Mr. Mitchell, the auditor, that heretofore no specific appropriation has been made for this department for such expenses, but instead it has been included in a general appropriation for the county expenses. If each county office is to be held within a limited appropriation it will be necessary to make the amount considerably larger than the amounts expended in previous years, because longer sessions of the court sitting with juries and a few more cases sent to masters would cause a deficit. My figures have been carefully considered, though I hope that the expenses may not exceed that of former years.

The appropriation for extra clerical assistance for this department for the present year was \$8,300. I have attached hereto a list of the employees of this office, showing length of service and present salary. As will be seen, eight clerks

now receive less than fifty dollars per month, which, considering the character of their work and the terms of service, is a wholly inadequate compensation, especially when compared with that received by employees in other departments requiring the same degree of capability. I have asked for an additional sum of \$700 for the purpose of making increases in these salaries, which I respectfully ask may be considered in making appropriations.

Very truly yours,

WALTER F. FREDERICK,
Clerk.

SUPERIOR COURT, CRIMINAL SESSION.**DISTRICT ATTORNEY.**

BOSTON, December 22, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,— In reply to your request to submit estimates for the year 1910-11 would say that in the Auditor's report for 1908-09 the expenses of five offices are included under the expenses of the Superior Criminal Court, namely:

1. Clerk's department.
2. District Attorney.
3. Court stenographer.
4. Probation officers.
5. Court officers.

Owing to the uncertainty of the number of the entries of criminal cases, the numbers of trials and the expenses attending them, it is impossible to make any satisfactory estimate of expenses for the coming year for the following items, namely:

1. The pay for jurors; their jury meals.
2. Witnesses.
3. Extra compensation for stenographers and experts.
4. Money expended for extradition of prisoners.
5. Counsel fees in capital cases.

I can only give you the amount paid the past year, to give any idea of the probable outlay for next year for the District Attorney's office, exclusive of the clerk's office and the Court:

	Expenditures, 1909-10.	Estimated Expenditures, 1910-11.
Stenographers.....	\$10,107 00	\$5,000 00
Traveling expenses of officers.....	13,000 00	6,500 00
Experts.....	4,364 00	4,500 00
Examination of jury list.....		300 00
Deputy sheriffs, service of civil writs.....	330 00	300 00
Special counsel.....	1,332 00	1,000 00
Salary of stenographer.....	1,200 00	1,200 00
Salary of messenger.....	1,200 00	1,200 00
Salary of telephone operator.....	540 00	540 00
Telephone rentals, toll charges, messenger service, postage and sundries.....	500 00	500 00
Totals	\$32,573 00	\$21,040 00

Very truly yours,

J. C. PELLETIER,
District Attorney.

SUMMARY.

Clerks, probation officers, court officers, etc.	\$146,599 00
District Attorney's office	21,040 00
	<u>\$167,639 00</u>

REGISTRY OF PROBATE.

BOSTON, December 14, 1909.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

DEAR SIR,—I beg to acknowledge the receipt of your circular letter, relative to the estimates of the expenses of the Registry of Probate for the fiscal year 1910–11.

I transmit herewith the detailed statement which you have requested. The estimate for the fiscal year 1910–11 is based on present actual and necessary expenditures and cannot be reduced without seriously impairing the efficiency of the office. I have included in the estimate, expenses which are not incurred by this office, and the salaries of the court officer and court messenger, not under the jurisdiction of this office. This has been done with the knowledge that it is essential that you should have this information for the purpose of determining the tax levy.

In the matter of the appropriation for clerical expenses, I take the liberty of calling your attention to the fact that the same must be made by a specific order of the City Council of 1910–11, as the successors of the Board of Aldermen as County Commissioners. As the City of Boston is required by statute to pay the sum of seven thousand dollars per annum for clerical assistance, it is not necessary for the County Commissioners to vote the entire amount which is expended by this office for the same. In the past year, after rescinding all orders previously passed by the County Commissioners, and thoroughly investigating the necessities of this office, the Board of Aldermen, as County Commissioners, passed a vote authorizing the expenditure of fifteen thousand dollars per annum during the year 1909–10 for clerical assistance. In order, therefore, to meet the expenses for clerical assistance for the year 1910–11, I respectfully request that the City Council of 1910–11, as County Commissioners, pass an order appropriating \$15,440 for that purpose.

Yours very respectfully,

ARTHUR W. DOLAN,
Register.

MUNICIPAL COURT, CIVIL SESSION (CLERK'S OFFICE).

BOSTON, December 16, 1909.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

SIR,— I inclose with this the list of persons employed in this office, and their respective salaries. It is difficult to estimate on the printing, stationery, etc., as the business of the court may increase out of proportion to former years. The expenditure for the years 1908 and 1909 was larger than usual because of the installing of a card index system.

Very truly yours,

ORSINO G. SLEEPER,
Clerk.

Salaries and Wages.

BOSTON, December 9, 1909.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

DEAR SIR,—The salaries of the clerk and assistants are fixed by legislative enactment.

Clerk	\$3,500 per year.
First assistant clerk	2,500 per year.
Second assistant clerk	2,000 per year.
Third assistant clerk	1,800 per year.
Fourth, fifth and sixth assistant clerks.	1,600 per year, each.
One copyist in charge of records of released drunks	1,200 per year.

The Clerk is also allowed \$2,500 per year for clerical assistance. Under this provision, one assistant is employed at \$1,200 per year and one at \$800 per year. As the latter has become proficient in his duties, it is intended to give him a small increase from and after January first.

It would be difficult for me to make a comparative list of salaries and expenses for previous years, because the data and original bills are all on file in the office of the County Auditor.

The estimation of expenditures for printing depends upon the number of cases in court during the year. As the business increases, more blanks and forms are required. New laws, such as the automobile laws, those in relation to street traffic, etc., required many new forms. These and other expenses cannot be estimated with any degree of accuracy, because it

is impossible to tell how many cases may be entered, arrests may be made, the number of witnesses that will be summoned, or what other expense may attend the trial of cases. There may be an increase or a decrease. Which it will be nobody can foretell.

The future revenue is uncertain, but it will be observed that the increase has averaged about ten thousand dollars annually during the past three years. The blanks, I have filled out so far as I can with the material at hand, but all of the items I believe can be obtained of the County Auditor.

Respectfully yours,

FRED C. INGALLS,
Clerk.

MR. J. ALFRED MITCHELL,
City Auditor, City Hall, Boston, Mass.:

DEAR SIR.—Supplementary to the estimates of expenditures for the coming year in connection with this court, I desire to add an item of \$8,800, being the amount necessary for maintenance of prison vans for transportation of prisoners from this court to the various places of detention or confinement.

Very truly yours,

WILFRED BOLSTER,
Chief Justice.

MUNICIPAL COURT, CRIMINAL SESSION.

* Estimated in part.

The court room is heated, lighted and taken care of by Public Buildings Department.

The old van for conveyance of prisoners belongs to Police Department. It is so unsafe that it is no longer used, and would cost too much to repair, and then would not be a useful vehicle even if repaired.

EDWARD W. BREWER, *Clerk.*

REGISTRY OF DEEDS.

BOSTON, December 15, 1909.

HON. GEORGE A. HIBBARD,

Mayor of the City of Boston:

DEAR SIR,— In reply to your circular letter, I send you herewith estimates of the probable expenses of Suffolk Registry of Deeds for the fiscal year 1910-11. These estimates do not include the work of consolidation of indexes, which, under the statute, is under the control of the Index Commissioners, although in the Auditor's Report each year the expenditures for this work are included under the head of Registry of Deeds and charged to "Charles A. Drew, Indexing." Estimates for the probable expenses of this work for the ensuing year you should obtain from the Index Commissioners, of which Alfred Hemenway, Esq., is chairman.

Yours truly,

WILLIAM T. A. FITZGERALD,

Register.

INDEX COMMISSIONERS.

BOSTON, February 1, 1910.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

SIR,—In compliance with chapter 271, Acts of 1909, and in behalf of the Index Commissioners, I beg to furnish you with the following estimate of the expenses and prospective expenditures for the coming year.

First I will say that the expenses in past years have been:

Year.	Amount.
1906	*\$9,403 99
1907	* 9,300 28
1908	* 9,064 25
1909	† 9,356 91

No change is contemplated in this department, and the best estimate for the ensuing year is \$9,300, adding \$150 for stationery. The final total estimate is \$9,450.

None of this is expense of offices — there is no expense for offices. It is for writing, copying, reading, comparing, verifying, preparing the work, etc. A large part of the work is piecework. Any further information will be given upon request.

INDEX COMMISSIONERS,

By CHARLES A. DREW.

* Stationery not included.

† Including stationery.

Total for Registry of Deeds, including Index Commissioners	\$62,450 00
--	-------------

INSANITY CASES.

	Expenditures, 1906.	Expenditures, 1907.	Expenditures, 1908.	Expenditures, 1909-10.	Estimated Expenditures, 1910-11.
Expenses	\$18,170 10	\$19,657 64	\$22,020 68	\$22,083 00	\$23,000 00

LAND COURT.

BOSTON, January 25, 1910.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

DEAR SIR,— Someone left here to-day a blank for estimated department expenses for the coming year. Most of the items would be inapplicable to the Land Court, as the expenses are largely paid by the Commonwealth. The County of Suffolk is required to furnish quarters for the sitting of the court and for the Land Registration Office quarters. These expenses would practically all be embraced in: (1) Rent, payable to the trustees of the Pemberton Building, the amount of which will be shown from the City Auditor's books; (2) Telephone charges, which would be likewise shown; (3) J. L. Fairbanks & Co.'s monthly bills, amounting last year to \$1,232; and (4) the city printer's bills, amounting last year to \$515.

The city expenses for the coming year I should estimate to be substantially the same as last year.

Respectfully submitted,

C. C. SMITH, *Recorder.*

MEDICAL EXAMINER SUFFOLK COUNTY (NORTHERN DISTRICT).

MEDICAL EXAMINER (SOUTHERN DISTRICT).

February 1, 1910.

HON. GEORGE A. HIBBARD,
Mayor of the City of Boston:

Former estimates are difficult as no permanent office has ever been established. The medical examiner's salary and an indefinite sum for autopsy witnesses are allowed by chapter 24 of the Revised Laws. The sum of \$5,000 for other expenses was allowed by statute of 1908. In these estimates are included the medical examiner's salary of \$4,000, the sum of \$1,500 for autopsy witnesses, and in the extra \$5,000 is considered a first cost of \$1,600 for an automobile, included in transportation.

LIST OF REQUESTS FOR LOCAL IMPROVEMENTS.

OFFICE OF THE CITY CLERK, February 28, 1910.

The following is a synopsis, prepared by the official stenographer, of the various requests for local improvements submitted to the Mayor and City Council at the meetings held in the various districts of the city on February 8 to 17, inclusive.

JOHN T. PRIEST,
City Clerk.

EAST BOSTON.

(February 8, 1910.)

EAST BOSTON IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. FRANK C. WOOD.)

1. New Meridian Street Bridge to Chelsea.
2. Additional appropriation for site of new municipal building.
3. Continuation of time of running boat at North Ferry for teaming from 6 p. m. to 7 p. m.
4. Lay out Prescott street to Wood Island Park.
5. Playground in Chapman School district.
6. Playground in Lyman School district.
7. Continue Condor street to connect with Shelby street at foot of Lexington.
8. Footbridge from Cowper street to point near Wood Island Park.
9. Resolution asking that contracts made hereafter be let, as far as possible, to residents of Boston, and that the contractors be obliged to live up to same.
10. Remove fence at Devonshire street entrance to Washington Street Subway, so that the East Boston people can get north without payment of another fare.
11. Electrify steam roads coming into Boston.

(By Mr. GIBLIN.)

12. Public use of gymnasium and baths in High School building.
13. New courthouse.
14. Better water supply.
15. Site for girls' high school and public park.

CITIZENS TRADE ASSOCIATION REQUESTS.

(Presented by Mr. JAMES E. MAGUIRE.)

1. Remove fence at Devonshire Street Station.
2. That ferries be considered the same as highways and bridges, and not as money-making institutions.
3. Boulevard assessment unjust.
4. Proposition to plant trees and remove telegraph poles at space along edge of boulevard.
5. Repairs of streets possibly required in Orient Heights section; general condition of streets good.
6. More sewers at Orient Heights.
7. Correct bad condition of Chelsea creek.
8. Urge Boston & Albany Railroad to make railroad connections with Commonwealth dock proposition.
9. Have Meridian Street Bridge high enough to avoid grade crossing.
10. Have Boston & Albany Railroad build on private land and avoid grade crossing.
11. Get location for proposed new courthouse and have sightly plans for same.
12. Proposed Boston & Eastern Railroad location and stations referred to.
13. Crystalize through City Council complaints against public service corporations.

(Presented by Mr. NORMAN E. McNAUGHTON.)

Blue print showing proposed development of flats.

ORIENT HEIGHTS IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. ALFRED J. BEATON.)

1. Resurface boulevard from Saratoga street to the bridge.
2. Fix up Gladstone, Antrim, Boardman and Leyden streets.
3. Afford better fire protection to Orient Heights.
4. Remove fence at Devonshire Street Station.

FIRST SECTION REQUESTS.

(Presented by Hon. WILLIAM J. DONOVAN.)

1. Afford better fire protection to First Section through larger water mains.
2. Also consider enlarged use of ferries in relation to fire protection and otherwise.

REV. CHARLES A. JACKSON.

1. New courthouse and police station.
2. Open schoolhouses at night for children's study.
3. Consider means to prevent tuberculosis in tenement sections.

MR. JOSEPH J. MURLEY.

1. Remove fence at Devonshire Street Station.
2. Afford better street railway facilities for getting to Wood Island Park and have a new gymnasium building in the park.
3. Construct new Meridian Street Bridge.
4. Improve streets, particularly at Orient Heights.

MR. HORACE B. BUTLER.

Improve ferry, especially considering desirability of new single terminal on East Boston side, plans for which have been previously suggested.

REPRESENTATIVE THEODORE SORENSON.

1. Remove fence at Devonshire Street Station.
2. Consider some way of mitigating exorbitant boulevard assessments.
3. Provide ambulance for Relief Station (if not already provided; it has not been in evidence).
4. Abolish Orient Heights grade crossing.

MR. JAMES E. FITZGERALD.

1. Free ferries desirable.
2. Have one or more public landings where people will have access to the water front.
3. Consider advisability of cleaning streets by flushing or something of the sort.
4. Location for new courthouse suggested by East Boston Improvement Association (near Columbia Trust Company, owned by Mrs. Sullivan Trust Estate) a good one.
5. Have better system of collecting refuse.

MR. MICHAEL J. CUNNINGHAM.

Have public dumps on marsh lands.

MR. JOHN BRANT.

Indorses Mr. Cunningham's suggestions.

REPRESENTATIVE MICHAEL J. BROPHY.

Favors new police station and courthouse; settees in playground, First District; public landing.

MR. FRANK A. GOODWIN.

1. Improve ball ground at Wood Island Park from Parkman Fund.
2. Help along bill of \$90,000 before Legislature for additional (metropolitan) water supply.

MR. VINCENZO BONZAGNI.

Provide better access to Wood Island Park.

MR. GEORGE MURPHY.

Provide better system for collecting garbage and ashes; maternity ward for relief hospital; more policemen and firemen; more up-to-date books for the public library.

DISCUSSION AS TO RELATIVE MERITS OF OIL AND WATER ON STREETS.

For Water.—Mr. Dennis A. O'Neil and Mr. John S. Murphy.

For Oil.—Mr. Logan A. McLean.

Mr. James E. Fitzgerald simply thought if oil was to be used certain of the boulevards should have a soft place for light travel set aside. Mr. Henry F. Howard suggested that the streets might be more thoroughly cleaned before the oil was applied, and Mr. Joseph J. Murley raised a question as to whether a better grade of oil could be obtained. Mr. Guy C. Emerson, Superintendent of Streets, stated that where canvasses had been made all over the city in practically all cases the people had favored the use of the oil, adding that it made no difference to his department whether oil or water was used. The department simply wished to please the people.

After passing a vote of thanks to the Mayor and City Council, the meeting adjourned at 10.30 o'clock p. m.

DORCHESTER.

(February 9, 1910.)

HARVARD IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Messrs. THOMAS C. BACHELDER, WILLIAM D. McKISSICK and ALPHEUS SANFORD.)

1. Accept Greenwood street, between Harvard and Elmo streets; assessed valuation, \$249,300, and in addition homestead of Mr. Greenwood, assessed, \$21,400. Estimated cost, \$8,400.

2. Accept Wales street, between Harvard street and Talbot avenue, a distance of about 535 feet.

3. Accept Kingsdale street, between Wales street and Talbot avenue, a distance of about 290 feet. The lower end of this street was recently, (September 15, 1909) extended and accepted as far as proposed Wales street extension.

4. Continuous granolithic or brick sidewalk on entire length of Harvard street, from Washington street to Blue Hill avenue.

5. Resurface and put into first class order Harvard street, especially between Blue Hill avenue and Harvard Street Bridge.

6. Resurface and put into first-class order Talbot avenue, especially between Blue Hill avenue and railroad bridge.

7. Better protection against fire. We have now steam fire engine at Harvard street, near Washington street, and a ladder house on Washington street, near Grove Hall. These are from one-half to one mile away from our district, which is now completely covered with wooden buildings.

8. Open for uses intended the locker building on Franklin Field.

ASHMONT IMPROVEMENT ASSOCIATION REQUESTS.

(Mr. MICHAEL B. MARTIN, *President*.)

1. Fix up Welles avenue.

2. Have evening high school for Dorchester.

3. Allow general use of the high school gymnasium by young men of the district.

4. Take care of the ashes in the Dorchester district in a better way.

5. Have city yard in neighborhood of Tenean Beach (Mr. Hunt being willing to dispose of land to the city "at its own price").

SAVIN HILL IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Dr. M. F. ROGERS, *Chairman*, and Mr. WILLIAM SMITH, Jr.)

1. Extend Rockland avenue to Savin Hill avenue; a straight approach to the park; land not yet built upon; means of reaching top of hill in case of fire; in winter time Grampian way is impassable for many days.

2. Playground.—Grade, so that the boys may use it; apparatus for play; shelter for women and children. This playground draws from all of North Dorchester; women bring babies in summer; no place for shelter from sun or rain; entrance to playground could be greatly improved at small expense.

3. Reforest the Park.—Brush and dead wood having being cut off, the hill now presents a bare and barren appearance; should have trees planted and walks graded.

Mr. Smith suggested bath house building for boys.

(Presented by Mr. F. W. MERRICK.)

Electrify steam roads as the only means of obviating congestion.

LOWER MILLS CITIZENS ASSOCIATION REQUESTS.

(Presented by Mr. ALBERT P. HAUCK.)

1. Sidewalks.
2. Widen streets (River, Morton, Washington).
3. Boulevard, after widening of River street, to connect with Blue Hill avenue, and also playground, baseball field and open-air gymnasium on the side.
4. Bridge at Medway street; Fire Department afraid to cross present bridge.
5. Transportation from Lower Mills into tunnel on Washington street.
6. Catch-basins.
7. Grade streets that need grading.
8. Sidewalks.
9. Public bath house.
10. Post office.

MEETING HOUSE HILL ASSOCIATION REQUESTS.

(Presented by Messrs. RICHARD E. JOHNSON and CHARLES LOGUE.)

1. Dorchester subway.
 2. Mt. Ida playground.
 3. Convenience stations.
 4. New engine house (Ladder 7 and Engine 17 being poorly housed).
 5. Garbage and ashes — abolition of contract system.
 6. Sanitary department for Dorchester.
 7. Coleman street — acceptance, laying out and construction from Hendry to Quincy streets.
 8. Geneva avenue — push work at earliest opportunity.
 9. Hamilton street extension, easterly side of Bowdoin street, extending to Ditson street, giving direct approach to and from Field's Corner.
 10. Holliday street — acceptance, laying out and construction from Topliff street to Bowdoin street, every lot upon this street being built upon.
 11. Homes avenue — acceptance and construction.
 12. Levant street — acceptance from Topliff street to Geneva avenue.
 13. Street cleaning — should be done at regular periods, not hazardous "or in response to vigorous kicks from an indignant public."
 14. New primary school, vicinity of Quincy street and Columbia road.
- Mr. Logue laid considerable stress on the Mt. Ida playground and employment of citizens in collection of garbage until the Sanitary Division is established.

OLD COLONY AVENUE ASSOCIATION REQUESTS.

(Presented by Mr. JAMES H. STARK.)

Act as soon as possible in regard to Old Colony avenue.

NEPONSET IMPROVEMENT ASSOCIATION REQUEST.

(Presented by Mr. JAMES H. FLANAGAN.)

1. Enlarge bath house, Tenean Beach (now moved by storm), and provide fresh water at bath house for drinking and shower bath purposes.
2. Place sand on Tenean Beach.
3. Improve surface of baseball field.
4. Place few loads of dirt in school yard.
5. Change present system of collecting garbage.

HARRISON SQUARE IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. LOUIS M. CLARK.)

1. Bill before the Legislature now to prevent elevation of New York, New Haven & Hartford Railroad tracks through district; want Mayor and City Council to support the object of that bill.

2. Have a better system of collecting garbage.
3. Electrify the steam roads.
4. Put through Old Colony boulevard which, with cars running through the center, will serve the purposes of a subway and be much less expensive.

Mr. Clark said he could not present the needs of the district in detail at this hearing, but asked for another one.

NORTH DORCHESTER IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Representative KELLY.)

1. Put McKenzie Beach Bath House in sanitary condition and have more fresh water there.
2. New street south side Columbia road, from Buttonwood street to Crescent avenue, giving people a chance to ride on the New York, New Haven & Hartford Railroad trains, avoiding congestion on street cars.
3. Improved system of collecting ashes and garbage.

WEST DORCHESTER IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. H. G. SMITH.)

1. Improve hospital service in Dorchester.
2. Fix up Masters street, where there is a pool that causes a nuisance.

UNITED IMPROVEMENT LEAGUE REQUESTS.

(Presented by Judge MICHAEL H. SULLIVAN, *President*.)

1. More rigid building inspection.
2. A better system of removing garbage and ashes.
3. Inspection of the garbage receptacles.
4. More fire apparatus, perhaps somewhere about Glenway street.
5. New method of celebrating June 17 and Fourth of July, perhaps by pageant.

LOCKER BUILDING, FRANKLIN FIELD.

(Referred to by HARVARD IMPROVEMENT ASSOCIATION.)

Mayor Fitzgerald asked the reason why the building had not been opened for use, and Mr. J. C. Clark, president of the Harvard Improvement Association, said the excuse was there was not sufficient money.

Mr. Joseph A. Cahalan said he had found upon investigation that the locker building was practically ready for occupancy, except for the concreting of the basement. In connection with the locker building Mr. Cahalan also suggested an outdoor gymnasium at Franklin Field.

Mr. JOHN H. CASEY (Letter).

Favors Wales street extension.

Mr. P. F. BURKE.

1. Denounced present contract system of removing ashes and garbage.
2. Favored more sidewalks. Compel owners to put sidewalks in front of vacant property. Mr. Burke thinks the law to that end is now sufficient.

Mr. CORNELIUS J. DESMOND.

1. Have Norfolk street done, commencing at Codman square and running out to Mattapan square.
2. Fix Mascot street. (Mr. Desmond here presented a petition of the property owners, citizens and residents upon Mascot street, Ward 24, Precinct 9, for the laying out and construction of Mascot street, from Norfolk street to Mountain avenue, as a public way.)

3. Favored oiling the streets — "because you won't be troubled by mosquitoes when that oil is around."

4. Criticised method of cleaning certain streets — not cleaned often enough.

5. Doesn't like present method of collecting ashes or garbage, and thinks that at least citizens, men who talk English, should be employed, and should get decent wages.

6. In contracts on streets information should be accessible, so that citizens may know what they are getting.

7. All new sidewalks should be granolithic, and as much attention should be paid to condition of sidewalks as of the middle of the streets.

8. Condition of streets and sidewalks should be kept up; otherwise property depreciates in value.

9. Have a bigger tax rate, \$20 if necessary, and make the fellows who ought to pay, pay.

10. Do away with "private ways."

MR. J. MITCHEL GALVIN.

1. Electrify the suburban steam railroads.

2. Accept and fix up Southern avenue, where the John Greenleaf Whittier School is.

MR. CHARLES A. UFFORD.

Mr. Ufford stated that he had introduced the following bills in the Legislature:

House Bill 48, accompanying petition of Charles A. Ufford for legislation to provide for improving passenger and freight transportation in the cities of Boston and Quincy and the towns of Milton and Hyde Park.

House Bill 49, accompanying petition of Mr. Ufford for legislation to provide for improving passenger and freight transportation in the cities of Boston and Quincy and the towns of Milton and Hyde Park.

These bills have been referred to the Committee on Metropolitan Affairs, and Mr. Ufford said he would like the help in the matter of the Mayor and City Council.

MR. D. J. COSTELLO.

New bridge over Medway street, Neponset, in interest of proper fire protection.

MR. CHARLES W. BROWN.

1. Remove at once and burn brown-tail moth webs from trees and shrubs.

2. Lay sidewalks, especially on following streets: Harvard street, from Washington street to Blue Hill avenue, both sides; Waterlow street, both sides; Millet street, Talbot avenue to Athelwold street, both sides; Talbot avenue, Washington street to the railroad bridge; Washington street, Park street to Grove Hall, both sides; Algonquin street, both sides; School street, east side (order signed during Mayor Fitzgerald's last term); Athelwold street, both sides.

3. Gas lights needed on following dark streets: Faxon street, Washington street to Carmen street, private way used as public thoroughfare; Kilton street, from brick block to wooden dwelling houses, from Washington street to Harvard street (order passed for same several years ago, should be in Lamp Department).

4. Accept and construct Kilton street, from Park street to Talbot avenue. (Petition in Street Commissioners' office several years.)

5. Shelters for skaters, properly heated in winter, along Talbot avenue and the Speedway on Franklin Field; field should also be suitably lighted in winter and properly policed at all times.

6. Police and Fire Departments should co-operate so that one or two policemen shall always be on duty at each fire engine house in suburban sections, subject to emergency calls.

7. Make provision for removal of garden rakings during summer months.

8. Establish sanitary service to keep streets in respectable condition.

DR. W. D. FULLER.

Lay out Harvard avenue.

MR. A. J. GERRY.

Oil streets more extensively, as a sanitary measure.

MR. P. J. McDONALD.

1. Make Chelsea, Revere and Winthrop pay their share of the county tax.

2. Attend to Neponset Bridge, for which Quincy and the towns south of us should pay their proportionate part of cost of building and maintenance.

3. Playground near Hancock street and Upham's Corner.

MR. TREFRY.

Fix up Ballou avenue.

MR. JOHN DALY.

Fix up playground at Field's Corner.

MR. SCANNELL.

1. Highway conditions in Mattapan district poor; calling attention especially to Norfolk street and West Selden street, which latter should be made a thoroughfare.

2. Called attention to cars standing in line from Norfolk Street Bridge to Blue Hill avenue.

It was decided, at suggestion of Mayor Fitzgerald, that a meeting be held later at which the formation of a large general Dorchester Association should be considered, for the interests of the whole section.

On motion of Judge Sullivan a unanimous rising vote of thanks to the Mayor and the City Council was passed.

Adjourned at eleven o'clock p. m.

Councilor Collins, subsequent to the hearing, presented the following request of Mr. Patrick A. Kearns of Ward 20:

Resurface Quincy street, between Blue Hill avenue and Columbia road; should put in telford base.

CHARLESTOWN.

(February 10, 1910.)

CHARLESTOWN IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. AUGUSTUS A. FALF, Rev. JOHN W. McMAHON, Rev. PHILO W. SPRAGUE and Mr. PATRICK J. KYLE.)

1. Playground, Ward 5.

2. Library (Rev. Mr. Sprague favoring a large central building and Father McMahon small distributed buildings).

3. New municipal building. (Consensus of opinion among all speakers of the evening that it should be a new building rather than the old building remodeled; that it would not be much more expensive and would be much better in every way, and that the building should contain baths, police and court accommodations, etc.)

COUNCILOR WILLIAM F. MURRAY.

Favored new municipal building in Monument square, companion building to high school, which should contain baths, library, police and court accommodations; also playground for Ward 5.

SENATOR RICHARD S. TEELING.

1. Generally supported recommendations of the Improvement Association, and considered that perhaps the most important thing this year was an all-the-year-around bath in each ward.

2. Properly equip the playgrounds Charlestown already has and fix up Dewey Beach.

HON. ARTHUR HARRINGTON.

1. Favored the recommendations of the Improvement Association for playground and municipal building, and believed the library accommodations should be provided at once so that other things could then be started, as the library requests had "jammed" everything. Believed in separate libraries.

2. Replace present asphalt surface in front of St. Mary's Church with wood block paving. Will cost \$1,700, \$270 of the amount to be charged to the Boston Elevated Railway.

3. In matter of oiling or watering streets claimed that a request made on the Superintendent of Streets last year for a canvass of the citizens' wishes had been ignored.

4. Provide all-the-year-around bath house and gymnasium.

BROADER USE OF SCHOOL BUILDINGS.

Mayor Fitzgerald suggested that, the city having such expensive buildings as this and other high schools, in the interests of the public it might be well to have a broader use of them, as they were unoccupied, practically, a large part of the time; and later in the evening, at suggestion of the Mayor, a vote was passed that at times in the future, under proper regulations and after conference with the School Committee, there be public meetings in the hall of the Charlestown High School to consider matters affecting the interests of the district, at which perhaps the councilmen from the district might preside and at which all citizens interested in the welfare of the community would be invited to be present. It was voted to hold the first such meeting, if possible, on the first Thursday of March.

It was also voted, at the Mayor's suggestion, on motion of Dr. Francis P. Silva, by almost unanimous vote, that an attempt be made to have the gymnasium and baths in the building open to the general public at proper times and under such proper regulations as the School Committee might provide. (A Mr. Reardon said he thought the accommodations were too small.)

HON. DAVID B. SHAW.

1. Seconded the recommendations of the Improvement Association.

2. All-the-year baths and gymnasium.

3. Hospital and relief accommodations.

4. Pave Medford street, which is in deplorable condition.

5. Fix sewers at Park, Henley and Warren streets section, they being in deplorable condition.

6. Deplored loss of beautiful trees that used to be on the monument grounds; referred to the desirability of planting trees as conducive to health, and quoted a suggestion of Mr. Olmsted, that the most attractive thing that could be done for the approach to Charlestown would be to plant trees from City square to the monument and care for them.

7. Mystic Playground should be enlarged, as was promised and not done years ago, and there should be a permanent floating bath in that vicinity.

8. There is already a good deal of money available in loans and appropriations for Charlestown improvements, although some has been taken away.

If all the things needed by Charlestown could not be done, particular stress should be laid upon a new central municipal building, with baths and other comforts.

SCHOOL ACCOMMODATIONS.

Mayor Fitzgerald suggested that the School Committee is considering raising additional money through the Legislature to provide more school accommodations, stated that he had seen a reference in the papers to conditions in the Prescott district, and wanted to know what the district needed in the way of new school accommodations.

Mr. Fales thought there should be a new Prescott School.

Representative Joseph E. Donovan thought the greatest need of Charlestown was a new Prescott School, although he also favored the recommendations of previous speakers.

Mr. Michael Tierney referred to the lack of accommodations, crowding of children and hiring of outside places.

REPRESENTATIVE JAMES A. HATTON.

1. The grade crossings, which were ordered abolished seventeen years ago, should be abolished.

2. Most necessary appropriation is for Ward 5 Playground, and the playgrounds in Wards 3 and 4 are not properly equipped.

3. Fix up Dewey Beach.

4. Petitions to use the gymnasium and baths in the high school building, although almost unanimously representing the wishes of Charlestown citizens, have been turned down by the School Committee.

MR. THOMAS McCULLOUGH.

Provide drinking fountain on the training field. (Suggestion seconded by Father McMahon.)

MR. JEREMIAH P. O'RIORDEN.

1. Chelsea street, widen and put in good condition.

2. Pay attention generally to Charlestown water front.

3. Provide better hospital facilities.

4. Provide library and new municipal building.

MR. PATRICK B. CARR.

1. Widen Chelsea street.

2. Remove grade crossings — which the City Council can have done, under an opinion of the Corporation Counsel, through the courts.

3. Sell certain parts of land not used by the city, except to procure rentals, — such as old Winthrop School, merely used as a wardroom and by a colored company of the militia; land corner Lyndeboro and Essex streets; land on Rutherford avenue; old public library and courthouse; old fire station on Winthrop street (erecting new engine house).

4. Erect on old common at Sullivan square building for a courthouse; rest of the building to be used for some other public purposes.

5. Pave Medford street.

6. Provide a better system of disposing of refuse.

REPRESENTATIVE JOHN J. HAYES.

1. Remove elevated structure along Main street.

2. Where money by appropriation or loan is received for Charlestown see that it is spent here.

3. Fix up Dewey Beach.

4. Widen Rutherford avenue 5 or 10 feet for teaming.

MR. JOHN J. MULLEN.

Tunnel Bunker Hill.

REPRESENTATIVE FRANCIS M. DUCEY.

1. Provide better car service on surface cars; requests to road continually ignored.
2. Playground for Ward 5.
3. Fix up Dewey Beach, for which the speaker had repeatedly got an order for \$50,000 through the Common Council of 1909, which had been blocked by the Board of Aldermen.

MR. BENJAMIN J. A. GREEN.

Mr. Green, foreman of the Street Watering Department, explained the difficulties and causes of delay in his work in Charlestown — shortness of men and horses, long hauls, etc., and the taking of his help away from the district.

REPRESENTATIVE WILLIAM J. MURRAY.

1. A one-track system for cars on Chelsea street, under an agreement with the road, may obviate the necessity of widening the street, which will cost \$200,000.

2. Improve conditions on Chelsea Bridge; dangerous at present, and traffic is delayed.

At suggestion of Rev. Philo W. Sprague a unanimous rising vote of thanks was extended to the Mayor and City Council for attendance at this meeting.

Adjourned at eleven o'clock p. m.

SOUTH BOSTON.

(February 11, 1910.)

SOUTH BOSTON CITIZENS ASSOCIATION REQUESTS.

(Presented by Messrs. E. J. POWERS, W. S. McNARY and HENRY J. McKEE.)

1. Rapid Transit.—(a.) Tunnel or subway under Fort Point channel to South Station and Park street; to junction of Broadway and Dorchester avenue at least, possibly to Dorchester street.

(b.) Extension of subway to Dorchester.

2. Streets.—(a.) Completion of Old Colony avenue. Cost, about \$20,000.

(b.) Extension of Southampton street and widening of Preble street. Cost, \$145,000.

(c.) Extension of approach of Cove Street Bridge to Broadway and Dorchester avenue. Cost, about \$30,000.

(d.) Widening of L street from 50 to 60 foot street. Cost, \$150,000. Or extension of Dorchester street and I street combined over the Reserve channel to Summer street extension. Cost, about \$300,000.

(e.) Building of a few hundred feet of a new street to connect properly East First and West First streets, greatly benefiting teaming. Cost, \$60,000. Recommended by Metropolitan Improvement Commission.

(f.) Asphaltting of the narrow minor streets. Cost, \$40,000.

(g.) Some method of paving streets around Dorchester Heights to prevent their rapid wear and deterioration on the incline as at present. Cost, \$210,000.

(h.) Survey, preparation of plans and ascertainment of cost of a possible future bridge over the South bay, from the junction of Dorchester avenue and Old Colony road to Malden street, South End, thus connecting with

the great crosstown thoroughfare of Dartmouth street. This project recommended by the Metropolitan Improvement Commission.

(i.) Appropriation sufficient to keep South Boston streets cleaned as frequently as in the city proper.

3. Parks and Playgrounds.—(a.) Improvement of Marine Park. Building aquarium from Parkman Fund, if possible. Filled-in roadway to Fort Independence, in accordance with the original plans, in place of present pile bridge, which was built for ten years and has lasted twenty. Improvement of island and roadway by plenty of shade trees. Cost, about \$100,000. Completion of the pier, with rotunda at end. Cost, about \$50,000. Filling ponds.

(b.) Filling in and improving of McNary Playground, so called, at head of Old Harbor, where between 60 and 70 acres of marsh and flats can be rapidly filled by dredging out the flats of the Old Harbor and securing a basin filled with water at all times. Cost, about \$100,000. Providing a public landing on playground for rowboats and other small boats and beaching and mooring places for same. Erection of playground administration building, combined with all-the-year-around baths, similar to the Dover street building. Cost, \$75,000.

(c.) Making of a small park or square at the junction of Broadway and Dorchester avenue, extending to Fourth street, thus giving to South Boston a small park at the entrance, up to the line of SS. Peter and Paul's Church. Cost, probably less than \$50,000.

(d.) Lease or otherwise acquire the present natural little park, formerly occupied by Home for Feeble Minded Children, at M and Eighth streets, now owned by the Howe Memorial Association, which is endeavoring to erect thereon a monument to Samuel Gridley Howe, the eminent teacher of the blind and the feeble-minded children. If purchased, cost probably \$30,000 and \$10,000 to put it in condition.

(e.) Four neighborhood playgrounds for women and small children; one between D, Sixth and Old Colony roadbed; another between D, Broadway and Dorchester street; another near Dorchester and Eighth streets junction; and one somewhere in Washington Village. Cost, about \$10,000 apiece; total of \$40,000.

(f.) Utilizing vacant space at junction of Emerson, Third and H streets for neighborhood playground, now owned by the city. Securing the use of the old Hawes Church land, at junction of Emerson, Fourth and K streets, as neighborhood playground. Removal of fence for neighborhood playground of the city's land at junction of Emerson, Fourth and M streets. Total cost, about \$25,000.

(g.) Equipment of the parks and playgrounds and Strandway and neighborhood playgrounds with proper sanitary conveniences. This has been completely overlooked, and is an absolute necessity if the parks and playgrounds are to be utilized and enjoyed, particularly by women and children. Cost, \$50,000.

(h.) Equipment of the head-house baths or L street baths for all-the-year-around salt water bathing, open; small fee charged for security and convenience in dressing under shelter in warm room.

4. Improvement of Historic Dorchester Heights.—(a.) Strengthening and increasing the height of the monument, so that it will rise clear of surrounding buildings, so that it can be seen from both water and land, and appropriately crown these heights,—the site of the first great triumph of the American Revolution. Cost, \$25,000.

(b.) Building of approach from the Strandway, giving a clear view of the monument, as recommended by the Metropolitan Improvement Commission, utilizing possibly part of Covington street but using mostly vacant land; widening or rectifying the lines of Telegraph street so that a clear view of the monument could be obtained from Dorchester street, as recommended by the Society of Architects. Building of a new street from the junction of Broadway and Dorchester street over the line of Pacific street, widening and improving the latter, so that a view of the monument can be obtained from Broadway. Building stone steps on the Heights where necessary, and thus making appropriate and proper

approaches to these historic heights. If the city could have the right to relocate and resell property the cost would probably be \$50,000 to \$75,000.

5. Extension of Broadway from Washington street to the junction of Shawmut avenue and Tremont street. This is properly a South End improvement, but would be a benefit to our people by giving a direct entrance for the cars into the old subway.

6. Municipal building. Cost, \$250,000.

The cost of these improvements, roughly speaking, leaving out the rapid transit and the extension of Broadway, which is essentially a rapid transit feature, and the cost of subways being met by rentals from the elevated, would be about \$1,450,000.

SOUTH BOSTON TRADE ASSOCIATION.

(Presented by Mr. JAMES J. MURPHY.)

1. Extend Old Colony avenue at least to the Strandway.
2. Playground adjoining Old Colony avenue, between C and D streets.
3. New municipal building.
4. Improve police stations.
5. Abate smoke nuisance, Edison Company being principal offender.
6. Abate odor nuisance from Spectacle Island.
7. Allow extension of spur track through First street, improving business part of the district.

ANDREW SQUARE IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Messrs. DANIEL V. McISAAC and GEORGE H. CARVER and Rev. T. J. MAHONEY.)

1. Proper approach to Strandway from Andrew square by way of Preble street; widening Preble street, according to plans on file in Street Commissioners' office.

(Presented by Mr. CARVER.)

2. Objection to South bay nuisance, causing by dumping of house refuse.

SOUTH BOSTON HIGH SCHOOL ALUMNI ASSOCIATION REQUESTS.

(Presented by Mr. THOMAS F. O'BRIEN.)

1. Improve grounds around High School building; establish running track and bowling green.
2. Supported Father Twomey's position against amusement licenses at City Point.
3. Improve street railway transportation to and from South Boston; have transfers from South Station north.
4. Install handball court at L street, appropriation of \$2,500 having already been authorized and present handball court having been wrecked by recent storm.
5. Little piece of land, H, Second and Third streets, can be put in good condition for playground at small expense, and good beach can be made near there.

REV. DENIS O'CALLAGHAN.

1. Complete Old Colony avenue.
2. Improve narrow streets adjoining for benefit of the poor people.

MISS ANNE E. NEWELL.

(Representing MATTAPANOCK WOMEN'S CLUB.)

Complete small playground on West Fifth street, between D and E streets. Spoke very urgently about the need of playground accommodations for the children of Ward 13.

MR. CORNELIUS J. DESMOND.

1. Consider lot bounded by Story and Fifth streets, between G and H streets, for playground.
2. Consider school accommodations for South Boston.

MR. MICHAEL W. NORRIS.

1. Subway.
2. Fill up South bay.
3. Help along Commonwealth dock project.
4. Have municipal building.
5. Encourage coming of T Wharf Corporation to South Boston.
6. Improve street sweeping and watering.
7. Make Elevated Railway Company remove snow more promptly.
8. Establish aquarium at City Point.

MR. WILLIAM L. NEWTON.

1. Increase the playground accommodations for children of Ward 13, equipping playgrounds at B and Third and D and E streets with sand boxes, gymnastic apparatus, etc.
2. Increase use of school yards as summer playgrounds.
3. Make the Elevated Railway Company remove snow more rapidly.
4. Supported improvements suggested by Citizens Association.
5. Have subway and have transportation facilities for the people, in the way of cars, improved.

REV. MORTIMER E. TWOMEY.

1. Don't issue permits for amusements at City Point; natural attractions are sufficient. (Mayor Fitzgerald assured Father Twomey that such amusement licenses would not be issued this year.)
2. Have band concerts afternoons instead of evenings at the Point.
3. Put additional electric lights at the Point, one light being equal to three policemen.

Father Twomey said that the above suggestions were in the interest of morality and proper enjoyment of natural advantages at the Point.

MR. MICHAEL J. CARROLL.

1. Increase height of Dorchester Heights Monument so that it will rise clear of surrounding buildings, and trim out trees so that a good view of the Heights will be afforded.
2. Carry out Old Colony avenue project and improve small neighboring streets, as favored by Father O'Callaghan.

MR. J. FRANK O'HARE.

1. Favored improvements suggested by the committee of the Citizens Association.
2. Equip playgrounds corner B and Bolton streets and on D and E streets.
3. Playground conditions in Ward 13 should receive particular attention of Mayor and City Council, as conditions there are bad in the matter of tuberculosis.
4. Establish aquarium at City Point.
5. Improve Ward 15 playgrounds — already \$25,000 for the purpose in Park Department.
6. Erect engine house for Bay View section.
7. Put wires on Broadway under ground and have no poles and wires on Old Colony avenue.
8. Improve street car transportation facilities, and in connection with that matter improve the bridges.

SENATOR PATRICK H. O'CONNOR.

1. Subway for South Boston.
2. Strandway playground.
3. Convenience station at Dorchester Heights.
4. Widen Preble street.
5. Municipal building, with baths, library, etc.
6. Bath house for Ward 15.
7. Playground for Ward 13.
8. New schools.

Mayor Fitzgerald suggested that the citizens of South Boston should formulate their needs in the way of new schools, as an application is being made to the Legislature, through the School Committee, for an additional loan of two and one half millions for that purpose.

MR. JOSEPH A. TIGHE.

1. In building, corner Fourth and Dorchester streets, place ladder house on Dorchester street side, in courthouse, and court on Fourth street side, giving ladder a wider street and court a quieter place; also improve condition of cells.

2. Use vacant half of Station 12, City Point, for court purposes, in which case lower part of ladder house could be used for coal depot.

VOTE OF THANKS.

On motion of Hon. W. S. McNary, a unanimous rising vote of thanks was extended to the Mayor and City Council for coming to South Boston.

MEETING IN MARCH.

It was voted, at suggestion of the Mayor, on motion of Mr. McNary, that there be another meeting in the South Boston High School on the first Friday evening of March, and that all South Boston citizens who are interested in the public welfare be invited to be present to discuss such questions as may properly come before the meeting.

Adjourned at eleven o'clock p. m.

WARDS 6, 7, 8, 9, 10, 11 and 12.

(February 14, 1910.)

COMMITTEE FROM NORTH END REQUESTS.

(Presented by Mr. ANDREW A. BADARACCO.)

1. Most pressing need of Ward 6 is cleaner streets. Four men instead of one should be employed to collect rubbish.
2. Three regular weekly collections of garbage should be made; in July and August daily collections.
3. Protection needed against smoke nuisance of Boston Elevated Railway power station at Battery street.
4. Recommends ordinance limiting street hawking.
5. Gas tank on Prince and Commercial streets a menace to district.
6. Women's privileges at North End municipal bath inadequate. Second floor should be given over to women's exclusive use. North Bennet Street Playground should be resurfaced.
7. Present disgraceful condition of North End Park; \$35,000 needed for repairs.
8. Buildings of Eliot School district inadequately lighted. Widening of Wiggin street would correct lighting of school.
9. Necessity of public library building in Ward 6. Present stations inadequate.
10. Need of tenement commissioner to look after housing conditions.

11. Need of additional broad thoroughfare from congested market district.
12. Need thoroughfare between North and South Stations.
13. Memoranda submitted in regard to cost of garbage disposal.

WEST END IMPROVEMENT SOCIETY REQUESTS.

(Presented by Rev. CHRISTOPHER R. ELIOT, Mr. MICHAEL W. BRECK, Mr. JEREMIAH MCCARTHY and Mr. ROBERT W. SILVERMAN.)

1. New grammar school. Washington School overcrowded; Baldwin School unfit and badly located.
2. Opposed to schoolhouse on park.
3. More facilities needed at Charlesbank; no instructor there for last two years.
4. Ask proper policing of Charles River Basin.
5. Ask better care of alleys, also better street sweeping at night. District should be allowed more than one push cart man.
6. Need street extensions,—Bowker street through Chardon street to Pitts street; Bowdoin street to Moss place.
7. Construction of street where Pike (Black) alley now is. Conditions there dangerous.
8. Water fountains for Charlesbank.
9. Ask city to use influence to hasten completion of elevated railroad to Cambridge, in interest of rapid transit in West End.

(By Mr. MCCARTHY.)

1. Underground convenience station at Lowell square, also one at Bowdoin square.
2. Fix up Charlesbank Gymnasium.
3. Use vacant lot as ball park for boys.

(By Mr. SILVERMAN.)

1. Necessity of another schoolhouse in West End.
2. Opposed to schoolhouse on park.
3. Need of all-year-around bath house.
4. Necessity for regulation of street traffic, making some streets one-way streets.
5. Asphalt Wall and Auburn streets and few others.
6. Improve lighting of West End.
7. Cut through Pike (Black) alley or else close it.

MAJOR FRANK H. BRIGGS.

1. Need of subway to relieve congestion of out-of-town cars on Boylston street.
2. Schoolhouses in Ward 11. Old Phillips School overcrowded. Prince School a hospital school.
3. Garbage removal the imminent thing. Should have daily removal of offal.
4. Should have one system of street lighting.

SENATOR JOSEPH P. LOMASNEY.

1. First need of West End, a new school.
2. Need all-year-around bath house.
3. Fix up ball field for boys on Leverett street end of Charlesbank.
4. Improve streets which are trucking thoroughfares.
5. Do away with overcrowded condition of Washington School.

HON. DANIEL J. WHELTON.

1. More sand pits at Charlesbank Gymnasium.
2. Irrigate Charlesbank Park, which is fast drying up.
3. Improve lighting in West End, especially on streets leading to hospital.

4. Improve condition of Pike (Black) alley.
5. Provide floating hospital to be in charge of City Hospital Trustees.

MR. NATHAN S. SODEKSON.

1. Fix up Beacon street side of Boston Common as ball field for boys.
2. Put bath house and indoor gymnasium on Common.

SOUTH END IMPROVEMENT SOCIETY REQUESTS.

(Presented by Mr. GEORGE W. COLEMAN.)

1. More efficient system of street cleaning and garbage removal. Also better street lighting.
2. Need improved drainage system to prevent backing up of sewage water.
3. Restriction of smoke nuisance.
4. City should clean private alleys. Bill before Legislature to permit this.
5. Extension of Arlington street to Castle square.
6. Improvement in electric car service. Need of more stopping places.
7. Need municipal building to include gymnasium and public hall.
8. Discontinuance of Way Street School. Provision for social needs of Ward 7 by new building.
9. Pier for summer use opposite Randolph Street Playground. Better supervision of playground, especially on Saturday afternoons. Need flooring in playground building for basket ball.
10. Ask reduction of noise made by Street Department wagons in early morning by sending them through streets which are not residential.

MR. TIMOTHY F. CALLAHAN.

1. Supports all suggestions of South End Improvement Society.
2. Need of softer flooring for Randolph Street Playground.
3. Need of new drainage system for South End.
4. Better cleaning of streets needed. Should be flushed in summer.
5. Better schoolhouses for South End needed. Present buildings old and dirty.

SOUTH END IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. SAMUEL B. DOGGETT.)

1. Desired new streets put through section bounded by Boylston, Tremont and Berkeley streets, extension of St. James avenue, Arlington street and Broadway to open up South End district to business and improve valuations of land.

New City Hall in Castle square would greatly increase land valuations of entire district.

Mr. Godfrey Morse also suggested new City Hall in Park square, or Castle square district, as means of increasing land values there.

MRS. ANGELINA E. POST.

(Representing OWNERS AND TENANTS ALLIANCE OF SOUTH END.)

1. Alleged systematic under-assessment of property in South End.
2. Have more stopping places on car lines between Roxbury Crossing and Pleasant street.
3. Carelessness on part of garbage collectors.
4. Remove elevated structure.

MISS HELENA STUART DUDLEY.

(Representing DENISON HOUSE.)

1. Municipal building south of Broadway extension much needed.
2. New school building needed.

Presented letter from Frederick W. Swan, master of Quincy School, urging these improvements.

MR. CHRISTOPHER P. McCAFFREY.

1. Deplored condition of Quincy Schoolhouse.
2. Spend \$25,000 appropriation made by last city government to enlarge school yard.
3. Repave Harrison avenue, from Harvard street to Broadway; also from Kneeland street to Harvard street.
4. Repave Albany street from Kneeland to Oak streets.
5. Lighting irregular on streets of Ward 7.

REV. HENRY L. WRISTON.

Asked influence of city government on Elevated Railway for transfers east and west from Tremont street and Columbus avenue cars.

MR. JOHN DOYLE.

1. Put footbridge from Greenwich park, Ward 12, over railroad tracks to Cumberland street, Ward 10.
Mr. Malcolm E. Nichols supported this.
2. Need of bathing accommodations.
3. Asphalt all streets of South End running east and west.
4. Extend East Dedham street to South Boston. Fill in South bay south of East Dedham street.
5. Widen Northampton street from Washington street to Harrison avenue or Albany street.

MR. THOMAS UNIACKE.

1. Close Dover street floating bath house. Substitute swimming pools in bath house.
2. Have roads "start somewhere and end somewhere."
3. Deplored loss of business concerns, which have left South End to go to Cambridge.

SEWERAGE SYSTEM OF SOUTH END.

Superintendent Emerson explained that bad conditions of sewerage at South End were due to lack of foresight on part of those who reclaimed the land from ocean. Cellars too low to make use of improved sewerage system of overflows into harbor. Plans drawn up to remedy difficulty (by means of auxiliary pumping station in South End, independent set of drains for surface water, etc.), but estimated cost is about \$1,000,000. Annual levy of $\frac{1}{20}$ of 1 per cent not available for this district, being restricted to Charles river drainage. Would require legislative action to make this loan available.

MR. JOHN KANE.

Deplored sewerage conditions in South End. Should make an appropriation to investigate conditions now without waiting for million dollar appropriation.

MR. GODFREY MORSE.

1. Abate smoke nuisance.
2. Build new City Hall in Park square.
3. Do away with garage nuisance on Harcourt street.
4. Collect garbage more frequently.

MR. MALCOLM E. NICHOLS.

1. Deplored garage nuisance on Harcourt street. Issuance of such licenses all over city should be restricted.
2. Need of footbridge over railroad tracks from Greenwich park to Cumberland street.

3. Need of playground in vicinity of Columbus avenue and Dartmouth street. Certain land there, not to be bought, could be used for swings, etc.

4. Abate smoke nuisance. Electrify railroads.

Mayor Fitzgerald asked citizens to attend monthly meetings in City Hall and make their complaints in regard to city matters.

REMARKS BY COUNCILORS ATTRIDGE AND HALE.

Councilors Attridge and Hale addressed the meeting, asking co-operation of citizens with city government in improving conditions in city.

VOTE OF THANKS.

On motion of Mr. Coleman a unanimous rising vote of thanks was extended to the Mayor and City Council.

Adjourned at 10.55 p. m.

WEST ROXBURY DISTRICT.

(February 15, 1910.)

CLEVELAND CLUB REQUESTS.

(Presented by Mr. PATRICK J. BRADY.)

1. Schoolhouse in Germantown, West Roxbury district.
2. Schoolhouse on corner Belgrade avenue and Beach street.
3. Opening of yard of Paving Division in West Roxbury.
4. Widening of Washington street as a state highway, from La Grange street to Metropolitan avenue.
5. Sewer construction, laying out and widening of streets, repair of streets and more strict attention paid to cleaning of streets of West Roxbury District.
6. Employment of more men in paving yard of district.
7. Establish street cleaning division.
8. Construct granolithic or brick sidewalks on Washington street, from Green street to the Arborway.
9. Playground on corner of Williams and Washington streets, or in that vicinity.
10. Municipal building.
11. Bridge tunnel constructed under New York, New Haven & Hartford Railroad, from Amory street, opposite Cornwall street, and a street that runs to Lamartine street.
12. Oppose widening of Forest Hills square at present time, as the amount of money Boston would have to appropriate for such an undertaking could be spent to greater advantage for widening of some other streets of West Roxbury.

JAMAICA PLAIN CITIZENS ASSOCIATION REQUESTS.

(Presented by Rev. CAROLL PERRY.)

1. Of first importance — Playgrounds.

(Presented by L. J. BRACKETT.)

2. Sidewalks on Centre street from Green street to Boylston street.
3. Sidewalks on Washington street, from Green street to Forest Hills square. Also new sidewalks on many important cross streets.
4. Cleaner and better watered streets; receptacles for waste paper in business streets.
5. Increased efficiency in collection of ashes and garbage.

(Presented by Dr. E. PEABODY GERRY.)

6. Preservation of trees and extended use of parks.

Doctor Gerry also criticised the footbridge at Forest Hills Station, over the New York, New Haven & Hartford Railroad tracks, stating that he did not know about the matter personally, but that it had been criticised by people who had brought it to his attention, who believed there should be a tunnel instead of a footbridge. Superintendent Emerson explained why the bridge has been constructed instead — stating the objections against the tunnel to be that it would be difficult to drain it, that it would be very hard to police it, and that it would be more expensive than the footbridge. He also stated that while people would have to go over the bridge the rise would not be a bad one, but would be a gradual incline, with but a few steps, while in the tunnel they would have to go down and then up again. He said there was a division of opinion in regard to the two methods with not much of a majority in favor of either, that he could find. Mr. George Cherry, later in the evening, supported Mr. Emerson's view of the matter, stating that he and a large number of people considered the footbridge preferable; that the tunnel would be difficult to police, as it would probably become a resort for loafers, etc., and that it would be more expensive. He saw no difference in going down 20 feet and then up 20 feet, as compared with reversing the process.

Recommended for consideration:

1. Construction of new street over course of Stony Brook.
2. Tunnel under New York, New Haven & Hartford Railroad tracks, at some point between Green street and Boylston street.
3. Restoration of noon bell and no-school bell service.

Indorsement of Mayor and City Council asked for:

1. Station of Elevated Railway at Green street.
2. Electrification of steam railroads in Greater Boston.

GERMANTOWN CITIZENS ASSOCIATION REQUESTS.

(Presented by Mr. W. H. GLEASON, *President*.)

1. New schoolhouse to take place of the one that has done service since 1857, and is now in very unsanitary and unfit condition.
2. Engine house, not an expensive one, sufficiently large to house a light hose wagon and possibly an improved combination chemical.
3. Stimson street extension.
4. A playground.
5. Station of New York, New Haven & Hartford Railroad at foot of Stimson street extension.
6. Oiling the streets as at present.
7. Branch delivery of Public Library books.
8. More street lights in the Fidelia Park district.
9. A more sane observation of July 4.
10. Ash cart service permanent, and not intermittent, as at present.
11. Use of school buildings for citizens' meetings.
12. No further issuance of cemetery permits in the district.
13. Night car service on Boston Elevated Railway.
14. Voting precinct in Germantown proper.

Also indorses:

1. Proposed widening of Washington street from La Grange street to Metropolitan avenue.
2. Establishment of a zoo in Stony Brook Reservation or Franklin Park.
3. Station of Boston Elevated Railway at Green street.
4. Electrification of steam railroads.
5. Continuance of meetings of Mayor and City Council with the citizens of various districts.

WEST ROXBURY CITIZENS ASSOCIATION REQUESTS.

(Presented by Mr. WILLARD N. POLAND.)

1. Temple Street.—Laying out and construction from Centre street, running about west under railroad tracks to Ivory street.

2. Stratford Street.—Lay out and construct portion near Highland Station, where there is a plot of land laid out in the manner of a small park with a roadway on either side. This section of Stratford street has never been laid out and accepted by the city.

3. Centre Street.—Widen to a respectable width. Appreciate the fact that this proposition will involve considerable expense, and would be content if a portion of this street could be widened each year.

4. Spring Street Sewer.—This street is not provided with any sewer from a point at or about Gardner street to Charles river. Residents have to depend upon the old-fashioned cesspool.

5. Sidewalks.—This subject we would like to receive attention generally throughout the district.

6. Street Cleaning.—Because of abolition of West Roxbury department yard, West Roxbury streets have more or less suffered for want of attention. Recommend the restoration of yard in West Roxbury.

7. Street watering should be continued later in the season than is the practice to-day.

8. Beech Street.—Indorse all that the Roslindale people say in connection with this street. Not only inconvenient for street railway company and the general public, but absolutely dangerous. Not a single point where a sidewalk of proper width can be maintained and at the same time leave any space at all between sidewalk and nearest rail.

MT. HOPE CITIZENS ASSOCIATION REQUESTS.

(Presented by Mr. JOHN E. BARRY, *President*.)

1. General recommendations for improved streets, sewer extension and school accommodations.

2. Municipal building.

3. Playground with gymnastic apparatus.

4. Opposed to elevated structure on Hyde Park avenue.

SUGGESTIONS OF BUDGET COMMITTEE OF THE ASSOCIATION.

(Presented by CHARLES J. LENNON, *Chairman*, JAMES D. HEALEY and CHARLES A. NELSON.)

1. Playgrounds.—Convenient plot at a central point near Mt. Hope Depot, equipped with apparatus to be used as an open air gymnasium. Could also be used for band concerts.

2. Schools.—From some sections of district it is one and one-half miles to the nearest grammar school. New grammar school should be erected at Mt. Hope.

The Canterbury Primary School now located, you might say, in the Italian Cemetery. Is a building of wood and perhaps fifty years of age or more, antiquated in design and convenience, badly ventilated, has been condemned in reports of Chairman of Budget Committee after a careful investigation, and also by Loca P. Howard, Principal of Charles Sumner School district, after he was instructed to find out for the School Committee of Boston if the chairman's report was as he represented. A new school with more cheerful surroundings is urgently needed.

3. Gypsy Moths.—Pests numerous and have devastated several lots of fine trees. Many wooded sections owned or controlled by non-residents who take little interest. Some remedy should prevail to make thorough cleaning of all property developed and undeveloped.

4. Ashes and Garbage.—Recommend change in present system. It seems from a fair and just summary of the matter that the city should do this work itself.

5. Stony Brook.—Brook open to filth and dirt, trees overhang; the bed is shallow and not deep enough to warrant protection in case of great thaw or flood. In summer when the water is low a thick green scum covers the entire surface causing malaria and other sickness. Roslindale has had the sister branch covered from one section to another in that district and I believe the people of Mt. Hope should be afforded the same protection.

6. Streets to Accept.—Clifford, Rowe, Brook, Canterbury streets (straight from Rowe to a point west of Perkins), Folsom street. Street from junction of South and Washington, east, to Florence street. One side owned by city — the Washington Street Playground.

7. Streets for Repair.—Neponset avenue, complete entirely with gutters and resurface; Paine street, sewer and gutter; Catherine street, resurface and gutter; sewer now running through Catherine street is of little or no value — really a disgrace to the city.

8. Trees.—Every public way, particularly in the suburban sections, should be planted with shade trees. Every main artery or boulevard running through our city should be planted with shade trees to start with. Every street, after the opening of this innovation, if started in the course of construction should be provided with shade trees. Hyde Park avenue, now in the process of construction, should be completed with shade trees.

9. Elevated Structures.—Association on record as opposed now and forever to any elevated structure ever taking up in whole or in part any thoroughfare in our district.

10. Wires.—All overhead wires should be placed under ground within a certain term of years. The present system of burying a few miles of wires each year is of little or no value, owing to the increase of five miles of overhead new each year to the one going under ground. All new permits should compel the various companies to place such new wires under ground, and at the same time require so much of the old wires each year. Hyde Park avenue is literally covered with poles and wires, and might be termed a disgrace.

11. New District Yard.—Indorse a yard south of Forest Hills. The West Roxbury yard was abolished against the wishes of the people, and for no good, justifiable cause.

12. Election Booths.—Precinct 5 booth in the Stephen M. Weld School is ten minutes' walk from Mt. Hope Depot. The old location at Mt. Hope Depot is considered by most every citizen in precinct the proper and feasible place.

13. Streets Oiled.—If city could afford it every street, whether accepted by the city or not, if inhabited, should be oiled or watered not only for convenience but from a health standpoint.

14. Police Station.—New station is needed.

15. Municipal Building.—Indorse this project. Public Library pays \$1,200 per year rent for a one-room, one-story, affair and this money could be used toward defraying the cost of a new building with accommodations for a library and perhaps a new police station.

16. Circuit Route.—Should be inaugurated through Washington, Ashland streets and Hyde Park avenue and *vice versa* — so called belt line.

17. Sidewalks.—Every street should have good sidewalks. The asphalt idea an excellent one. Work should be uniform in color and material.

ROSLINDALE CITIZENS ASSOCIATION REQUEST.

(As presented by Budget Committee—GEORGE W. SMITH, WARD D. PRESCOTT and GEORGE W. CARRUTH.)

1. Streets.—Acceptance and construction of Malcolm street, Mozart, Bellevue, Dudley avenues, Bradford terrace, Farquhar street, from Selwyn street to Centre street, Cornell street, from Orange street to Colberg avenue, Montello and Edgemont streets. Widening of Beech street, from Belgrade street to Centre street, with new bridge over New York, New Haven & Hartford Railroad.

2. Street Cleaning.—The establishment of a street cleaning department for all this district south of Green street.

3. Sewers.—Continuation of the Roslindale branch of Stony Brook to Beech street.

4. Parks and Public Grounds.—Construction of the proposed parkway connecting the Bridle Path with the Stony Brook Reservation.

That the city purchase for parks a lot of land, bounded by South street, South Walter street and Robert street, and two lots bounded by Poplar, South and Washington streets, one of the latter to be used as a site for a new municipal building. The installing of an open air gymnasium, running track and convenience station on the Washington Street Playground.

5. Subways.—That a foot subway be constructed under tracks of New York, New Haven & Hartford Railroad at Bellevue Station to connect Gurnsey street and Anawan avenue.

6. Public Buildings.—A new primary schoolhouse to be located in the vicinity of Bellevue Station. Municipal building for Roslindale, similar to one now under construction at Curtis Hall. New Sub-Police Station for Roslindale.

7. Re-opening of Paving Division Yard in District 11.

REV. FATHER LYÓNS.

1. Favored tunnel under the New York, New Haven & Hartford Railroad, between Boylston and Green streets.

2. Favored passageway under tracks from Cornwall to Oakdale streets.

MR. WHEELWRIGHT.

1. Suggested separation of paper from other refuse by householders, in interests of economy, as a source of revenue to the city. (Superintendent Emerson stated that that idea had been attempted, but was impracticable; that the citizens would not co-operate.)

Mr. Frank M. Doyle favored an ordinance requiring separation by householders; thought that that might help.

STREET AND SIDEWALK SITUATION IN BOSTON.

Mayor Fitzgerald explained that Boston had always been much more liberal than any other city in the country in the matter of streets and sidewalks — that the city paid half the cost; whereas in other cities the abutter paid the entire cost. Inasmuch, however, as the outlying sections had in the past contributed to the building up of the heart of the city in these respects, he had believed in going slow in changing the method now, in the interest of fair play.

MR. JOHN HEALEY.

Referred to certain land, known as the Bussey land, that paid no taxes, was an eyesore, and was in scandalous condition; hoped something could be done about it.

MR. WILLIAM H. MORGAN.

1. Open air gymnasium at the Overlook Building, Franklin Park, should be built.

2. Establish Jamaica Plain surface cars at Egleston Square Elevated Station, with transfers.

3. Have more suitable and better cars and better schedule for the district.

MR. JEREMIAH D. HOLLAND.

1. Better sidewalks.

2. More equitable assessing of property; cases of gross inequality in the district; some in speaker's own neighborhood.

3. Have water meter charges made more just; minimum charge of \$15 is unfair.

4. Indorses these meetings, as the average citizen could not go to City Hall with grievances.

MR. HENRY C. KRAMER.

Continue Stony Brook work as rapidly as possible.

MR. FRANK M. DOYLE.

1. Elevated staircases at Egleston square too narrow for people to pass properly, and rather dangerous for elderly people; muffle noise of the cars; ventilate the cars better at the end of trips; have cheaper car fares for school children, particularly to and from high schools located at a distance; have Elevated Railway pay for paving between second and third rails.

2. Open dumps should be closed.

3. Reopening of Municipal Yard, West Roxbury, will not improve service unless we have the men behind the guns; division of street yards is expensive and divides the responsibility.

4. Heathcote and Marmont streets should be constructed.

MR. LENNON.

1. Our expensive parks should be made more usable by the common people; would result in less trouble in the courts.

2. Favored playgrounds which can be used for district. It is a Park district, but parks and playgrounds are very different things. Fit up playgrounds for children and others with sand gardens, swings, etc.; suggested plot up at Prince street, by park, that could well be used for playground purposes.

3. New school, perhaps on Belgrade avenue.

4. Present method of building streets and sidewalks should be improved. Macadam, grass plots and granolithic sidewalks do not cost any more than the present methods, and make better and handsomer construction.

MR. GEORGE F. STOWERS.

Favored continuation of ringing of noon bell and no-school bell, and suggested in this line a bell for new Fire House, Walk Hill and Wenham streets.

FUTURE MEETINGS.

The Mayor stated that there would be similar meetings held in this hall later, early in the months of March, April and May, to consider matters affecting the district; that one of the members of the City Council would probably preside, and that all the citizens and representatives of improvement associations were earnestly invited to attend, and to suggest at the meetings anything of importance to the district.

VOTE OF THANKS.

On motion of Mr. Morgan, a unanimous vote of thanks was given to the Mayor and City Council for their presence at this meeting.

Adjourned.

BRIGHTON.

(February 16, 1910.)

FANEUIL IMPROVEMENT ASSOCIATION REQUESTS.

(Presented by Mr. W. W. STALL and others, as below.)

(Presented by Mr. W. H. THAYER.)

1. Schools.—Brighton has a valuation in real estate larger than eighteen of the thirty-three cities in the Commonwealth, but school

accommodations are inadequate. Children obliged in some cases to walk nearly four miles daily with no conveyances to take them back and forth.

New school building should be erected in Faneuil district.

Land should be secured for addition to Brighton High School.

Medical inspection in some cases lax.

Schoolhouses should be fumigated at regular intervals.

(Presented by Mr. RUDOLPH BURROUGH.)

2. Removal of Ashes and Garbage.—Present system of removal of ashes and garbage unsatisfactory.

In future contracts the condition of horses and equipment to be used should be stipulated.

Present contracts should be enforced in regard to penalties for failure to collect weekly.

(Presented by Mr. JAMES H. STONE.)

3. Streets.—Widening and Improvement of Faneuil Street.—Of prime importance to Brighton, especially Faneuil, as at present there is only one thoroughfare from Union square, Allston, to Oak square. Street Commissioners about ten years ago planned widening of street to 70 feet wide. Improvement of Faneuil street would develop at least 140 acres of vacant land.

General improvement and maintenance of streets.

(Presented by Mr. L. J. HEWITT.)

Warren avenue, Sparhawk and Arlington streets, practically one street now having blind end. Should be extended a few hundred feet to intersect Faneuil street.

Number of adjacent streets, including Bennett and Surrey, need slight additions.

North Beacon street should be improved.

Washington street not adequate for present requirements. This thoroughfare congested at Oak square car barns by handling of cars there. Car houses should be set back.

Commonwealth avenue should be divided, having one side for pleasure carriages, the other for teaming, etc.

Employees should be made directly responsible for certain sections of roadway.

Present manner of oiling and watering streets unsatisfactory.

(Presented by Mr. F. W. WEBBER.)

4. Baths and Playgrounds.—Furnish along river bank concrete baths, sunk low enough to form natural basin, with low roof construction.

Obtain land from Metropolitan Park Commission for permanent playground.

Demand for larger playground at North Brighton.

Use influence to complete connecting link of Metropolitan Park system.

(Presented by Mr. C. H. WARREN.)

5. Fire Protection.—Hasten building of Fire Station at Oak square, for which appropriation has already been made. Provide for equipment and maintenance of same.

Complaints because of discontinuance of fire bells. Resume fire warning, noon signal and no-school signal.

(Presented by Mr. H. P. KENISON.)

6. Public Library.—Need of branch library in Faneuil district. Present branch over a mile from Oak square and over one and one-half miles from Newton line. Two thousand five hundred persons would be served by a branch library placed in Oak square.

(Presented by Mr. GUILFORD.)

7. Electrification of Railroads.— Mr. Guilford spoke and also presented a brief, showing advantages of electrification of railroads; some of the salient points in favor of same being: Economy of coal, abatement of smoke and noise; relief from congestion in passenger traffic; relief from congestion in city tenement district; rapid transit; increased value of real estate.

FITZGERALD CLUB OF NORTH BRIGHTON REQUESTS.

(Presented by Mr. THOMAS W. MURRAY.)

1. City should hire field in North Brighton for ball games, etc. No place in North Brighton for boys and young men to play without trespassing.

2. Desire efficient method of collecting garbage and ashes. People in this section have had to wait from two to four weeks in summer before garbage is collected. Should be collected twice a week.

3. Desire re-establishment of reading room branch of library at North Brighton. Had such a room for ten years, but four years ago was transferred to Allston.

4. Desire city's assistance in procuring bathing beach on banks of Charles river at North Brighton. Even bath house has been taken away, and there is now no chance for boys to swim in river.

5. Re-establish ringing of fire alarms and noon day bell.

6. Pave Western avenue from Charles River Bridge to Cambridge line. Street has more heavy traffic than any other street of section, but is in miserable condition.

7. Enlarge William Wirt Warren School, so that children of North Brighton can complete grammar school course therein. At present during last two years in grammar school children are sent to Thomas Gardner School in Allston, over a mile distant from North Brighton.

8. Desire assistance in obtaining through car service to subway via Western avenue. Present service unsatisfactory.

9. Re-establish sewer yard at North Brighton.

10. Establish full company at Engine House 34, to give better fire service to North Brighton. Constant danger to section from Brighton abattoir.

11. Desire relief from odor nuisance if rendering plant of abattoir is rebuilt.

12. Condition of Western Avenue Bridge bad. Reconstruction of bridges should not be postponed to winter time.

ALLSTON IMPROVEMENT ASSOCIATION.

(Presented by Mr. THOMAS F. J. CALLAHAN.)

1. Improve Western avenue which is main artery of travel between Cambridge and Boston and suburban district.

2. Extend either Holton or Brentwood streets. This would obviate dangers of present route, which school children are obliged to take to reach Thomas Gardner School.

3. Locate bathing place on river, between Western Avenue Bridge and North Harvard Street Bridge.

ALLSTON NEIGHBORHOOD CLUB.

(Presented by Mr. ISAAC F. WOODBURY.)

1. Electrify railroads. Abate smoke and noise nuisances.

2. Do away with abrupt corners at Franklin and Lincoln streets; also at Mansfield and Cambridge streets.

3. Either improve or sell vacant lot of land owned by city at Mansfield, Lincoln and Cambridge streets.

4. Provide playgrounds while there is still vacant land. Do not wait until vacant lots are built over.

5. Provide bathing facilities on Charles river, such as Cambridge has provided on other side.

6. Improve system of garbage removal.

7. Finish streets already opened up.

8. Improve sidewalks. Law should be passed to compel property owners to build and pay for sidewalks in front of their property. "Twenty-five years behind times in sidewalk building."

Mayor Fitzgerald at this point explained that in Western cities abutters pay for all the cost of sidewalks. In Boston undesirable conditions are caused by property owners being unwilling to pay assessment to meet their share of expense.

MR. A. B. BEAL.

(Of the ALLSTON IMPROVEMENT ASSOCIATION.)

1. Land at corner of Lincoln, Mansfield and Cambridge streets has been a loss to city for eighteen years. This and other dead land owned by city should be sold.

2. Improve car service.

Mayor Fitzgerald suggested that the establishment of a Public Service Commission would better conditions of car service. If members of improvement associations would take up this subject something might be done.

MR. WILLIAM B. QUIGLEY.

1. Improve Faneuil street.

2. Improve Lake street.

MR. LEE.

1. Widen North Harvard street. Plans already in Street Commissioners' office for widening street to 60 feet. Would cost \$75,000.

2. Wires on this street should be attended to. Street very heavily wired, and wires should be put underground.

MR. McLAUGHLIN.

1. Extend Holton street to Antwerp street. Plans already drawn and favored by Street Commissioners. Would save seven or eight minutes time in walking, and a distance of 3,000 feet. Would benefit school children.

2. Improve Western avenue. Dust conditions bad, ruining property.

3. Put fire box at corner of Smith street and Western avenue. Fifty thousand dollars recently expended in new buildings here and property is entitled to be protected.

4. Improve system of garbage collection. "By actual count twelve weeks have passed since any collection has been made." Put system on city basis.

MR. ALBERT G. WOLF.

1. Improve condition of Allston tunnel. Drains clogged with dirt and ice; tunnel turned into a river. Copper sheathing should be placed entire length of tunnel to prevent its leaking.

2. Improve car service from Barry's Corner.

3. Make bridge repairs in summer, not in winter.

SENATOR CHARLES D. B. FISK.

1. Approves of these meetings.

2. Widen and complete Faneuil street. This is of importance to whole section.

3. Buy land in rear of High School building now when it can be secured for reasonable amount. Addition to school will have to be made in near future.

4. Improve garbage collection.

MR. DONOVAN.

1. Improve Allston tunnel. Hand rails should be of wood instead of iron.
2. Put crosswalk from east side over to tunnel, to do away with bad conditions now existing on street before you can reach tunnel.

MR. DEVINE.

1. Extend Warren avenue, Sparhawk and Arlington streets (these three practically one street) a few hundred feet to Faneuil street. This would give direct line for traffic throughout center of Brighton district.

MR. MAURICE M. OBER.

1. Provide municipal building with indoor gymnasium.

MR. J. R. WATERS.

1. Accept Champney street, Hunnewell avenue and Stratton street. Mr. Waters presented petition to this effect, signed by taxpayers of property on these streets.

REMARKS BY MAYOR FITZGERALD.

Mayor Fitzgerald explained the street and sidewalk situation in Boston, saying that in other cities of the country the abutting land owners had to build streets and pay all assessments, in some cities street bonds being issued which are a lien on the property. Under Mayor Collins not a dollar expended on streets, as he thought law in Boston should be changed to conform with that of other cities in this respect. Last two administrations, however, have appropriated from \$300,000 to \$400,000 yearly for streets. Will give subject as generous treatment as possible.

Future meetings to be held once a month, to be presided over by some member of Council. Improvement societies should consider matter whether they wish contracts for garbage collection, etc., awarded to lowest bidder, regardless of character of service. Should also consider use of parks as playgrounds, whether people desire greater use of parks with certain sections set aside for baseball, sand gardens, etc.

Relief could be afforded people in matter of car service by organization of public service body to stand between corporations and people.

Adjourned at 10.55 p. m.

ROXBURY.

(February 17, 1910.)

ROXBURY IMPROVEMENT ASSOCIATION.

(Presented by Mr. ERNEST C. MARSHALL and Mr. P. D. WALSH.)

1. Better police protection, lighting and general care of parks of district.
2. Repave Warren street in front of High School with noiseless pavement.
3. Enlargement of Orchard Park by extending it to Yeoman and Adams streets, and provide all-the-year-around bath.
4. Place drinking fountains in parks of district.
5. Need of more convenience stations.
6. Removal of fence at corner of Hunneman street and Harrison avenue.

7. Municipal building of same general character as that on Columbia road.
8. Recommend oiling of streets; better cleaning of streets before oil is applied.
9. Increase efficiency of Fire Department by addition of flying squadron.
10. Re-equipment of Columbus Avenue Playground.
11. Comprehensive plan for sidewalk construction should be adopted.
12. Improve collection of garbage and ashes.
13. Larger appropriation by city to Randidge Fund in order to take larger number of children on summer excursions.

(By Mr. PATRICK D. WALSH.)

1. Municipal building on Vine Street Church site, building to be similar in character to the Municipal building on Columbia road.

ST. ALPHONSUS ASSOCIATION.

(Presented by Mr. JEREMIAH MAHONEY.)

1. Necessity for more playgrounds in Ward 19.

MR. JAMES P. FOX.

Fire protection for Parker Hill.

MR. THOMAS H. McINERNEY.

1. Push matter of playground for Ward 19 as rapidly as possible.
2. Hurry completion of engine house. (Appropriation already made.)
3. Pave Heath street.
4. Accept Estey street; extend and accept Wensley street.
5. Bridge over New York, New Haven & Hartford Railroad tracks, to connect Hillside street with Cedar street at Columbus avenue.
6. Request Elevated Railway to resume service of cars from Brookline to North Station by way of Tremont street.

MR. JOHN A. COSTELLO.

Improve condition of bridge at Roxbury Crossing; take care of surface water coming from Parker Hill.

MR. THOMAS P. PHELAN.

Improve conditions at Dudley Street Terminal.

MR. ROGER F. SCANNELL, JR.

Convenience station at Roxbury Crossing.

MR. JAMES A. WATSON.

1. Necessity for more lights on Columbus Avenue Playground in interest of morality.
2. Use wardroom in Ward 18 as reading room for part of time.
3. Compel Elevated Railway to station guards to protect people at exits onto Washington and Ziegler streets.
4. Establish free transfer zone at Dudley street and allow transfers to be used for one hour. This to help business men of locality.
5. Improve condition of Madison Park.

MR. WILLIAM P. O'BRIEN.

(Representing WARD 17 IMPROVEMENT ASSOCIATION.)

1. Enlarge Orchard Park.
2. Municipal building with gymnasium, shower, tub baths, etc.

MR. THOMAS M. JOYCE.

1. Tear down abandoned Dearborn School building as it blocks light of new school. Space would make valuable school yard.
2. Asphalt Ambrose and Orchard Park streets to do away with noise which interrupts children in their studies.
3. Fix up Norfolk avenue and Langdon street; need of sidewalks, etc.
4. Transfer facilities at Hampden street.
5. Municipal building on Vine Street Church site.
6. Playground for Ward 17.

MR. JEREMIAH J. GOOD.

Locate municipal building in Orchard Park, city already owning land.

MR. DANIEL FOLEY.

1. Overcrowded condition of Roxbury High School.
2. Have Schoolhouse and Bath Departments combine in erection of building on land owned by city in rear of Roxbury High School, which could be used as an addition to High School, and contain baths, etc., for general public.
3. Reform conditions at Dudley Street Terminal.

MR. M. O. HUDSON.

(Representing ROXBURY NEIGHBORHOOD HOUSE.)

1. Better supervision of playgrounds at Fellows street and Orchard Park so as to give small children a chance to play.
2. Build municipal building in Orchard Park.
3. Ground at Orchard Park now going to waste. Either make it a playground or a park.

MR. TIMOTHY L. CONNOLLY.

Tear down old school so that children of new school in Orchard Park may have yard in which to go for recess. At present have no recess.

MR. G. A. SPOONER.

1. Improve transportation facilities on Elevated Railway.
2. Investigate sanitary condition of cars.

MR. JOHN KEARNS.

1. Improve conditions at Dudley Street Terminal.
2. Establish free zone for transfers.

MR. JOHN A. SIMPSON.

Establish transfer station of Elevated Railway at corner of Massachusetts and Huntington avenues.

MR. CHARLES L. PAGE.

1. Provide playgrounds with instructors.
2. Rent grounds for playgrounds until city is able to buy same.
3. Divide parks into parks and playgrounds.

MR. JOHN BOWEN.

Municipal building on Orchard Park.

MR. JOHN B. WALL.

1. Remedy conditions at Dudley Street Terminal.
2. Provide more lights for Columbus Avenue Playground, in interest of morality.

3. Extend Walpole street, affording better fire protection to district in which are Art Museum, Opera House, United Drug Company's factories and many other large buildings.

MR. BENNETT.

Do away with turnstiles at Northampton Street Station of Elevated Railway.

MR. FRANK CLUNE.

1. Place baseball diamond in Washington Park.
2. Improve conditions at Dudley Street Terminal.

REMARKS BY MAYOR FITZGERALD.

Mayor Fitzgerald explained that the city had no direct control over the Boston Elevated Railway, and suggested bill for the appointment of a Public Service Commission, which could regulate service given by public service corporations. Also explained that the city is limited by the Legislature in the amount of money it can appropriate, and has no control over certain percentage of appropriations. He asked the co-operation of citizens of the district in future meetings.

REMARKS BY COUNCILOR BALLANTYNE.

Councilor Ballantyne addressed the meeting and said that while the representatives of Ward 17 would see that the Roxbury district had a fair share of the appropriation bill and loan bill they also proposed to do their duty to every section of the city.

REMARKS BY COUNCILOR CURLEY.

Councilor Curley addressed the meeting, saying that the district asw united in wanting the enlargement of Orchard Park and a municipal building on Orchard Park. He also spoke of the necessity for tearing down the old Dearborn School property to provide a school yard in conjunction with the new Dearborn School. Councilor Curley stated he was authorized by the pastor of St. Patrick's Church to say that if city would turn over this school for a nominal consideration he would tear down the building, remove the material, and construct a parochial high school on Mt. Pleasant avenue, to be maintained without expense to the City of Boston.

On motion of Mr. O'Brien a unanimous vote of thanks to the Mayor and City Council for their attendance was passed.

Adjourned.

MONTHLY STATEMENT
OF THE
CITY TREASURER

AND OF THE
TREASURER OF THE BOARD OF COMMISSIONERS
OF SINKING FUNDS.

TREASURY DEPARTMENT,
BOSTON, March 1, 1910.

HON. JOHN F. FITZGERALD,
Mayor of the City of Boston:

SIR,—The undersigned herewith presents a statement of the receipts and payments of the City of Boston and County of Suffolk for the month of February, 1910, being one month of the financial year 1910–1911, also of the balance of money remaining in the Treasury February 28, 1910, and where deposited.

A statement of the receipts, payments and resources of the Sinking Funds is appended.

Respectfully submitted,

CHARLES H. SLATTERY,
City Treasurer.

RECEIPTS.

	Receipts in February, 1910.		Total Receipts for one month of the Financial Year 1910-1911.	
On account of the City Boston:

AUDITOR'S MONTHLY EXHIBIT.

GENERAL AND SPECIAL APPROPRIATIONS

FOR

1910-1911.

AUDITING DEPARTMENT,
CITY HALL, BOSTON, February 1, 1910.

To the Mayor, City Council and Heads of Departments:

SIRS,—The undersigned, in compliance with chapter 486, section 25, of the Acts of 1909, and chapter 6, section 7, Revised Ordinances of 1898, herewith presents an exhibit for the present financial year of 1910-11, as shown in the books in his office February 1, 1910, including the February draft—being one month's draft—exhibiting the balances brought forward from 1909-10, the amounts drawn February 1, and the total expenditures; also a statement of the Debt, Sinking Funds and Right to Borrow January 31, 1910.

The February draft comprises pay rolls and bills payable February 1, 1910.

The Appropriation Bill for the financial year 1910-1911 not having been passed, payments are made under authority of chapter 320 of the Acts of 1889.

Respectfully submitted,

J. ALFRED MITCHELL,
City Auditor.

AUDITOR'S MONTHLY EXHIBIT.

GENERAL AND SPECIAL APPROPRIATIONS

FOR

1910-1911.

AUDITING DEPARTMENT,
CITY HALL, BOSTON, March 1, 1910.

To the Mayor, City Council and Heads of Departments:

SIRS,—The undersigned, in compliance with chapter 486, section 25, of the Acts of 1909, and chapter 6, section 7, Revised Ordinances of 1898, herewith presents an exhibit for the present financial year of 1910-11, as shown in the books in his office March 1, 1910, including the March draft—being two months' drafts—exhibiting the balances brought forward from 1909-10, the amounts drawn March 1, and the total expenditures; also a statement of the Debt, Sinking Funds and Right to Borrow February 28, 1910.

The March draft comprises special payments and weekly pay rolls during the month of February and pay rolls and bills payable March 1, 1910.

The Appropriation Bill for the financial year 1910-11 not having been passed, payments are made under authority of chapter 320 of the Acts of 1889.

Respectfully submitted,

J. ALFRED MITCHELL,
City Auditor.

OPINION OF CORPORATION COUNSEL AS TO
POWERS OF CITY COUNCIL IN REGARD TO
APPROPRIATIONS.

IN CITY COUNCIL, February 28, 1910.

The following was received:

LAW DEPARTMENT,
BOSTON, February 26, 1910.

To the Honorable City Council, City Hall, Boston:

GENTLEMEN,—I have just received from the Clerk of Committees a request to appear before your honorable body at 4 p. m. on Monday. I regret to say that I have just been summoned to Washington to argue the case of Boston Chamber of Commerce *v.* City of Boston before the Supreme Court of the United States, and shall have to leave for Washington either Sunday night or early Monday morning.

In reference to the subject of roping off streets and displaying flags by the City Messenger, I think that it would be well for the City Council, to avoid misunderstanding, to put their question in writing and I will reply in writing as soon as I return.

As to the other subject, I should say nothing were it not for certain things which have appeared in the daily papers stating that I have given opinions concerning the duties of the City Council in regard to appropriations which I have never given, so I will now give an opinion in writing substantially on the same lines as my conversation with Mr. Mitchell on the subject.

With the exception of increasing appropriations, the provisions of the city charter amendments as to the respective duties of the Mayor and City Council seem to me to be perfectly plain.

The City Council cannot originate an appropriation. The Mayor sends in an appropriation bill to the City Council. The City Council can reduce or reject any item of the budget sent to them by the Mayor. If they reject any item that is the end of it and there is no appropriation made for that object until such time, if it ever arrives, as the Mayor and the City Council may agree on a supplemental budget containing the same item.

If, instead of rejecting an item in the budget, the City Council reduces an appropriation, it then goes back to the Mayor under section 4 of the amendments, it being an appropriation and vote of the City Council which requires to be presented to the Mayor for his approval or disapproval. If within fifteen days he files his objection to this appropriation in writing, then there is no appropriation for that purpose and can be none until both the City Council and the Mayor agree.

As far as the rejection or reducing of items in the budget are concerned, the powers of the City Council are exactly the same as they were under the old city charter except that the veto of the Mayor is absolute and cannot be overridden by a two-thirds vote. The charter seems to me to be perfectly plain on this point, that until the Mayor and City Council concur in the amount there can be no appropriation for any department.

Take as a concrete illustration — if the City Council should vote to reduce the item in the budget appropriating money for the Street Department by the sum of \$500,000 and the Mayor should decline in writing to approve the appropriation so reduced, there would be no appropriation for the Street Department until such time as the Mayor and the City Council could agree upon the amount to be appropriated. If they couldn't agree, the department, after it had exhausted its one-third of the appropriation for the former year which it is allowed to expend under the ordinances, would have to stop work because it would have no money to expend.

Now, as to the only doubtful thing in the city charter on the subject of appropriations. Section 3 says that the City Council shall not increase any item nor the total of a budget nor add any item thereto without the approval of the Mayor. That is to be read in conjunction with section 4, which provides that every appropriation and vote of the City Council except votes relating to its own internal affairs shall be presented to the Mayor for his approval or disapproval.

There can be three constructions put upon this phrase. First, that it is meaningless, being a mere repetition of what

is contained in section 4. Second, that it means that the Mayor has to approve in advance the action of the City Council before it can increase or add any item to the budget. Third, that what is meant is that if any item is increased by the City Council or any new item inserted, such an item cannot become an appropriation unless it has the written approval of the Mayor, that is, it cannot become an appropriation simply by the Mayor not disapproving it within fifteen days.

Take the ordinary appropriation, and if it is presented to the Mayor and he does not disapprove of it in writing within fifteen days it becomes a binding appropriation, and this phrase was intended to make a special exception of increases of items or the addition of an item. On the whole, I am inclined to the last interpretation and am of the opinion that it means that if the City Council has increased any item in the appropriation bill or added any item to the appropriation bill, in order to become binding it must receive the written approval of the Mayor.

Yours truly,

THOMAS M. BABSON,
Corporation Counsel.

Ordered to be printed and placed on file.

JOHN T. PRIEST,
City Clerk.

JURY LIST.

1910.

The following is the list of names of persons liable to serve as Jurors, such list having been prepared by the Board of Election Commissioners of Boston in accordance with the provisions of law.

JOHN M. MINTON,
MELANCTHON W. BURLIN,
ALPHEUS SANFORD,
EDWARD A. McLAUGHLIN,
Board of Election Commissioners.

1 OLD COURT HOUSE,
BOSTON, March 17, 1910.

COMMUNICATION FROM BOARD OF ASSESSORS IN
REPLY TO RECOMMENDATIONS OF FINANCE
COMMISSION RELATIVE TO THE ASSESSING
DEPARTMENT.

CITY OF BOSTON,
OFFICE OF THE MAYOR, March 28, 1910.

To the City Council:

I forward herewith a report made by the Board of Assessors, upon the recommendation of the Boston Finance Commission, with regard to the Assessing Department.

Respectfully,

JOHN F. FITZGERALD, *Mayor.*

CITY OF BOSTON,
ASSESSING DEPARTMENT,
CITY HALL, March 26, 1910.

HON. JOHN F. FITZGERALD,
Mayor, City of Boston:

SIR,—Your communication, containing a copy of the recommendations of the Finance Commission, addressed "To the Honorable Mayor and City Council," under date of February 12, 1910, duly received. The Board has given the subject much consideration, and in a desire to be absolutely fair has made a careful study of the methods in vogue in Brookline and Worcester, which places were used as a basis of comparison by the Finance Commission.

In addition, a subcommittee has also visited Lowell, Lawrence, Cambridge and Lynn. It may also be added that in 1908 a committee visited New York, Cleveland, Baltimore and Philadelphia, and a report of its investigations were made at that time. In many ways the findings made then are pertinent to the present inquiry.

One of the first allegations by the Finance Commission is in effect that the appointments of the principal and assistant assessors have been made for political reasons. In refutation of this statement we would say that of the present board of principals, one has served continuously for twenty-five years as principal, having previously served for three years as second assistant and five years as first assistant; another has served twenty years as principal, having served three years as second and nine years as first assistant prior to promotion; two of the other members served five years as second assistant and fourteen years as first assistant, and one year as a first and two years as a second assistant, respectively. This shows effectively that experience and training has been a factor in the appointments on this Board.

PAY ROLL COMPARISONS.

To the comparison made of the annual pay roll of the department with the pay roll cost per person and per bill in Brookline and Worcester, the Board says there is no parallel, and that this must be obvious to anyone familiar with the work. Brookline, for instance, a residential section, covering about 4,000 acres, noted as a home of wealthy people, many of whom are in business in Boston, cannot be compared with a cosmopolitan city of about 630,000 inhabitants. West Roxbury alone has twice the acreage, and Dorchester one and one-half times the acreage, of Brookline. Worcester is not to be compared in any sense, as the conditions are entirely dissimilar.

The valuation of the City of Boston is almost equal to the total valuation of the other thirty-two cities of the Commonwealth, and when it is taken into consideration that in Boston every piece of property is visited annually and a valuation placed upon the same, the conditions are so different that no fair comparison can be made.

As far as the clerical force of the department is concerned, we admit that the clerks make good pay, and that they are on a schedule which was adopted after the most careful consideration. The Board believes the schedule is in the main a good one.

The clerks are valuable on account of their long experience. The average service of the ward clerks is fifteen years or more, and as they are paid according to work done (the men work from ten to fourteen hours per day, working nights, Sundays and holidays during the busy season), we believe that the money is fairly earned.

The commission admits that more work is performed by clerks in the Boston department than in any other. This being so, it becomes merely a matter of judgment of the officers of the department as to how valuable these men truly are. Surely the experience of from fifteen to fifty odd years must be a valuable asset, and the honesty as well as the ability of the clerks must be considered and due weight given to that feature. The clerks are employed almost the entire year, and are, therefore, clearly in touch with the detail of the department, and are indispensable to its good work.

Referring to the so-called excessive compensation paid in Boston for clerical work, and comparing the clerical expenditure with each million of real estate, personal and total in Brookline and Worcester, it is unfair to make a comparison along these lines.

Much time is taken looking after persons who have ceased to be residents of Boston and who have changed their domiciles. This is also true concerning tax dodgers, and again in the reduction of valuations, which, in some sections of the city, is as important a feature to have properly done as are the increases in valuation.

Further comment is made that the increased cost of clerical work is not justified by the increase in population or in the work of the department. We believe the increase is not due entirely to the gain in population.

The commission says the clerical work has increased 44.7 per cent, the increase in polls only 14.2 per cent. As the poll work is paid entirely by item, it naturally follows that of this 44.7 per cent, 14.2 per cent was due to increase in polls, and the balance, 30.5 per cent, due in a great measure to the following causes: More careful probate work; increase in registry work; more care on our corporation credits at the State House (a man being specially assigned to such work); very large increase in special assessments on street construction and sewer assessments; work on gypsy moths; the making of new assessment districts to meet the increased growth of the city; liens for the collector; Tax Commissioner's data regarding inventories and real estate; Court of Land

Registration certificates; additional work on plans and new buildings, and Massachusetts corporations which have increased over 70 per cent.

Much time is spent each year in searching, locating and identifying persons, who, by change of domicile, have left Boston. Effort is made to properly locate and notify other towns thereof, and further efforts is required in the distribution of estates, which have increased about 100 per cent in ten years, and requires care in the marking of the books and in the following distributees of the estates, many of whom reside outside of Boston. The various towns are always notified of the amounts received by the beneficiaries, all of which work would not appear either in the increased value of the city or the increased number of polls, but, on the contrary, much would be noted as a decrease. Some of this work, the change of domiciles for instance, has increased 170 per cent in ten years.

To compare this work with that done in small places by women, or girls who are in school and who work during their vacation for "pin money," as was expressed by some of the assessors visited, at rates varying from fifteen cents to twenty-five cents per hour, is obviously unfair. In a city the size of Boston, under the existing laws, it would not be possible to have competent clerks do the street and other clerical work that is required of them and have girls also at work.

About two years ago there was a 7 per cent reduction made in the clerks' schedule, and one dollar per day on the street, which has resulted in a reduction of the earnings of the men. The clerks are obliged to pay for extra assistance out of their compensation.

THE STREET WORK.

Comparison with the city of New York or with cities of other states, where the laws and labor are entirely different, is also unfair. To give an illustration: In New York no bills for real estate are made except on a request from the owner of the property, who must describe the same by street, lot, block or number sufficiently well for the assessors to make the bill, as they do not keep any records of transfers. The ownership of the property is not recorded except on application, the applicant bringing his deed to the assessing department to have it done. They do not assess a poll tax, and while the population is seven times that of Boston, and the valua-

tion of the real estate is nearly seven times that of Boston, the personal property taxed is less than double, as is shown by the following figures for 1908:

NEW YORK.	
Population	4,442,685
<i>Valuation.</i>	
Real Estate	\$6,722,415,789
Personal	435,774,611
Total	<u>\$7,158,190,400</u>
BOSTON.	
Population	618,310
<i>Valuation.</i>	
Real Estate	\$1,082,405,300
Personal	242,606,856
Total	<u>\$1,325,012,156</u>

Under the present system, the Boston assessors, with their clerks, visit every building annually, which gives them the opportunity to see how a man lives, to learn the character of his home, to obtain a record showing whether or not he is the owner, whether he has servants, horses, automobiles, etc., and also to inquire as to his place of business. These facts are all necessary in determining the amount of personal estate or income upon which he shall be taxed.

To divide the responsibility and say that the assessors must accept a list of names taken by the police for taxation purposes we believe is undesirable, and that eventually it would result in lowering the efficiency and standard of a department which should be strengthened and improved, if possible. This plan could not be considered this year even if the Legislature in its wisdom should decide that such a proposition is desirable, therefore we make no further comment, although there are many other reasons which could be given why this proposition is not desirable.

COST OF ASSESSING SINGLE POLLS.

The cost of assessing and collecting single polls as estimated by the commission at \$115,000 is excessive and also unfair. The actual expenditure for this work for 1909 was as follows: In the tax books, upon the bills, and in the collector's manuscript (items 2, 3 and 5 of their report) is about \$10,409.60; upon the cards used to prepare the consolidated manuscript (item 6), \$1,513.15; in the consolidated manu-

script (item 7), \$1,990.90,—making a total of \$13,913.20. We make no estimate of the expenditure in the street books (item 1), or upon the bill coupons (item 4), but we feel that this vast difference between the estimate of the Finance Commission and the actual cost of assessing and collecting these polls is due to arbitrary judgment regarding the remaining items.

The Finance Commission states that the name of the single person assessed for a poll is written seven times, and has ridiculed this proposition. We find, however, that the same process is used in other places, where the name is written ten times in some instances, and in no place less than six. Where it is written ten times, however, two of the extra writings are occasioned by the making of a list of persons liable to enrollment in the militia, and making a copy for the Registrar of Voters to be used in making up the voting list. In writing such a list seven times in Boston, two of the writings are necessary in preparing the consolidated manuscript.

It is evidently the intention of the commission that the assessors shall use the list of names furnished by the police, which is not a voting list but a list of male residents twenty years of age and upwards. If the Listing Board was to furnish this Board with cards copied from those taken by the police, it would only make another writing by another department, which we believe would be undesirable.

The assessors originally supplied the Election Commissioners with the names from which the voting list was prepared successfully for many years, and in our opinion money could be saved if we performed this work as formerly.

We consider that the taking of the poll on the street is only an incident to the assessment of the person, and that a personal tax frequently follows the person taken on the street for simply a poll tax. The first assistant assessors are empowered to fix a personal tax under \$5,000, and investigate all of the persons who, in their judgment, would be liable for more than a poll tax. Much personal property is secured in this way that might otherwise be lost.

The Finance Commission suggests that the single poll cards can be separated. In answer, the assessors never know what a single poll is until after the rate is declared, as hundreds of thousands of dollars are placed on individuals in Boston just before this rate is determined.

The Finance Commission suggests that from this list the bills and coupons could be made at one operation either by typewriter or by hand. The assessing departments visited had this work done by hand, the same as in Boston. Those

familiar with the methods of typewriting and the assessors agree that there would be no economy in doing the work in this manner.

The commission claims that from the same list, at one operation,¹ duplicate sheets could be made, one for the assessors' single poll tax book for the entire city, and one for a duplicate book for the collector.

THE DEPARTMENT'S BOOKS.

The "single poll" tax book for this department, also the collector's manuscript, which the Finance Commission speaks of as the "duplicate book," are books that are in constant use and that have hard service. The best material is required, and it is doubtful that paper of enough stability to withstand the hard usage to which these books are subjected could be used in preparation of a carbon copy.

The Finance Commission says that these sheets could be subsequently bound in book form, thus rendering unnecessary the entry of "single poll" items in the consolidated manuscript, which now contains the list of single poll and personal and real estate assessments, and that the new single poll book would be as useful to those who have settlement claims as the present consolidated manuscript.

To this we reply that the alphabetical list for the collector covering the entire city was in vogue many years and was abandoned some forty years ago as a cumbersome and undesirable proposition. We attach to this report copies of the letter written to the collector and his reply thereto.

The commission also says this book, which they speak of as a "single poll" tax book, could be used by the public and parties who have settlement claims, and that it would be as useful as the present consolidated manuscript. We call your attention to the fact that tax books are behind the rail, where they are in constant use by the clerks in making bills for the public. If people looking up settlement cases and the public were deprived of the use of the books they would be greatly inconvenienced. The work of this department would also be seriously hampered if people desiring to consult the same had possession when it was absolutely necessary that they should be used by the department.

The question of doing away with a list of this kind was brought up at the time of a report of the former Finance Commission, and the Board of Assessors omitted writing a list of the single poll tax payers, but it was found so necessary that it was afterwards done, although later than usual.

Regarding the method of handling the single polls in event of the police list being adopted, and a responsible private company offering to do the work for \$1,955, we believe the price is absurdly low. It requires, first of all, the assortment of about 200,000 cards, which, at the lowest estimate, would take twenty men twenty days. After this assortment it would be necessary to examine each of these cards, and to mark the poll tax payers separate from the property tax payers, almost as much work as assorting before the writing is started. The writing of these names with carbon copies would naturally be slower and would take more time than one writing.

It is important in considering the estimate of a private concern to know whether this work, which they agree to do for a low price, is for one year, or would be a contract for three, five or more years, and, also, whether the work is done as an advertising proposition, thus placing in competition clerks who are men of experience, training and ability with a business house contending for advertising purposes.

We believe that this is not practicable, as our books could not be turned over to any private concern, because they would be wanted by our clerks on work of more importance at the same time. However, this whole proposition is entirely dependent upon legislation.

USE OF REAL ESTATE BOOKS.

Regarding our real estate books (which contain the record of all the real estate in Boston, written by our clerks, giving the name of the owner, location, area, value of land per foot, total value of the land, value of the building, and the total valuation of the property), they are constantly in use by the public. There are many serious objections to adopting a system in a public office such as is employed by the Real Estate Exchange, which has a membership of about three hundred. The book used by them is perhaps suitable for their use, as it is consulted mostly by women clerks in that department, who give valuations over the telephone to members of the Exchange.

We believe that a loose leaf book of such a record in a public office is not desirable, and that it would not last for five years. In other words, much of it would have to be rewritten and the expense eventually would be greater, and the record would be far inferior to the present one.

The city of Cambridge formerly used a book of the kind in use by the Real Estate Exchange, but has discontinued it owing to the confusion created among the public and the number of complaints made. We consider that with the rough usage given to a book of this kind at our office, it would have to be rewritten at the end of three if not two years, and the change of the index necessary in many wards each year on account of new streets and divisions of estates would add considerable to the expense.

In place of these five-year books for record, if more than one year is considered necessary, we suggest for consideration, although not for adoption, a card system, which would be very expensive to adopt the first year, including the cost of cards and cases to hold them, but would undoubtedly show some slight saving for each succeeding year.

THE DOOMING BOARD.

A card system introduced into the work of the Dooming Board about seven years ago has been developed, and we are getting good results from the work. These cards are valuable as showing the record of assessment for each person for a period of years, and in every way are satisfactory. The only danger lies in the wrong possession of the cards. The Assessing Department alone should have access to them. They are used exclusively by the officials of the department. If used by the public there would be great danger of loss, as no duplicates are ever made. While the card system for the Dooming Board is satisfactory, we believe that its extension to other parts of the department would be against the best interests of the city, as the Board now gives the public a very much better record than any system of cards yet devised.

The cards have also been used in the preparation of the consolidated manuscript for many years. They are not used as a record, but are used to compile an alphabetical index, each clerk writing the cards for his ward, and they are afterwards brought together in strictly alphabetical order for the index.

We believe that the information given to the Dooming Board by the local assessors is of great value. In this connection we call attention to an abstract from the report of F. R. C. Steele of the firm of Patterson, Teele & Dennis, experts employed by the Finance Commission.

"The principal assessors, along with the first assistant

assessors, compose the Dooming Board, which is usually in session from June 16 to August 15, and this Board determines the assessments of personal estates amounting to \$5,000 and upwards. We attended a meeting of the Board and were favorably impressed by its careful and systematic work. The principal assessors review the statements of personal property submitted under oath by persons assessable, and in the fall all claims for abatement come before them, and they conduct a hearing for the disputed abatement claims."

We claim that the judgment of forty-six first assistant assessors and seven principals is better than that of a smaller body of men, no matter how competent, and that a more representative judgment is obtained, especially as all of the dooming in other places in this Commonwealth is done on memorandum information. It is also true that a large body of men is not as easily corrupted, and there is naturally less chance of conspiracy.

In the city of Lowell this Board found the assessors and the clerical force composed of able men, but, owing to an investigation made a few years ago, the City Council of that city has failed to appropriate sufficient funds to run the department as it should be. This Board is satisfied that the city of Lowell is losing an income, the amount of which is much larger than would be required to run the department properly.

Taking the city of Lowell as an example, we should say, therefore, that it is a "penny wise and pound foolish policy" to tie the arms of the assessors so that a few dollars may be saved on labor, resulting in many thousands lost by a failure to tax.

In conclusion, we say that, after careful and searching investigation, we are satisfied with the work of this department, and believe that it is not excelled by any city in the country. Instead of "the methods of administration of the department being antiquated," every recognized modern idea that could be reasonably taken has been adopted by the department, and a better and more complete record is made and given to the public than in any city or town in the country. We believe that the people of Boston are entitled to all this consideration.

We also call attention to the fact that the assessors are state officers, and are under the supervision of the state authorities. They levy the state tax as well as the city and county tax, and the revenue from this depends upon the efficiency with which the department is conducted. Lack

of appropriation to do the work properly would be quite likely to result in more loss to the city than the whole amount of the appropriation.

Respectfully submitted,

For the Board of Assessors,

CHARLES E. FOLSOM,

Secretary.

CITY OF BOSTON,

ASSESSING DEPARTMENT,

CITY HALL, March 2, 1910.

CHARLES R. BROWN, ESQ.,

Collector of City of Boston:

DEAR SIR,—It is proposed that a list of single polls be made from cards taken by the police officers on the day of assessment, by assorting these cards alphabetically for the whole city, and that a carbon copy of said list be furnished you in place of the collector's manuscript now furnished.

Will you kindly advise me whether or not this is a feasible proposition as far as it relates to your department, and oblige,

Yours very truly,

CHARLES E. FOLSOM,

Secretary.

CITY OF BOSTON,

COLLECTING DEPARTMENT,

CITY HALL, March 2, 1910.

MR. CHARLES E. FOLSOM,

Secretary of the Board of Assessors,

City Hall, Boston:

DEAR SIR,—In answer to your communication of even date in relation to the method of listing single poll taxes, I desire to state that so far as it relates to the Collecting Department, to my mind it is not a feasible proposition, for the reason that, first, you are returning to an antiquated system that was discarded years ago by both the Assessing and Collecting Departments as cumbersome and inadequate; second, as each ward in the city, for the purpose of book-keeping in this department, is held as a separate account, and a balance is made at certain intervals during the year, which would be impossible if single polls should be listed as

proposed; third, individuals of similar names living in a ward, it would be impossible for the employees of the Collecting Department to identify one from another, and thus bring about a situation of the wrong man being credited with the payment.

In relation to carbon copies of the same, I will state that while the law does not stipulate the collector's authority in the matter, as these records are permanent, to be on file for all time for information, I would deem it my duty, as an officer of the city, with its welfare at heart, to oppose such methods, knowing as I do the amount of handling which is necessary in the ordinary transaction of business. There is great danger of a carbon copy becoming obliterated and the records thereby destroyed.

If it was fully understood that upon these records depends the settlements of individuals applying for aid, either through the Overseers of the Poor, the Soldiers' Relief, the City Hospital and other institutions, and the work necessary to establish those settlements, it would be seen at once that a carbon copy would be wholly inefficient for the service.

Yours respectfully,

CHARLES R. BROWN,
City Collector.

IN CITY COUNCIL, March 28, 1910.

Ordered to be printed and placed on file.

JOHN T. PRIEST,
City Clerk.

ORDINANCES OF 1910, CHAPTER 2,

CONCERNING

WATER RATES FOR METERED SERVICE.

In the Year One Thousand Nine Hundred and Ten.

Be it ordained by the City Council of Boston, as follows:

Section two of chapter forty-two of the Revised Ordinances of 1898 is hereby amended by striking out the word "fifteen" in the eleventh line of said section, and inserting in place thereof the word "eight," so that said section shall read as follows:

SECTION 2. Said commissioner shall make contracts, and make out the bills, for the use of water, and send the bills to the City Collector; shall make abatements of charges for water where improperly assessed; shall provide that all bills for water by annual rates shall be due in advance on the first day of January of each year, and be paid within sixty days thereafter; that all bills for fractional parts of a year, or for specific supplies, shall be due when the water is let on or delivered, and be paid within ten days thereafter; that all bills for water furnished and measured by meter shall never be less than eight dollars per year, shall be due on the first day of January, April, July and October, and shall be paid within ten days thereafter; shall, when two or more dwelling houses are valued together for the assessment of taxes,

make separate valuations of each; and shall, when a portion only of an estate is chargeable for the water, make a separate valuation of such portion, and on such valuations the amounts to be paid, if based on values, shall be assessed.

IN CITY COUNCIL, March 28, 1910.

Passed.

JOHN T. PRIEST,
City Clerk.

Approved March 30, 1910.

JOHN F. FITZGERALD,
Mayor.

A true copy.
Attest:

JOHN T. PRIEST,
City Clerk.

AUDITOR'S MONTHLY EXHIBIT.

GENERAL AND SPECIAL APPROPRIATIONS

FOR

1910-1911.

AUDITING DEPARTMENT,
CITY HALL, BOSTON, April 1, 1910.

To the Mayor, City Council and Heads of Departments:

SIRS,—The undersigned, in compliance with chapter 486, section 25, of the Acts of 1909, and chapter 6, section 7, Revised Ordinances of 1898, herewith presents an exhibit for the present financial year of 1910-11, as shown in the books in his office April 1, 1910, including the April draft—being three months' drafts—exhibiting the balances brought forward from 1909-10, the amounts drawn April 1, and the total expenditures; also a statement of the Debt, Sinking Funds and Right to Borrow March 31, 1910.

The April draft comprises special payments and weekly pay rolls during the month of March and pay rolls and bills payable April 1, 1910.

The Appropriation Bill for the financial year 1910-11 not having been passed, payments are made under authority of chapter 320 of the Acts of 1889.

Respectfully submitted,

J. ALFRED MITCHELL,
City Auditor.

MONTHLY STATEMENT
OF THE
CITY TREASURER

AND OF THE

TREASURER OF THE BOARD OF COMMISSIONERS
OF SINKING FUNDS.

TREASURY DEPARTMENT,
BOSTON, April 1, 1910.

HON. JOHN F. FITZGERALD,
Mayor of the City of Boston:

SIR,—The undersigned herewith presents a statement of the receipts and payments of the City of Boston and County of Suffolk for the month of March, 1910, being two months of the financial year 1910–1911, also of the balance of money remaining in the Treasury March 31, 1910, and where deposited.

A statement of the receipts, payments and resources of the Sinking Funds is appended.

Respectfully submitted,

CHARLES H. SLATTERY,
City Treasurer.

COMMUNICATIONS FROM THE FINANCE COMMISSION, THE CLERK OF COMMITTEES AND THE CITY MESSENGER RELATIVE TO THE OFFICERS CONNECTED WITH THE CITY COUNCIL.

BOSTON FINANCE COMMISSION,
BOSTON, March 24, 1910.

To the Honorable the City Council of Boston:

GENTLEMEN,—The commission is in receipt of the communication of the City Council, dated March 23, 1910, requesting the commission to submit to the City Council at the next meeting its reasons in writing for the opinion stated in its communication of March 16. In the said communication of March 16, the commission stated that, in its opinion, the services of either the Clerk of Committees or City Messenger should be dispensed with, at a saving of \$2,500 a year. This statement was a repetition of the statement previously made by the commission in its report to the Mayor and City Council, dated February 18, 1910.

The commission believes that the office of Clerk of Committees is unnecessary and should be abolished, and that the office of City Messenger is necessary and should be maintained. The reasons for the opinion are as follows:

The duties of the City Council have been greatly reduced by sections 9 and 28 of chapter 486 of the Acts of 1909. Under section 9 the power formerly exercised by the Board of Aldermen in the confirmation of officials appointed by the Mayor is to be exercised by the Civil Service Commission. By virtue of section 28, a number of duties of considerable importance, the discharge of which occupied much of the

time of the Board of Aldermen, have been transferred to the Board of Street Commissioners. Section 28 reads as follows:

"The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds, and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquises, in, under, or over the public ways shall be issued."

On account of these reductions the clerical work formerly performed by attendants upon both branches of the City Council, consisting of eighty-eight members, has likewise been greatly reduced. Thus, the Clerk of Committees, who formerly was obliged to attend meetings of all committees of both branches of the City Council, under chapter 13 of the Revised Ordinances of 1898, would, if retained, have to attend the committees of a City Council consisting of nine members only. Under a recent order of the City Council the duty of the Clerk of Committees to issue licenses and badges to minors under section 3 of chapter 13 of the Revised Ordinances of 1898 has been transferred to the City Clerk Department. The other duties of this officer, under said chapter 13, relating to the keeping of records of the committees and a calendar of their meetings, the issuance of notices of such meetings to the members, and the care of the library, can be performed by the City Messenger and his assistant, aided by the members of the City Council, in the manner hereinafter described.

The City Messenger, having been relieved of the care of the City Hall building by the transfer of the force of janitors, etc., to the Public Buildings Department, will, under the new system, have time to perform additional duties. He and his assistant can attend all the regular meetings of the City Council, issue notices of the meetings of the Council and of

its committees, have the custody of the records of committee meetings, keep the calendar thereof, keep the reference library and furnish the members of the Council with such documents as they may require. They can also perform the other duties enumerated in chapter 12 of the Revised Ordinances of 1898 relating to the display of flags, etc. The City Messenger, who under said chapter 12 has control of the police assigned for the protection of City Hall, and is also charged with the duty of preserving order in the City Hall, can also act as sergeant-at-arms during the meetings of the City Council.

The City Clerk, under chapter 11 of the Revised Ordinances of 1898, is required to attend all meetings of the Board of Aldermen and to keep records of such meetings. By virtue of the charter amendments of 1909 (chapter 486, section 22), such duties in relation to attendance upon the Board of Aldermen are to be continued with reference to the new City Council. Section 3 of said chapter 11 of the Ordinances provides that the Assistant City Clerk shall assist the City Clerk in the performance of the duties of his office, and the Assistant City Clerk, therefore, in the absence of the City Clerk, could attend the meetings of the Council and keep its records. The commission assumes that the stenographer who keeps a record of the proceedings of the City Council and of the speeches of its members will continue to be employed.

The commission sees no reason why one member of each committee of the City Council cannot act as clerk of the committee, thereby dispensing with the necessity of maintaining the office of the Clerk of Committees. This practice has been followed successfully by the Massachusetts Legislature, whose duties are as numerous and important as those of the City Council. If it should happen that two or more committees of the City Council should be conducting hearings at the same time, and stenographers are required, which may not occur frequently, it would probably be less expensive to employ outside stenographers at the rates usually paid public stenographers than to employ a permanent assistant stenographer. There does not seem to the commission to be any necessity, for the present at least, of maintaining an assistant stenographer. The committees of the Massachusetts Legislature do not employ stenographers for committee hearings except upon extraordinary occasions, and then only when authorized by a vote of both branches of the Legislature.

The commission submits that the service formerly per-

formed by a great number of attendants can now be performed by the following officials:

1. The City Clerk.
2. The Assistant City Clerk.
3. The City Messenger.
4. The Assistant City Messenger.
5. The official stenographer.

The commission does not express any opinion as to whether the present City Messenger or the present Clerk of Committees should be appointed to the office of City Messenger.

Respectfully submitted,

The FINANCE COMMISSION,
by JOHN A. SULLIVAN,
Chairman.

CITY OF BOSTON,
CLERK OF COMMITTEES DEPARTMENT,
CITY HALL, April 4, 1910.

To the City Council:

GENTLEMEN,— I am requested by your order of March 28 to make a statement as to whether or not the Finance Commission's recommendation in regard to the abolition of the office of Clerk of Committees should be adopted.

In reply I will say that a recommendation made without the slightest investigation as to the amount or character of the work formerly performed by the Clerk of Committees Department, or now performed by the Clerk of Committees, is hardly worthy of serious consideration.

While it is true that the charter amendments reduced to some extent the powers of the City Council, the reduction is by no means so great as to justify the assumption that work formerly requiring four employees in the Clerk of Committees Department and six employees in the City Messenger Department can now be performed by the City Messenger and one assistant, even though the confirmation of appointments, with which neither the Clerk of Committees nor the City Messenger had any connection, has been turned over to the Civil Service Commission.

For example, in 1908, in the five weeks immediately following the appointment of committees, there were thirty-eight committee meetings; in 1909 there were thirty-nine meetings, and this year, in the corresponding period, there

have been thirty-seven meetings, including those of the Committee on Claims, whose work alone is sufficient to require practically all the time of one clerk.

The present Clerk of Committees has endeavored to perform his duties to the best of his ability, although it must be evident to anyone familiar with the City Government that it is impossible for one man to do the work of the Clerk of Committees Department or of the City Messenger Department.

However, the members of the City Council are the ones to determine what officials they require, and those who are most familiar with the work of the City Council are the ones who are the least likely to underrate its importance.

Respectfully,

JOHN F. DEVER,
Clerk of Committees.

CITY OF BOSTON,
CITY MESSENGER DEPARTMENT.

To the Honorable the City Council of Boston:

GENTLEMEN,—In compliance with your order of March 28, 1910, "that the City Messenger be requested to prepare a written statement as to whether or not the Finance Commission's recommendation in regard to the abolition of the office of Clerk of Committees be adopted, also as to the number of Assistant City Messengers needed in the performance of his work," I submit the following, and if, in doing so, the suggestion of Priscilla to John Alden presents itself to me I trust I may be pardoned if I apply it. Therefore I shall comply with the latter part of the above order first, and in so doing shall endeavor to demonstrate by enumerating in detail the duties of the City Messenger, the necessity for the two assistants I recently personally requested of the Executive Committee of your honorable body.

The general duties of the City Messenger are defined in your order of February 21, 1910, which is as follows:

Ordered, "That the City Messenger, already elected by the City Council, shall have the care, custody and distribution of all documents, pamphlets and books printed for the City Council, and of all such documents, pamphlets and books formerly in charge of the City Messenger; shall attend all meetings of the City Council and committees thereof;

shall, under the direction of the presiding officer, have the supervision of such chambers and rooms as may be assigned for the use of the City Council or any committee thereof; and shall perform all services required of him by the Mayor, the City Council and any committee thereof, for the conduct of their affairs; shall have the charge of all regular or special details of police for the preservation of order in City Hall, and may spend such money as may be necessary for the performance of his duties, subject to the approval of the City Council, such money to be paid from the appropriation for City Council, Incidental Expenses."

The care, custody and distribution of the documents, etc., occupy an important place in the duties of the City Messenger. In the office of the City Messenger, in compartments made for them, are the minutes of the meetings of the City Council for the present and the preceding year. When received a certain number, formerly two hundred, are set aside, sent to the document room in the basement, and held there until the close of the year, when they are sent to the bindery. When returned bound they are distributed as directed by a vote of the Printing Committee, usually in the following way: A copy is sent to each member of the City Council, one to each department, one to each of the ex-mayors, and several to the State and Public Libraries, the Mayor, etc. In the office are also compartments for the unbound documents of the present and previous year. We have in the document room packages containing a certain number of each of these documents as they come from the press, that is, in sheet form, and these are held until the end of the year, then sent to the bindery, and when returned bound are addressed and sent out by us to the places designated by vote of the Committee on Printing. These documents are known as the bound volumes of the City Documents. These include all documents ordered printed by the City Council and the department reports.

In addition to these are such publications as the "Revised Ordinances," "The Statutes relating to Boston," "The Municipal Register," "The Rapid Transit Commission's Report," "Report of the Special Commission on the Disposal of Garbage," "Tenement House Commission's Report," "City Employees' Book," publication entitled "Brighton Day," "Report of Commission on Height of Buildings," also "Dorchester Day Celebration," "Finance Commission's Report," Closing Proceedings of the Board of Aldermen,"—and many others.

I am about to receive 1,500 copies of a book entitled "List of Streets," 1,000 of which will be on sale in the office.

The documents in the office are for public distribution, as are most of the books. All are sent when received to the City Council and departments. All of the above mentioned books, and many others, are done up by us in packages and sent as directed by the Committee on Printing. For instance, within a few days I received 590 "Dorchester Day Books," and have sent them as directed by the committee. A considerable amount of time is of necessity consumed in doing up packages, addressing and sending these books and documents, as well as caring for them.

In the document room in the basement and in the Old Court House are 4,865 boxes of documents containing 6,434 different kinds of documents. They date from 1824 to 1910, are all indexed, and can be procured upon application until the supply reaches a single document of each kind. Daily requests are made by individuals, not only for current issues of the city publications but for files of back reports for five, ten and even twenty years; many similar requests are received from libraries and cities all over the country, hence many trips to the document room must be made. Last year the City Messenger's office sold 301 copies of the Revised Ordinances, at a dollar each, and also 183 copies of the Codification of the Statutes relating to Boston, compiled by Mr. Babson, for one dollar each.

Although the Legislature is in session but five or six months two men are constantly employed in the document room at the State House, one in charge, the other an assistant, caring for the legislative documents only; the other documents, such as the Agricultural Reports, etc., are cared for by the Secretary of State.

In relation to my duties in immediate connection with the Mayor and City Council, I would say that I am in attendance at the regular meetings on Mondays and at any and all special meetings of the Council or any of its committees, such as Appropriations, Finance, Claims, etc., also at all public hearings, held in the Council Chamber. Since Inauguration Day, February 7, 1910, the Mayor and Council have held eight night meetings in different sections of the city; the Committee on Appropriations, ten night meetings in City Hall; the Evacuation Day Committee of the South Boston Citizen's Association held four night meetings, to which I had been assigned; none of these meetings adjourned earlier than ten o'clock, and many of them much later. In

addition to these are numerous hearings in the Council Chamber, as, for instance, the one conducted by the Mayor, in connection with the sale of the fire house on Mason street; by the Street Commissioners, in relation to wooden pavements in certain downtown streets; by the Park Commissioners, in relation to the planting of trees on Commonwealth avenue; by the Mayor, in relation to moving picture theaters, and others. These are public hearings, and it is my duty to look after the comfort of the citizens attending them and to preserve order in and about the meeting.

My duties in the regular, and in the committee, meetings consists of my personal attendance, in the delivering of the orders of the members, the supplying of necessary documents, stationery, etc., attendance on the Mayor when drawing jurors, and such service as may be required by the members in relation to matters pertaining to various departments, etc.

The City Messenger is given, under the direction of the President, the supervision of such chambers and rooms as may be assigned for the use of the City Council. The duties are to attend the delivery of the mail of the City Council, the filing of documents and minutes on the desks of the members, supplying stationery and ink and seeing that the rooms are kept in proper condition. When the new chamber and committee rooms are completed the care will be greater.

The City Messenger is ordered "to perform all services required of him by the Mayor, City Council and any committee thereof, for the conduct of their affairs."

Among those duties are attendance upon the Mayor at reviewing parades. This necessitates acquiring information as to time, place, etc., and the ordering of the erection of reviewing stands, ropes, etc. In recent years holidays have been amongst my busiest days, complying with requests and attending to various matters in connection with the public events in different sections of the city. The office has in the past on occasions looked after the comfort of the city's guests. This is eliminated to some extent now, although within a week a delegation of over 300 from Toronto visited City Hall, and the Mayor requested the City Messenger to aid them in their visit to the State House and Library. In times of great calamities, such as fires and floods, when the city has given aid in the form of food, clothing, bedding, etc., the City Messenger's office has rendered very valuable assistance in the handling and forwarding the supplies, notably in the case of the Chelsea fire. For years a fire-alarm tapper has been in the office, that we may be

notified at any time of a great fire. The displaying of flags on certain days prescribed by ordinances, the care of the flags and flagstuffs, the roping off of the streets, Common and public grounds for parades, drills and other public events, such as fireworks, races, athletic games, etc., are also among his duties. The receiving of election returns, state and city, have been performed by him. The preparation and keeping of a directory of persons employed in City Hall for the use of the office and letter carriers.

The City Messenger's office is also in a great degree an information bureau. All kinds of inquiries are made in person and by telephone in relation to departments — from their location to their respective duties. The incidental expenses attending the performance of all these duties assigned to the City Messenger include a variety of small matters, but require as careful bookkeeping as if larger, and take considerable time. These facts are mentioned to give an idea of the variety of the work the City Messenger is called upon to perform.

The preservation of order in City Hall requires the assignment of policemen to duty at hearings, etc. All these duties, previously mentioned, require time and cannot be performed in rotation, nor can they be properly performed by two persons. For instance, if a person desired a document of a few years back, and called for it between the hours of twelve and two o'clock any day (if an hour is to be allowed for meals), it would be impossible to accommodate him without leaving the office unattended while the person in charge went to the document room to procure the document wanted. The same condition would prevail on Monday afternoon, when the City Council is in session; on Thursday, when the Committee on Claims meet; whenever there is a public hearing in the Council Chamber, or when there is a committee meeting; when the City Messenger is attending a review, or looking after the matter of roping the streets, or when he is for any reason absent from the office. Under any and all of these conditions the office must be left without someone in charge, to the disadvantage of the next person, whether a member of the City Council, representative of a department, or others having business with the office at the same time. If, as it is often the case, a number of documents are desired, the delay is greater.

Some of the afternoon meetings or hearings have been prolonged to such an extent that by the time the documents, stationery, etc., were arranged for the evening meeting,

there was hardly sufficient time left to procure a lunch before the evening meeting began. I wish to say that I have absolutely no complaint to make as to the number of hours I may be on duty, and still that may not be understood. For example, I have been on duty twenty-two nights since February 7, that is, twenty-two out of forty-two nights of the working days of that time.

The Finance Commission suggests that because of the fact that the janitor service has been transferred, the City Messenger with one assistant can find time for the performance of other new duties. The fact is, that when the janitor service was included in my department, I had five assistants to aid me in the work. The janitors were well organized, and required little service from the office with the exception of the bookkeeping. With the remaining duties, as numerous as they are, it is utterly impossible to do the work as it should be done without at least two assistants. At present, there are days when neither Mr. Silloway (who is temporarily assisting me) nor myself can find time for lunch until it is too late to go.

The Finance Commission, while recognizing the necessity for the office, does not fully understand the amount of work involved in the fulfillment of the duties assigned to it. It is impossible for anyone not intimately connected with it to do so. The hours of duty are so uncertain, and the work so varied in its nature, demanding the presence of someone in so many different places, often at one and the same time, that it is not fair to judge it by ordinary office standards where purely clerical work is required. While to a casual observer it might appear that the City Messenger and one assistant were able to perform all the duties required, to one who is thoroughly acquainted with the office, and the multiplicity of calls made upon it for service of all kinds (many of which I have endeavored to explain in detail), it is evident that the work cannot be done properly by two persons.

Having, therefore, clearly demonstrated that two assistants are at present necessary, it is apparent that under these conditions it would be impossible for the City Messenger to assume even the few additional duties of the Clerk of Committees, recommended to be transferred to him in the report of the Finance Commission on March 28, 1910, without additional assistants. In view of these facts, my opinion in relation to the Finance Commission's recommendation concerning the abolition of the position of Clerk of Committees

is that, in so far as my office is concerned, it should not be adopted, and I assume that it is in this regard that my opinion is requested or desired by the City Council.

Very truly yours,

EDWARD J. LEARY.

IN CITY COUNCIL, March 28, 1910.

Ordered, That the report of the Finance Commission in regard to the abolition of the Clerk of Committees' position and the statements of the Clerk of Committees and City Messenger be printed as a public document.

Passed.

JOHN T. PRIEST,
City Clerk.

REPORT OF THE COMMITTEE ON APPROPRIATIONS

SUBMITTING THE

APPROPRIATION BILL FOR THE CITY AND COUNTY FOR 1910-11.

IN CITY COUNCIL, April 11, 1910.

The Committee on Appropriations, to whom was referred the message of the Mayor transmitting the estimates of the several departments for the financial year 1910-1911, and the appropriations recommended by him, having considered the same, respectfully submit the following Appropriation Bill for the city and county for the present financial year, and recommend its passage, together with the accompanying orders.

For the Committee,
FREDERICK J. BRAND,
Chairman.

CITY OF BOSTON.

APPROPRIATION AND TAX ORDERS FOR THE FINANCIAL
YEAR 1910-1911.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of February, 1910, of performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or the County of Suffolk, or the departments or officers thereof, and to meet their respective obligations for interest on debt, sinking fund requirements, and maturing debt not provided for by sinking fund, the respective sums of money hereinafter specified be, and the same are, hereby appropriated for the several departments, and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Department, current expenses, and the payments to the state under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest requirement for loans issued for water purposes, be met by the income from said works and any excess over income from taxes; that the other appropriations hereinafter specified or heretofore made be met out of the money remaining in the treasury at the close of business on January 31, 1910, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust, or special appropriation, and by the income of the financial year, beginning February 1, 1910, and by taxes to the amount of \$13,971,366, and that said amount be raised by taxation on the polls and estates taxable in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury and then credited to the appropriation of the department or division rendering such service or doing such work, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That to provide temporarily money to meet the appropriations aforesaid, the City Treasurer issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston, not exceeding nine million dollars in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon at the office of the City Treasurer within the current financial year, from the taxes of said year, and bear interest from their date until the same are made payable at such rate as said treasurer shall deem proper.

Ordered, That all taxes raised to meet the appropriations of the City Council, and all taxes assessed for meeting the city's proportion of the state tax of the year 1910, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1910; that all such taxes paid after the first day of November, 1910, bear interest from and including said day until paid, at the rate of six per cent per annum, except the taxes assessed upon shares of stock of national banks shall bear interest at the rate of twelve per cent per annum from and including said first day of November until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

APPROPRIATION BILL.

CITY COLLECTOR'S
MONTHLY STATEMENT

FOR THE MONTH OF

MARCH, 1910.

COLLECTING DEPARTMENT,

BOSTON, April 1, 1910.

To the Mayor of the City of Boston:

SIR,—The undersigned presents herewith a statement of the receipts in this department, on account of the City of Boston and the County of Suffolk, during the month ended March 31, 1910, and the several accounts to which said receipts have been credited.

Respectfully submitted,

CHARLES R. BROWN,
City Collector.

AUDITOR'S QUARTERLY STATEMENT OF MONEY EXPENDED BY THE MAYOR AND THE CITY COUNCIL FOR CONTINGENT EXPENSES.

CITY OF BOSTON, AUDITING DEPARTMENT,
CITY HALL, April 1, 1910.

To the City Council:

GENTLEMEN,— The undersigned, in compliance with chapter 486, section 25, of the Acts of 1909, herewith presents a statement of the amounts expended by the Mayor and the City Council for contingent expenses for the quarter ending April 1, 1910.

Respectfully submitted,

J. ALFRED MITCHELL,
City Auditor.

MAYOR, OFFICE EXPENSES, ETC.

(Financial year 1909-10.)

Payments from January 1, 1910, to January 31, 1910, Inclusive.

REPORT OF THE COMMITTEE ON SOLDIERS' RELIEF IN RELATION TO THE MANAGEMENT OF THE SOLDIERS' RELIEF DEPARTMENT.

IN CITY COUNCIL, April 11, 1910.

In compliance with an order passed on February 28, 1910, your committee has investigated the Soldiers' Relief Department of the City of Boston, with special reference to a report recently submitted to the Mayor and City Council by the Finance Commission. Your committee has requested and obtained a statement from Mr. Gilman, the head of the Soldiers' Relief Department. The Finance Commission's report and Mr. Gilman's statement are attached to the report which your committee now submits.

In dealing with this question of soldiers' relief it must be continually borne in mind that there is a distinction between this kind of relief and the relief granted by private or public charities. In the latter case there is no peculiar relationship between the private or public charity and the recipient, throwing a particular burden upon the charity to support or help the recipient. In the case of soldiers' relief, on the other hand, although of course the relief is granted only to those who are in need, yet when so granted it is granted not as alms but as a reward for past services, as a token of gratitude on the part of the city or Commonwealth. Therefore, in some cases where a private or public charity might refuse relief, soldiers' relief might properly be granted. In one case as well as in another, however, thorough knowledge of the situation of the applicants for relief should be obtained, as it is only from such thorough knowledge that a sympathetic understanding of the case can be obtained.

The Finance Commission's report recommends the dismissal of Mr. Gilman. It also says:

In the judgment of the commission this department has been one of the most grossly mismanaged departments examined by either this or the former Finance Commission. The simplest forms of preliminary investigation have been neglected. After relief has been granted visits to applicants have been rare and unintelligent. The records are in confusion. The force has been inefficient. The annual reports have been misleading. The results have been violation of the law, great waste of public money and demoralization among many recipients of the relief.

While this commission has had to take cases at random, and has had time to examine only a small fraction of those on file, the characteristics in all those examined are so similar as to convince it that they are typical and that every record will be found on investigation to show serious incompetence.

It also contains the following:

On the one hand, it must be true that many of the recipients are excellent people, in real need, to whom the community owes much. Such persons are entitled to watchful and enlightened care. On the other hand, the investigations of this commission have shown a widespread nurturing of deceitfulness, imposition, irresponsibility, idleness, drunkenness.

It supports these statements by citing a number of cases. For the sake of clearness your committee has placed in parallel columns Mr. Gilman's statement and the Finance Commission's statement of the various cases, italicizing such sentences in the parallel columns as are conflicting. In a note at the foot of the parallel columns in each case your committee has set forth such additional facts as it has ascertained from an examination of the original records. Your committee has also verified the facts given in Mr. Gilman's statement of these cases.

PRELIMINARY INVESTIGATIONS.

The Finance Commission says: "The simplest forms of preliminary investigation have been neglected." Since October, 1909, a preliminary visit has been paid to each applicant before relief has been granted. Before then the only preliminary investigation made was an examination of the applicant himself in the office of the commissioner—with the exception of those few whose applications were filled out at their own houses. In the opinion of your committee this method of preliminary investigation was not thorough. That it was not without results, however, is shown by the following table:

**Rejected Applications for State and Military Aid and
Soldiers' Relief.**

	1906.	1907.	1908.	1909.	Total.
Not eligible.....	181	246	230	181	838
Not in need.....	82	114	194	134	524
Not worthy.....	17	5		7	29
Totals.....	280	365	424	322	1,391

These figures include applications for increases.

The following are the cases relating to preliminary investigations:

Case No. 18568.

Finance Commission.

Woman admitted in application ownership of house worth \$2,000 and \$50 in bank. *The slightest investigation would have shown that her tax bill was \$33.80, and that her house was thus worth over twice as much as she had represented.* (See below, note 1.) Eventually a stranger volunteered information that she was worth \$20,000. Thereupon relief was stopped.

Mr. Gilman.

Wife appointed guardian of husband, an inmate of the Westboro Insane Hospital, applied October 7, 1907. Obligated to pay \$3.50 per week for husband's board in hospital. He has \$12 per month United States pension, and owns house assessed at \$4,300; part let at \$8 per month. Had \$50 in bank. Asked aid to make up the balance of husband's board. Presented letter from Leonard P. Rounds, 346 Washington street, Dorchester, recommending her as a worthy woman and needing assistance. Husband not entitled to state or military aid, having served in a Maine regiment. Six dollars per month soldiers' relief recommended and granted by Soldiers' Relief Committee of the Board of Aldermen from October 1, 1907, to help her pay husband's board. In October, 1908, a stranger called at this office and said that it was rumored that she was worth \$20,000 and that her daughter had written her from New York that she laid herself liable when she stated in her application for soldiers' relief that she had no means. I immediately sent for her and had a personal interview with her on October 31, 1908. She had some nervous trouble and it was difficult to elicit any information from her. After a lengthy examination I got her to admit that she had some bank books, but did not know on what banks they were or how much money they represented. Being unable to get anything else from her, I recommended to the committee that her aid be discontinued, basing my recommendation on her admission that she had bank books, and her name was dropped from the pay roll November 1, 1908. No visits were made in this case.

(1.) Before the relief was granted the tax records of the husband's property were investigated and it was learned that the house was assessed for \$4,300, and that the tax bill was

\$68.80. A record of this investigation appears among the papers of the case. The department knew the facts as to the assessed value of the house at the time when the relief was granted, and presumably based its relief on the rental value of the house.

Case No. 7220.

Finance Commission.

Third wife of a sailor who died February 7, 1907. By husband's will all his property except \$200 was left to her; *copy filed among department's records.* (See below, note 1.) Six days after husband's death she was granted \$26 soldiers' relief and \$4 state aid. The commissioner had recommended \$16 soldiers' relief; the committee of the Board of Aldermen added the other \$10. A member of this committee became one of the appraisers, and thus found two months later that she had personal property amounting to \$5,231.17. *Nevertheless, the aid still continues.* The testimony of the commissioner is illuminating as to this case:

Q. Why was it raised to \$26? A. Well, I can only answer that by saying that the husband had a friend on the committee, probably.

Mr. Gilman.

Widow born in 1845. Husband served in navy, and in the 26th Massachusetts Regiment from May, 1861, to August, 1865. Received two gunshot wounds in head during service. Died February 2, 1907. On February 7, 1907, the widow applied for state aid and soldiers' relief. She then had a bad cough and weakness of legs. Paid \$3 per week for three rooms. No children; no income. Husband died following an operation for cancer in stomach. Expected Board of Health to remove all bedding, she then sleeping on couch in the kitchen; \$4 per month state aid and \$16 per month soldiers' relief were recommended by me until *United States pension was received.* At a meeting of the committee in February, 1907, it was voted to allow her \$4 state aid and \$26 soldiers' relief instead of the \$16 recommended by myself. On April 10, 1908, I reported her to the aldermanic committee as receiving more than \$26 per month, including *United States pension when granted, but no change was made.* On January 20, 1909, she was visited, and report shows rent \$3 per week; no earnings; says not able to work; varicose veins, bad cough; no *United States pension*; no other income; no insurance. Steps were taken by this office to expedite the *United States pension claim*, and soon after the pension agent reported to me that it had been granted. On November 5, 1909, I reported the case to the aldermanic committee, and action was deferred on account of the absence of a certain member of the committee who had exhibited a personal interest in the case. The following month, the same member not being present, no action was taken. The case is still on the table of the committee, as will be seen by referring to the records of the Clerk of Committees. At the time of application and visit we had every reason to suppose that she was a poor woman possessed of nothing. It was subsequently ascertained that her husband left a personal estate estimated at \$5,231.17, as appears by the probate record. *This woman is not now in need, but she is on the pay roll of this department, and I cannot remove her name until action is taken by the committee. It is in their hands.*

(1.) The will was not filed with the department until March, 1908. The member of the committee, who became appraiser, never informed Mr. Gilman of the value of the estate or of the fact that there was any estate.

Case No. 12512.

Finance Commission.

Woman claimed to have been married to a soldier in New York, and on strength of this has been receiving relief since 1907. Investigations of Finance Commission show that there is no record of her marriage in New York, and the United States Government has refused to grant her a pension for lack of proof of such a marriage.

Mr. Gilman.

On March 6, 1907, she applied for soldiers' relief as the widow of a soldier who served in the navy from October, 1861, to January, 1868, and died in the Boston City Hospital, January 8, 1907. *She produced at the time of her application a marriage certificate showing that she was married in New York City, March 26, 1883, by a Justice of the Peace. The male settlement clerk of this department, who received the application and examined the document, makes affidavit to the fact that from its appearance it was genuine.* She was allowed \$16 per month soldiers' relief from March 1, 1907, to June 1, 1908, and then, the state aid law being made more liberal as to dates, she was allowed \$4 per month state aid, and the soldiers' relief reduced to \$12. She makes affidavit that her certificate, which she had treasured ever since her marriage, was, with other papers, put in a pasteboard box, and placed on a wagon when she was removing from one house to another; that she could not find the pasteboard box afterwards; that she hunted up the teamster and he knew nothing about it. *The Probate Court records show that the husband and wife, naming them, adopted a child on December 21, 1905.* (See note 1, below.) An affidavit by a brother of the husband to the effect that, while he was not present at the marriage of his brother, he always believed and believes now that they were legally married in New York; that he lived with them for eight years up to the time of his own marriage, April 5, 1907; that his brother always treated her and spoke of her as his wife; that his brother was a good living, practical Roman Catholic, attentive to his religious duties, and, under the rules of that church, could not live with her legally and continue to be a practical member of the church. A visit of June 3, 1909, says she is fifty-four years old; has adopted son, age four years; no earnings; cannot get anything to do; has St. Vitus' Dance. Application for United States pension is now in the hands of a claim agent. Several prominent citizens, whose names I have, have known his widow for many years, and are thoroughly satisfied that they were legally married. The widow visited New York lately in an endeavor to find a record of her marriage. No official record can be found. The main witness to her marriage, whom she expected to find in New York, was at that time in the South for his health, and later returned to his home in New York suffering from a fatal illness which resulted in his death soon after reaching home. That man was known in New York City as "Little Tim Sullivan." Had he lived she is sure she could prove her marriage.

(1.) The Probate Judge states that he is satisfied as to the relations of the parties; in other words, he must have been convinced that the man and woman were legally married. These Probate Records, however, were not presented at the time the application was made. They were investigated recently.

Case No. 805.

Finance Commission.

Woman's husband enlisted in civil war under false name, and was dishonorably discharged. *Records of dishonorable discharge were not availed of.* (See below, note 1.) Woman married another man while husband was alive, and not divorced. (See below, note 2.) Commissioner could not discover from his records the history of this case. Aid to this doubly disqualified woman has been continuous from the time when he took office, in 1901, until May, 1907, *when the facts which he should have ascertained through his visitors were disclosed to him from an outside source.*

Mr. Gilman.

This case is one of many applications, and was dropped from the pay roll of this department before the Finance Commission made its investigation. It is one of the cases in which this department is entitled to credit for exposing fraud, not only on the city and state, but on the United States Government.

The woman first appears on our pay roll from May to July, 1862, when she drew \$1 a week state aid as the wife of a soldier, and again from September, 1863, to November, 1864, receiving \$1 a week. Next she appears as the widow of a soldier receiving \$4 per month state aid from October, 1891, to September, 1892, and from August, 1893, to May, 1907. In addition to the above, she received \$4 per month soldiers' relief from December, 1902; \$6 per month from June, 1903; \$8 per month from August, 1904; \$12 per month from August, 1905, to May 1, 1907. She is a cripple and uses crutches, *During all this time she appears as the widow of a soldier who served in the 1st Massachusetts Infantry, and received an honorable discharge. Said record was secured from the office of the Adjutant General of Massachusetts, and was supposed to be authentic by the officer who issued it, by my predecessor and by myself.* In January, 1907, a man who has been on our pay roll since September, 1891, applied for an increase of aid. During his examination, he gave the name of his wife. My clerk remembered that such a name was on our pay roll, and we immediately started an investigation which led to correspondence with the pension bureau, the War Department and the Cook County Hospital in Chicago, and the searching of marriage and death records. The result of our research showed that the soldier, whose widow she pretended to be, had three enlistments by as many different names, from the last two of which he was dishonorably discharged. *This record I communicated to the Adjutant General of Massachusetts, and he corrected his records from it.* I found, also, that the husband, whose widow she pretended to be, died in the Cook County Hospital, August 9, 1883; that she was married to her first husband in Lowell May 4, 1859, and he died December 28, 1859 in Lowell; that she married her second husband in Boston, January 21, 1862. He was the soldier referred to who died in Chicago in 1883. She married her third husband in Boston, November 16, 1865. He was the man through whose inadvertent remark the fraud was detected. In consequence of my research the Pension Department dropped her from the pension roll, but, at my request, refrained from prosecuting her, she being lame and sick at the time. I dropped her name from our pay roll May 1, 1907, and a copy of the letter announcing my decision is appended and numbered (2). I omit the name from the copy, but your committee may have it for the asking. It will be seen by the above that the case was a legacy handed down to me by my predecessor; that, according to the official records of the state, her husband was an honorably discharged soldier; that, according to the official records of the nation, she was drawing a widow's pension, and that by my investigation the records of the state and the nation have been corrected. I again call your attention to the fact that this case had been settled before any investigation by the Finance Commission was made of this department.

(1.) The Adjutant General's records are the official records of the Commonwealth of Massachusetts.

(2.) He and she deceived the visitors by stating that they were brother-in-law and sister-in-law. From the time when Mr. Gilman assumed the office of commissioner, in 1901, to the time in which the fraud was discovered in January, 1907, the man and woman lived in separate houses.

VISITS.

The Finance Commission says that "the visits to applicants have been rare and unintelligent; as a result of recommendations made to the commissioner in charge of the department (by the former Finance Commission in January, 1909) certain improvements have been introduced during the past year; more frequent visits have been made to the recipients of relief; better records of visits have been kept; and more economical methods have been adopted in preparing the monthly relief pay rolls." Mr. Gilman assumed office April 2, 1901. Before then no record of the number of visits was kept. In his first report he says:

Many more investigations should be made in order that the department may keep in touch with the persons aided, and it is hoped that in future such arrangement can be made as will make it possible to have the beneficiary visited at least once a year.

The following is a schedule of the number of visits made according to his annual reports:

April 2, 1901, to February 1, 1902	433 visits.
February 1, 1902, to February 1, 1903	876 visits.
February 1, 1903, to February 1, 1904	726 visits.
February 1, 1904, to February 1, 1905	317 visits.
February 1, 1905, to February 1, 1906	717 visits.
February 1, 1906, to February 1, 1907	1,015 visits.
February 1, 1907, to February 1, 1908	436 visits.
February 1, 1908, to February 1, 1909	1,291 visits.
February 1, 1909, to February 1, 1910	2,556 visits.

The figures for the first five years have not been gone over again. The records for 1906-07 have been gone over very carefully by each visitor, and the true number of actual visits to families is 893. In addition to the above, the male visitor made eighty-four visits for information and for the examination of tax records. In the year 1907-08 the exact number of actual visits to the families was 310. In addition, the male visitor made 101 visits for information and twenty-two visits to examine tax records outside of Boston. These visits for information include visits to discover con-

dition of the relatives of beneficiaries; to discover facts about the habits of beneficiaries; to discover facts about the employment of beneficiaries, and examinations of the records at the Registry of Deeds, records at the Probate Courts and records of marriages and taxes. In the opinion of your committee visits should be subdivided into visits to families and visits to other places in search of information. This inaccurate classification and these inaccuracies in the annual reports are due to the fact that Mr. Gilman did not verify the statements of the visitors submitted to him by the chief clerk. In 1907-08 there were 1,139 actual visits made to families as shown by the following schedule:

February	6	August	0
March	28	September	294
April	0	October	0
May	2	November	0
June	4	December	1
July	1	January	515
Total			<u>851</u>

In addition to this the male visitor made 288 visits to families and 174 visits for information.

In 1909-10 number of visits given in the annual report is the exact number of visits paid to the families. They are divided according to months as follows:

February	42	August	217
March	304	September	213
April	493	October	198
May	346	November	86
June	301	December	31
July	269	January	56
Total			<u>2,556</u>

There seems to be no explanation for the drop in visits for year 1904-05; nor for the absence of visits during the first four months of the year 1907-08. It was in May or June, 1907, that Mr. Gilman began his card catalogue, containing the record of payments to beneficiaries. On the catalogue the four visitors were employed; this, combined with their regular clerical work and their work on pay days, kept them busy throughout the rest of the year 1907. This accounts for the few visits made in the last eight months of that year and the few visits in the first seven months of 1908-09. The length of time it should have taken to make this catalogue has been much discussed. The Finance Commission says:

As for the card index, an expert employed by this commission reported that a single clerk should have been able, under the most favorable conditions, to perform the task *in three months*.

In an earlier statement prepared by the Finance Commission it says that the catalogue could have been made in ten days by clerks of the Soldiers' Relief Department:

The time which should have been consumed on this job may be gauged by comparing it with the more difficult, unit by unit, card index of a private charity. For the latter in ten months, four otherwise busy women, receiving \$50 or less a month, and working only at odd times with the help during part of the time of two extra clerks, paid \$30 a month, completed a card index over thirty times as large, *i. e.*, with 80,000 cards.

On the basis of this achievement the highly paid clerks of the Soldiers' Relief Department, even if no more efficient than the modestly paid clerks of the private charity, should have finished their card index *in ten days or less*, and have had, meanwhile, time for other duties.

We have examined the card catalogue of the Soldiers' Relief Department, and we have seen sample cards of the Associated Charities' catalogue. Any comparison between these two catalogues is unfortunate, because the manner in which the cards are made up is entirely different. Each card of the Associated Charities' catalogue is a consolidation of four or five separate cards dealing with the same case. The separate cards are attached together. The person who is making the catalogue makes a summary on the new card of the information regarding the case contained on the old cards. The whole work can be done while sitting at a desk. In the Soldiers' Relief catalogue each card contains the following information.

1. The name of the beneficiary.
2. The beneficiary's relationship with the soldier and the soldier's name.
3. The pay roll number and the case number.
4. An exact record of the payments made to the beneficiary by the department.

In other words it contains a complete history of the beneficiary in so far as the beneficiary's financial relations with the department are concerned. In order to get this information the following process has to be gone through in each case: The papers in the case are examined and the date of the original application is learned; then the pay rolls for the year in which the original application was made are examined and the payments to the beneficiary ascertained. This process is carried out for each year in which the beneficiary is on the pay rolls. Before 1901 there were separate books for soldiers' relief, state aid and military aid. An average

card involves the handling and examination of fifteen large pay roll books. The difficulty involved in preparing the material for the cards can readily be seen from this brief outline of the process which is gone through with. Then, of course, the information obtained is placed on the final card. As the commissioner has pointed out the work on this catalogue could be done only in between the regular clerical work of the visitors and their work on pay days. Mr. Gilman states that the work was conducted as rapidly as possible. The expert employed by the Finance Commission says that the catalogue could have been made by one person in three months "under the most favorable circumstances." This means that the four visitors working half time should have completed it in one month and a half. They took fifteen months. Your committee has had a card average difficulty prepared for it; has multiplied the length of time required for that card by the number of hours available, and thinks that the four visitors could have made the catalogue in twelve months.

On the completion of this catalogue the increase in visits was, as shown above, very great, justifying, in the opinion of your committee, the action of the commissioner in spending much time on it during the years 1907 and 1908.

The Finance Commission's statement that the increase in visits was due to the preliminary investigation of the commission is hardly fair, since the increase started as soon as the catalogue was completed and before the investigation of the Finance Commission had begun. In 1908, up to September, little visiting was done. In that month (before the Finance Commission began its investigation) the number of visits made was 294. In only five months since the Finance Commission's investigation has the number of visits exceeded this amount. In October three of the visitors took their vacation during the first two weeks. From October 15 to January 1 all the visitors were employed in preparing the permanent annual pay roll of two hundred pages and a copy of the same for the printer. In January, when the pay roll was finished, the visits began again, the number undoubtedly increasing still further under the stimulus of the Finance Commission's investigation; but the increase was primarily the result of Mr. Gilman's new catalogue and was the fulfillment of his prophecy made in 1907, "In making this index great labor and much time has been and will be consumed before it is completed, but it is confidently expected that the results will be a great help in carrying on the business of the department."

Since then the improvement in visiting has been pronounced, as has been admitted by the Finance Commission. In the opinion of your committee more visits should have been made in each year, although it is extremely difficult to tell how many more, on account of there being no way of ascertaining exactly the time required by the visitors in clerical work. The lapses in the year 1904 and 1905 and in the first four months of 1907-08 are particularly bad. Nevertheless the number of visits has increased from 433 in the first year to over 2,500 the last year. That the visits have not been without results is shown by the following figures:

YEAR.	Cases reduced by Visits.	Cases dropped by Visits.
1906-07.....	2	21
1907-08.....	1	2
1908-09.....	1	17
1909-10.....	14	107

The cases for the years 1908-09 and 1909-10 have not been examined by your committee. Those of 1906-07 and 1907-08 have been. In 1907-08, in addition to the two cases mentioned above, where the relief was either reduced or cut off on account of information obtained in the visits, two cases were dropped because of information discovered by the search of the tax records. The following are the cases relating to visits:

Case No. 15497.

Finance Commission.

Habitual drunkard, who applied for relief in 1897, and before the relief was granted had been pronounced by the investigator addicted to liquor and not likely to make judicious use of money. Report states that he had a comfortable home with his wife, who was paying \$65 a month rent, and had three children, all grown and self-supporting.

Notwithstanding that these facts were in the possession of the department, not only was the relief granted him, but from 1897 to 1908 no visits were made to him. (1.) In 1908 two visits disclosed his drunken state of life. No action was taken on these reports until September, 1908. (2.) On the eighth day of that month the man's son asked that the aid be stopped, on account of his father's drinking habits, and renewed this appeal earnestly on the tenth day by a written statement to the effect that the father's actions had become unbearable on account of drunkenness; that he was intoxicated two-thirds of the time and that he had been put out of barrooms for throwing bottles at the bartenders. Then at last relief was cut off. The record of the previous day states that the man's pension had been raised from

Mr. Gilman.

A soldier, born in 1836, served in an Indiana regiment, acquired a legal settlement in Boston by payment of taxes. Aided first by this department in 1897. On July 11, 1905, he called at this office while on a furlough from the Soldiers' Home in Togus, Me. His furlough expired July 26, 1905, and he desired to remain in Boston to be near his wife, who was very ill and not expected to live. It may be stated here that she died March 19, 1906. He had absolutely no means but his \$10 per month United States pension. Sixteen dollars per month soldiers' relief was allowed him from July 1 to December 1, 1905. About that time he was taken sick and sent to the hospital at Long Island, this department paying his board there in order that he should not be classed as a pauper. He remained in the hospital during that month, and was again put on our pay roll at \$16 per month. On March 20, 1908, he was visited. The visitor found him confined to his bed since the preceding January. He had a rupture, kidney and liver trouble and rheumatism, and was also suffering from the effects of an old broken hip. No earnings for ten years. One son working in Government Printing

Finance Commission.

\$15 to \$30 a month, through the influence of the congressman from his district.

Mr. Gilman.

Office, Washington, D. C., no help to father. One son, a musician, in Charles-town, married and no help. Paying \$18 per month for room and board. Medicine cost \$1 per week. Owes doctor's bill. United States pension was increased to \$15 per month. No other income. No insurance. On April 10, 1908, I reported his case to the aldermanic committee in a list of beneficiaries receiving over \$26 per month, including United States pension, but no action was taken thereon. September 8 his son called at this office and reported that his father was spending his money for liquor. *On September 9 I sent a visitor to his home.* (3.) The soldier was found under the influence of liquor and it was ascertained that his United States pension had been increased by a special act of Congress to \$30 per month. On the strength of this I recommended to the committee that his aid be discontinued, and by vote of the committee he was dropped from our rolls September 1, 1908. While this man has proved unworthy by reason of intemperance, it should be remembered that he is a great and lifelong sufferer from his service in the army, which sufferings were recognized by Congress in the increase of his pension by a special act.

(1.) Relief in 1897 was for one month. This was four years before Mr. Gilman became commissioner. From December, 1897, to July, 1905, he was not receiving relief from the Soldiers' Relief Department, and therefore no visits should have been paid him.

(2.) This was the first of the two visits in 1908. It did not disclose his drunken state of life; in fact, no evidence has been produced that he was at that time in a drunken state of life.

(3.) This was the second visit paid in 1908. On that same day his aid was discontinued by Mr. Gilman, subject to the approval of the aldermanic committee. This visit was the day after the son called asking that the aid be stopped, and the relief was discontinued before his son wrote his letter of the 10th.

*Case No. 16354.**Finance Commission.*

Man earning wages (see below, note 1), and therefore ineligible, applied in May, 1907, and received \$8 a month soldiers' relief, in addition to \$12 United States pension. Under "habits" the record is "temperate." He was visited in May, 1909, and the following is the record: "Mr. — not living at above address. Saw landlord (Mr. —), who said that he was obliged to put Mr. — out last week. Rented two rooms, and lived there about seven months. Drank very hard; took fifty quart whiskey bottles out of his room; was a man of bad character; was employed as steam fitter at Navy Yard, earning \$3.50 a day." Aid was then at last stopped.

Mr. Gilman.

Soldier served in New Hampshire regiments from September, 1862, to July, 1865. Applied for Soldiers' Relief May 13, 1907, then aged 65 years. He had rheumatism and poor eyesight. No work for one year. Wife an invalid. Two children away and no help. United States pension \$12 per month. No other income. Rent \$2.75 per week for two rooms. Prepares own meals. He was allowed \$8 per month soldiers' relief from May 1, 1907. May 21, 1909, he was visited at address given. Landlord said he was obliged to put him out the week previous. Had lived there seven months and he found fifty whiskey bottles in his room when he left; drank hard and was a bad character; understood that he was employed in Navy Yard at \$3.50 per day. On May 27, 1909, he sent an order for his soldiers' relief, the person bringing the order saying that the soldier was working. I refused to pay, having dropped his name from May 1, as a result of the visit of May 21.

(1.) He was not earning wages when he applied; did not obtain work in the Navy Yard until seven months afterwards.

Case No. 17388.

Finance Commission.

Man has been receiving relief since 1902. Lives in house variously reported in the records to be worth \$2,400, \$2,500 and \$3,000, mortgaged for \$2,000. Though house is much too large for him, no part appears to have been rented since 1902. Records state that interest on mortgage is paid from money received from *estate of wife's uncle, yet no effort appears to have been made to discover the nature and extent of this fund.* (See below, note 1.)

Mr. Gilman.

Soldier of 44th Massachusetts Infantry, who served to the credit of Boston, born June 18, 1842. On rolls since September, 1902. Has rheumatism, poor eyesight. Occupies house owned by wife who died in 1903. House taxed for \$2,400, mortgaged for \$2,000. No part let. No will. Husband administrator. Interest on mortgage now paid out of his United States pension and state aid. Wife's uncle died in Maine twenty-five years ago. Left income of \$380 a year to his wife up to time of her death. Part of said income due when wife died paid to him and used by him in repairs on house, back taxes, etc. Last payment made to him in 1906. Wife left a few hundred dollars which was paid out by him on account of her sickness and funeral expenses. Received military aid in various amounts, not exceeding \$12 per month, since September, 1902. Now receives \$6 per month state aid and \$2 per month soldiers' relief. Has \$12 United States pension. Was insured for \$2,000 in favor of his wife, now payable to his heirs. He had no property of any other kind except \$9 in the Home Savings Bank last December. The different valuations of the house were given by him. The assessed value of \$2,400 is official. His United States pension was \$6 per month from 1902, \$8 per month from January, 1905, and \$12 per month from September, 1907. In July, 1907, he applied for an increase of soldiers' relief, and his application was rejected by the aldermanic committee.

(1.) The fact that the interest on the mortgage was paid from estate of wife's uncle was not discovered until May 3, 1907. Thereupon a search of the Probate Records for wife's estate should have been made. These records, however, contain no information as to uncle's estate; therefore a search of them would have revealed nothing.

Case No. 14568.

Finance Commission.

Man applied and received relief in July, 1902, and later died. House then reported to be mortgaged for \$700. Widow received relief until December, 1909. *On March 23, 1908, the visitor reported both that woman had no money or visible means of support, and that she had \$1,000 in the bank, and that her husband had left insurance of \$2,000.* (See below, note 1.) *For nearly six years no curiosity as to the resources of this family seems to have been aroused.* (See below, note 2.) On the day when the commissioner testified before this commission (December 2, 1907, nearly seven and one-half years

Mr. Gilman.

Widow whose husband was aided in July, 1902, and died November 10, 1903, leaving seven children under sixteen years of age and two over. Left house valued at \$1,500, mortgaged for \$700. Not entitled to state aid at that time, being married in 1886. Granted \$20 per month soldiers' relief from December 1, 1903, to February, 1905, then reduced to \$12 per month because of receipt of United States pension for self and children under sixteen years. Increased to \$20 May 1, 1907, woman being sick nigh unto death; her sister obliged to care for her and children. June 1, 1908, granted \$4 per

Finance Commission.

after application was granted) he recommended that the relief be discontinued.

Mr. Gilman.

month state aid on account of change of law, and soldiers' relief reduced to \$16. December 1, 1909, soldiers' relief of \$16 discontinued by reason of visit to house by male visitor who placed her under oath and discovered for the first time that her husband had been insured in the New England Order of Protection for \$2,000; that the mortgage had been canceled, and that she had now \$1,000 in the Wildey Savings Bank. *The discrepancy mentioned in the visit of March 23, 1908, arose from an extract of that visit written by an office clerk and not including the complete record of visit, as will be seen by reference to the visit and the copy.* (See below, note 1.) The discrepancy does not appear in the original visit. This case shows one thing plainly — the value of insurance for man or wife. The insurance left by the husband in this case saves the city \$16 per month in relief to the widow.

(1.) The original record of the visit made by the male visitor was perfectly clear, stating that the beneficiary had money and insurance. This record was carelessly summarized by one of the female clerks, who overlooked the reference to the insurance and the money in the bank, and therefore recorded the beneficiary as "without money or income."

(2.) In 1905 the daughter called at the office, and was questioned as to the resources of the family. In 1907 the sister called and was similarly questioned. In 1908 a visit was made and the family questioned as to its resources. In 1909 the family was again visited and questioned as to its resources.

*Case No. 4639.**Finance Commission.*

Even greater negligence has been shown to giving relief to those who at the same time have been on the city's regular pay rolls. Instances are Nos. 4639 and 3909. Each of those received \$2.25 a day from the Street Department, while also securing relief from the Soldiers' Relief Department on the plea of having no means of self-support. One of these beneficiaries in the Street Department had maintained to the Soldiers' Relief Department in 1901, 1902 and 1906 that his health was very bad and he could do no work. Yet in August, 1906, he got employment in the Sanitary Division, his age then being sixty-nine, and he continued to receive his wages there, and to receive also his state aid for nearly three years unvisited. The comparative alertness of the department last year discovered him.

Mr. Gilman

Soldier seventy-three years of age. Served in navy from May, 1861, to June, 1862. First received military aid from August, 1878, to February, 1879. Received \$4 per month state aid November 1, 1901, to May 1, 1906, and \$6 per month state aid from May 1, 1906, to March 1, 1909. On April 17, 1906, visit says man had not worked for fourteen months. Had worked as a longshoreman for Cunard Line; soldier, wife and six children, four sons and two daughters. Two sons pay \$5 per week board. One son an invalid. One daughter helps mother with housework. Wife in poor health, weak eyes, has rheumatism. United States pension lately increased to \$10 per month. \$15 per month rent. No money or property. Visit March 17, 1909, says soldier aged seventy-three and wife aged sixty-six. Four children, one son, thirty-seven, single, a bartender; pays rent of \$15 per month; helps mother all he can. Daughter married, has one child eleven years old; does not live with her husband. She and child living with parents and paying \$4 per week. Son twenty-eight years, sick, not now at home. Daughter twenty-five, married, two children, four years and seven months respectively, living with parents. Does the housework and pays \$3 per week in addition. Wife says husband now working in Sanitary Department of the city. In consequence of this visit his name was dropped by the committee to date from March 1, 1907.

*Case No. 3909.**Finance Commission.*

The other city employee was not visited from December, 1903, to March, 1909, and no date of his securing city employment is given in the records. In 1902 the man's house was valued at \$3,000 and one record of that date states that there were on it four mortgages aggregating \$3,600. Another record alongside of the first of the same date shows that there were only two mortgages aggregating \$1,800 — an instance of the prevailing confusion.

Mr. Gilman.

Soldier served in 28th Massachusetts Infantry from September, 1861, to January, 1863. Discharged from service for disability by reason of gun shot wound in the right leg. Received \$3 per month state aid from July 1, 1881, to May 1, 1895, when his name was dropped because he was at work. December 19, 1902, he applied for state aid. Was receiving \$8 per month pension. Worked in Navy Yard to July 8, 1902, then discharged and not earned a dollar since. Soldier, wife and three children. Son twenty-one, pays \$4 per week board. Son sixteen, sickly and not able to work; daughter eleven, at school; wife owns house in which they live, assessed for \$3,000, on which there were four mortgages amounting to \$3,600. No income from the house and no money in bank. March 27, 1909, visit showed that man was working for the Street Department at \$2.25 per day, and name was dropped from the pay roll to date from April 1, 1909.

RECORDS.

The Finance Commission says in regard to the records:

The records which should contain the facts about the beneficiaries are in chaotic condition. The original applications, some stray memoranda, and a few entries on such portions of the papers as may present a blank space, comprise most of these records. Their condition is such that they cannot have been seriously used.

This statement is founded of course on the examination made by the Finance Commission which is described in its own report as follows:

While this commission has had to take cases at random, and has had time to examine only a small fraction of those on file, the characteristics in all those examined are so similar as to convince it that they are typical and that every record will be found on investigation to show serious incompetence.

We have examined many of the records, including those examined by the Finance Commission, and fail to find such chaos as has been described above. The papers are kept in modern Globe-Wernicke cases. There are in all over 18,000 histories of past and present applicants, all properly numbered and indexed. The papers of each case are inclosed in a printed folder. In this folder are the following papers:

1. The original applications.
2. Records of the visits made.
3. Occasional tax records.
4. Occasional probate records.
5. On the blank portion of the folder are very often entries of facts relative to the case.

We find nothing to justify the statement that "their condition is such that they cannot have been seriously used."

At each meeting of the Committee on Soldiers' Relief the commissioner brings up the papers in from fifteen to twenty cases and makes frequent reference to those papers during the committee meetings. At the suggestion of Dr. Cleveland of the Bureau of Municipal Research of New York, Mr. Gilman is now planning to have a docket made for each case, so that at a glance one can tell just what papers are in the folders.

The following are the cases relating to records:

Case No. 18832.

Finance Commission.

That of a woman reported in the records of the department as sixty-four years old in 1908 and fifty-two years in 1909.

Mr. Gilman.

Widow, born March 31, 1844, as shown by original statement, December 8, 1908. On July 23, 1909, when visited she gave her age as fifty-two, which the visitor put down with a query mark following, showing that the visitor doubted the statement, but, not having the original papers with her, could not make a comparison. As a matter of fact, the ages given to visitors do not enter at all into the case, as we go entirely by the ages recorded in the original papers.

Case No. 17776.

Finance Commission.

States that a child who was eight years old in 1904 was married before 1908.

Mr. Gilman.

Statement made by the applicant himself on January 14, 1904, mentioned two children, aged fourteen and eight years. As a matter of fact, the fourteen-year-old child was a girl of sixteen and she married the following year. The eight-year-old child mentioned was the child of his daughter by a former marriage and adopted by him when four years of age and always called by him his child. In his first statement he did not mention the older daughter. The statement made on September 14, 1908, saying had two daughters married was correct, the daughter by the first wife, who was the mother of the grandchild mentioned above, and the girl whom he called fourteen years of age, who was in fact sixteen at the time. Such statements are not uncommon with people of advanced years.

Case No. 11461.

Finance Commission.

States that a woman was fifty-eight years old in one year and seventy-five the next.

Mr. Gilman.

Widow of sailor who served in navy, July, 1861, to March, 1864, to the credit of Charlestown, and who died in Boston, July 22, 1903. The commission's report states that the woman was fifty-eight years old in one year and seventy-five the next. I have gone carefully over all the papers connected with the case, and find the following references to her age. In her statement contained in the official blank dated August 4, 1903, she was given as born in 1842. In a visit to her husband dated February 21, 1901, his wife's age was given as fifty-eight years. In a visit dated April 26, 1909, her age was given as sixty-seven years, and in a visit dated January 25, 1910, her age was given as sixty-eight years. These are the only references I find to her age.

*Case No. 10067.**Finance Commission.*

Woman claimed in 1898 to have shattered nerves through care of husband, who was reported to have been insane five weeks before his death. Ten years later woman's nerves said to be still shattered from the same cause, and husband's insanity was reported to have been for five years' duration. A girl in the family, who *ceased work immediately on receipt of the relief by her mother* (see below, note 1), was reported to be seventeen and twenty-five years old at the same time.

Mr. Gilman.

Widow. Husband died September 18, 1898. Placed on pay roll for \$4 state aid and \$15 soldiers' relief between November, 1898, and March, 1901, all before the present commissioner was appointed. A note in the corner of the 1898 papers said husband insane five weeks. I find in a report from the office of the State Aid Commissioner, signed by W. P. I., and dated August 25, 1898, that husband was admitted to Massachusetts General Hospital August 15, 1898, for diabetes, asthma and heart trouble; that the hospital could not keep him longer as he was a chronic case and they needed the room for sick soldiers from Cuba. Application was made for his admission to the Chelsea Soldiers' Home which was refused as he was no case for the home, head not right but not enough out to commit to insane asylum. Had threatened wife many times and had struck her when in liquor. Wife says she cannot take care of him and does not know what to do. This paper must have been seen by the commission as it was with all the other records. I find, also, on the original office blank, up in a corner, a note saying woman in very poor condition, result of taking care of husband who was insane five weeks. I find, also, in a visit of March 20, 1908, that woman was nervous on account of taking care of husband who was insane five years before he died. In a recent visit to the widow, she stated emphatically that her husband was insane for five years before he died; that he was at times very violent and abusive, and in one of his violent spells struck her in the left eye injuring the optic nerve, and the sight of that eye has been very poor since. She also received an injury to her side by being thrown against an iron bed by her husband, in consequence of which she was sick for a long time, and her side has never been strong since. My visitor saw evidence of that blow on the body of the widow. From all this I am led to believe that the five weeks was a clerical error and should have been entered as five years. As to the daughter, on the office blank, under Head of Descendants of Applicants, I find that on November 3, 1898, daughter aged twenty-five lives with mother and works in Butler's. In the note up in the corner above referred to I find woman lives with her daughter, age seventeen, who works in Butler's. The note is evidently a clerical error made in 1898, long before the present commissioner took office. The record is the one to go by. I find upon a recent examination that the record is practically correct; that the daughter referred to was born August 26, 1872, was working in Butler's dry goods store, Tremont street, when father died; was taken sick with stomach trouble a few months after his death and was ordered by her doctor* to remain at home for a while, which she did. *When she was able to she returned to Butler's, and was employed, except when sick, until some time in 1901, when she went on the stage as a chorus girl.* She was married in New York in 1904. Helped mother all she could before marriage, but has not been able to help her since on account of the present state of her health.

*Dr. Vickery.

(1.) In August, 1898, the report of the State Aid Commission states the daughter's age to be twenty-four. In October 22, 1898, daughter's age is given as twenty-five. March 14, 1901, the daughter's age is given as twenty-seven.

FORCE.

Insurance.

In so far as insurance of a wife for the benefit of her husband, or *vice versa*, is concerned, your committee agrees with Mr. Gilman that it is wise to encourage this kind of insurance, because the city is thereby saved from granting relief to the survivor. Your committee thinks, moreover, that if a soldier has carried a small amount of insurance for many years, he should not be obliged to forfeit this insurance before he can receive relief. The habit of saving for insurance has become a part of his nature, and must be taken into consideration in granting him relief; just as other habits should be, provided that they are not bad habits.

Children.

In the opinion of your committee much more should be done in the way of co-operating with the children of recipients. Mr. Gilman has taken this matter up, and is now putting into force a rule that all children of recipients be urged to help the parents. This should have been done sooner.

Idleness.

As has already been stated, your committee thinks that more visits should have been made to old cases, that a more thorough preliminary examination should have been made in the new cases and that more of an effort should have been made to get help from the children. It is extremely difficult to tell how much more could have been done along these lines, because it is next to impossible to ascertain just how much time was formerly required of the visitors in office work, on account of the antiquated office methods inherited by Mr. Gilman from his predecessor, and on account of the time spent by Mr. Gilman in making improvements.

Improvements.

No study of the administration is fair without a statement and an appreciation of these improvements, which began as soon as he assumed office. Certain of them bore directly on the system of visiting, others were improvements in the office work, which indirectly affected the visiting by confining the

visitors less in the office. The first of the direct improvements was the division of the city into four districts, for each of which districts one of the visitors was designated. Formerly there had been no systematic method of visiting. Later Mr. Gilman made up alphabetical street books for each visitor, with the names of the beneficiaries appearing on each street. He also adopted a system of making a note on the yearly pay roll of each visit made. He is now devising a book for keeping records of the visits, so that at a glance the exact number of visits made each month and the results can be seen, and so that the number of visits made to each applicant can be easily ascertained.

In regard to the improvements in the clerical and office work which indirectly improved the visiting, we can do no better than to quote Mr. Gilman himself. We have verified Mr. Gilman's statements contained in the following extract from his report to the Soldiers' Relief Committee:

I remember when I assumed the duties of this office I found it necessary to make several improvements, although my worthy predecessor had filled the office for thirty-eight years to the satisfaction of the community. I found the rooms assigned to this department were inadequate, and I succeeded in securing additional room which gave us ample accommodations. I found the furniture antiquated, out of repair and entirely insufficient, and I secured from the Public Buildings Department new and modern furniture, wardrobes and telephone booth, and had needed repairs made to the walls, floors, ceilings, gas and steam fixings, which brought that part of the department up to date.

I found that the arrangements for the payment of beneficiaries resulted in the collection of long lines of aged and feeble men and women totally unfitted to stand for hours at a time awaiting their turn to be paid, and in the overcrowding of the corridors and stairs to such an extent as to interfere seriously with the other occupants of the building. I adopted a system which worked so well as to elicit the following letter of appreciation from the chairman of the Overseers of the Poor having charge of the building.

[COPY OF LETTER.]

BOSTON, December 20, 1901.

MR. JOHN E. GILMAN,

Commissioner Soldiers' Relief:

DEAR SIR,—I am very glad to say that since you have been Commissioner of Soldiers' Relief the trouble which formerly existed during several days in each month at the Charity Building, owing to the overcrowding of the entries by your beneficiaries, has entirely ceased. I have nothing but praise for the way in which the payment of your pensioners is now managed.

Yours very truly,

WILLIAM P. FOWLER,
Chairman.

The blanks then in use I found to be antiquated also, and I devised and adopted a new blank more up to date. With this blank are deposited all papers connected with the case.

I found separate pay rolls and separate books for state aid, military aid and soldiers' relief, and, as many beneficiaries were on two of the pay rolls,

they were obliged to sign more than once on each pay day, which meant great delay, owing to their infirm condition and their feeble grasp of the pen. I consolidated them into one pay roll and one book which greatly expedited the work on pay days.

I found on entering this department that no bookkeeping had ever been attempted here. I secured the services of an expert bookkeeper, had him train one of our oldest lady clerks, had a full set of books made, with the result that bookkeeping in its most modern style has been continued in this department to the present time.

Formerly there was no record kept of the number of applications made, or of the names of those rejected. I had application cards made which are filled out for every applicant, so that I have been enabled to state in my annual reports the whole number of applications received, the number accepted and the number rejected.

Moreover, Mr. Gilman abandoned the old system of sending money by express to out of town beneficiaries, and makes such payments now by checks. In addition to this Mr. Gilman adopted the suggestion of Mr. Crocker of the Finance Commission in regard to printing the monthly pay rolls, and finds that that improvement is a valuable one. Furthermore, the monthly state aid and military aid accounts, comprising about 215 written pages, formerly done in long hand, are now done by typewriter. Finally, Mr. Gilman introduced his card catalogue. The Finance Commission refers to the catalogue as "meagre cards, which present only a few figures." This is unfair. The card catalogue shows at a glance just what payments have been made by the department to the beneficiaries from the beginning, and gives the case number, so that the reports of visitors and other papers in the case can at once be obtained. Instead of having to go through the long process of examining each pay roll whenever information in regard to past payments to the beneficiaries is desired, the commissioner simply has to glance at the card, and all the facts are before him. In investigating the cases which your committee have studied we have found that reference to these cards saved a great amount of time and was very valuable.

We have tried to present in brief form the improvements which Mr. Gilman has made in his department. This is what the Finance Commission says in regard to improvements made by Mr. Gilman:

A subcommittee of the former Finance Commission conducted a preliminary investigation of this department so near the end of its term of service that it was unable to report on the subject. Nevertheless, as a result of recommendations then made to the commissioner in charge of the department, certain improvements have been introduced during the past year. More frequent visits have been made to the recipients of the relief, better records of visits have been kept, and more economical methods have been adopted in preparing monthly relief pay rolls. During the past year \$11,362.21 less was expended and disbursed than in the previous year, through discontinuance of relief, with a tendency manifest toward further reduction.

Some idea of what should have been done earlier may be deduced from

the improvement this year under the stimulus of the former Finance Commission's investigation. Disbursements have been cut down nearly \$1,000 a month, 2,556 visits have been made and beneficiaries have been reduced.

An unofficial ten page statement in regard to the Soldiers' Relief Department (prepared by the person who wrote the last report, and given to Mayor Hibbard in January or February, 1909, who in turn submitted it to Mr. Gilman with a request for remarks thereon, who in his turn wrote a thirteen page reply to it, addressed to Mayor Hibbard and dated February 12, 1909) contains the following sentences:

The Finance Commission has found the department uniformly courteous, and believes that the beneficiaries are considerably received. The present commissioner has also greatly improved the system of paying beneficiaries by opening five paying windows and has thus relieved the once distressing congestion on pay days. The records of the department sent to the State House and City Hall seem to be carefully prepared.

These clauses were omitted in the published report.

The Finance Commission has been unfair in not doing justice to Mr. Gilman by mentioning the real improvements made by him. The report also fails to note another important fact: The force of the Soldiers' Relief Department is so small in comparison with the number of cases handled, that a really thorough system of preliminary investigation, visits and co-operation with children cannot be put in effect with the present force. This is brought out by a comparison with the Overseers of the Poor. In 1909-10 that department had between 2,100 and 2,200 old cases and 467 new cases. To keep in touch with those cases there were eight male visitors who spend all but an hour a day in visiting. In 1909-10 the Soldiers' Relief Department had 2,629 old cases and 304 new cases and had 1 male and 4 female visitors, spending little more than half their time in visiting. It is true that the cases of the overseers are more complicated in that they include many nationalities; and it is true that a part of the time of these visitors is used up in trying to get employment for the recipients. But after allowing for all that, it is clear that the Soldiers' Relief Department cannot investigate its new cases as carefully, keep in touch with the old cases as continually, co-operate with the children of recipients as heartily as do the Overseers of the Poor, unless the number of visitors is increased, and unless they are relieved from much of the office work. To accomplish this your committee recommends:

1. That the settlement clerk be relieved from visiting.
2. That a new male visitor be appointed.
3. That the present visitors be relieved of as much clerical work as possible.

4. That a new clerk be appointed, who is also a stenographer.

In the opinion of your committee Mr. Gilman should have asked for more visitors. He says that he did not do so because he desires to keep his pay roll down. His pay roll has increased less than \$1,000 from 1901 to 1910.

REPORTS.

The Finance Commission says:

The chief reason, however, why the public has failed to appreciate the true condition of the department is the misleading character of the annual reports. In these reports soldiers' relief is described as "far reaching in its humane mission" and "a strong incentive to good citizenship." The committee of the Board of Aldermen is complimented as having dispensed the relief in "such a manner as to conduce to the greatest good of the greatest numbers." The report for 1905-06 stated: "All the time that could be spared from the clerical duties of this office by our officials has been devoted to such service, with the result that 717 visits have been made during the year, and in consequence of the information gained thereby a substantial saving has been made to the city by reason of the improved financial condition of the parties visited, rendering assistance no longer necessary." Likewise the report for 1906-07 stated: "Every hour that could be spared by the officials from their clerical duties has been given to such service, with the gratifying result of 1,015 visits during the year." Again, the report for 1907-08 stated: "The officials of this department are required to visit beneficiaries as often as is practicable, in order to keep informed of any changes in their financial condition that would render further assistance unnecessary. Only 436 of such visits were made during the past year, owing to the introduction of the new card index, embracing the history of and payments to all beneficiaries now on the department pay roll. In making this index great labor and much time has been and will be consumed." Then follows the statement that "as a result of the visits a number have been dropped from the pay roll, it being found that they were no longer in need of assistance."

This picture is clearly not in accordance with the facts.

Mr. Gilman's praise of soldiers' relief is natural and not misleading; he is discussing the theory of law, and is not indulging in any eulogies of his own department. His compliment to the committee of the Board of Aldermen is similarly natural although we think it somewhat exaggerated.

Mr. Gilman's inaccuracies in regard to the number of visits made have already been discussed on page twelve of this report. As stated there, it is the opinion of your committee that Mr. Gilman should have insisted on a more exact classification of the work done by the visitors and in a more exact record of the number of visits. He is doing both these things now. In his report of 1907-08 he is inaccurate in saying that a number of cases were dropped from the pay roll "because they were no longer in need of assistance." They were dropped because visits or investigations by his department showed that they had moved out of town or acquired

a settlement elsewhere. His expression in regard to the card catalogue that "It embraces the history of and payments to all beneficiaries now on the department pay roll" is slightly misleading. It means "the history of all beneficiaries in regard to payments to them by the department." Your committee thinks therefore that Mr. Gilman's reports in these respects are inaccurate and are perhaps too optimistic. We think that the Finance Commission's statement in regard to the reports is exaggerated.

Before Mr. Gilman assumed office the annual reports of the department gave nothing but a mere statement of receipts and disbursements. Mr. Gilman's reports begin with a statement of the duties of the department, and then discuss the statutes under which relief is granted and analyze the work done under these statutes. They are in the opinion of the committee a great improvement on the old annual reports.

DEMORALIZATION OF BENEFICIARIES.

The Finance Commission says:

The instances of sons or daughters who had been at work up to the time when the relief was received and then stopped seemed to be numerous.

To support this, it has cited one case and cited it unfairly. (See page 17 of this report.)

It also says:

On the one hand, it must be true that many of the recipients are excellent people, in real need, to whom the community owes much. Such persons are entitled to watchful and enlightened care. On the other hand, the investigations of this commission have shown a widespread nurturing of deceitfulness, imposition, irresponsibility, idleness, drunkenness. The worst effect has been upon the younger generation, for which the relief was not intended.

In the earlier statement of the commission appears the following:

Thirty-five records were examined by the Finance Commission to discover the habits of the beneficiaries. The spaces for such information were mostly blank. The only words which appeared were "temperate" or "good."

In the new report the Finance Commission says:

Each record examined by the commission has described the applicant's habits as either "temperate" or "good," or the space under the "habits" has been left blank. No such uniformity of good habits in fact exists.

In the opinion of your committee these statements are not sustained by the cases cited by the commission, and set forth in this report. We think that Mr. Gilman sets forth a more correct view of this particular matter:

Some of the old veterans on our pay roll may indulge in intoxicating liquors. It is a widespread evil, and soldiers are no more exempt than others. Such cases are, however, few and far between, and when discovered the offender is advised and admonished; and in cases where our efforts have proved unavailing, and they continue in their dissipated habits, they are dropped from the pay roll and referred to the Institutions Registration Department for admission to the almshouse as persons excepted from the benefits of the law.

The great mass of our cases are, I am sure, honest and deserving. Where there are so many, imposters are sure to creep in if they can do so by hiding the real facts, and in many cases it is almost impossible to refute their statements by visits. They are so few, however, that the exception proves the rule that the beneficiaries of this department are honest and worthy. Warned by past experience, however, in the few cases, I have adopted a rule that all applicants shall be put under oath before making their statement. This, together with the fact that investigations can now be depended upon in every case at least once a year, and in doubtful cases oftener, should be an assurance that the pay roll of this department can bear the closest scrutiny. I wish to reiterate here that no department dealing with so many thousands of cases can be said to be free from error. My object will be in the future to reduce these errors to the minimum, and, if possible, to avoid them altogether.

In review, then, your committee thinks that the investigation of new cases should have been much more thorough; that more visits should have been paid to the older cases, and that there should have been more hearty co-operation with the children of the beneficiaries. The Finance Commission's statement, however, does not present a fair view of the situation in that —

1. It does not mention the improvements in visiting and office work accomplished by Mr. Gilman.

2. It makes no allowance for the size of the force, and does not criticise Mr. Gilman for not asking for more visitors.

3. It makes no allowance for the time necessarily consumed on account of the antiquated system inherited by Mr. Gilman from his predecessor, or for the time consumed in improving that system.

4. Its conclusions are too sweeping.

5. Many of the cases cited by it are stated inaccurately and in a misleading manner.

Your committee wishes to express confidence in Mr. Gilman's honesty, and in his desire and ability (provided that the recommendations of your committee, contained on pages 21 and 22 of this report, are followed out) to bring the department up to a state of efficiency which will be a credit to himself and to the city.

Respectfully submitted,

MATTHEW HALE,

*Chairman Soldiers' Relief Committee,
Boston City Council.*

APPENDIX A.

43 HAWKINS STREET, BOSTON, March 3, 1910.

HON. MATTHEW HALE,
Chairman Soldiers' Relief Committee,
Boston City Council,
City Hall, Boston:

SIR,—In response to your request I submit for the consideration of your committee my reply to the report of the Finance Commission of this department, as contained in the Sunday papers of February 27 which is the only version of the report that has come to my knowledge.

It is true that I have not been “professionally trained” in social or settlement work as conducted at the present time, but my practical experience dates from 1876, when I entered the Department of Indoor Poor, Board of State Charities, as Settlement Clerk, where I remained until 1883, when I was elected by the Board of Directors of Public Institutions of Boston as the Settlement Clerk of that department, afterwards changed to the Institutions Registration Department. I remained there until 1901, and in all that time I won and received the commendation of my superiors.

Upon the death of that most worthy citizen, Mr. Reuben Peterson, I was appointed by the then Mayor, Thomas N. Hart, to the office of Soldiers' Relief Commissioner, which I have since held, and the duties of which, I believe, have been performed in a satisfactory manner, no fault having been found with my administration until the scathing denunciation contained in the report of the Finance Commission. Up to that time I had a fairly good opinion of myself as a man and as a citizen, but, if I am to believe the words of the report, I am an abject failure, and should have no place in this world. I am, however, very loath to believe in the findings of the commission.

I remember when I assumed the duties of this office I found it necessary to make several improvements, although my worthy predecessor had filled the office for thirty-eight years to the satisfaction of the community. I found the rooms assigned to this department were inadequate, and I succeeded in securing additional room which gave us ample

accommodations. I found the furniture antiquated, out of repair and entirely insufficient, and I secured from the Public Buildings Department new and modern furniture, wardrobes and telephone booth, and had needed repairs made to the walls, floors, ceilings, gas and steam fixings, which brought that part of the department up to date.

I found that the arrangements for the payment of beneficiaries resulted in the collection of long lines of aged and feeble men and women totally unfitted to stand for hours at a time awaiting their turn to be paid, and in the overcrowding of the corridors and stairs to such an extent as to interfere seriously with the other occupants of the building. I adopted a system which worked so well as to elicit the following letter of appreciation from the chairman of the Overseers of the Poor having charge of the building.

[COPY OF LETTER.]

BOSTON, December 20, 1901.

MR. JOHN E. GILMAN,

Commissioner Soldiers' Relief:

DEAR SIR,— I am very glad to say that since you have been Commissioner of Soldiers' Relief the trouble which formerly existed during several days in each month at the Charity Building, owing to the overcrowding of the entries by your beneficiaries, has entirely ceased. I have nothing but praise for the way in which the payment of your pensioners is now managed.

Yours very truly,

WILLIAM P. FOWLER,
Chairman.

The blanks then in use I found to be antiquated also, and I devised and adopted a new blank more up to date, a copy of which is appended and numbered (1). With this blank are deposited all papers connected with the case.

I found separate pay rolls and separate books for state aid, military aid and soldiers' relief, and, as many beneficiaries were on two of the pay rolls, they were obliged to sign more than once on each pay day, which meant great delay, owing to their infirm condition and their feeble grasp of the pen. I consolidated them into one pay roll and one book which greatly expedited the work on pay days.

I found on entering this department that no bookkeeping had ever been attempted here. I secured the services of an expert bookkeeper, had him train one of our oldest lady clerks, had a full set of books made, with the result that bookkeeping in its most modern style has been continued in this department to the present time.

Formerly there was no record kept of the number of appli-

cations made, or of the names of those rejected. I had application cards made which are filled out for every applicant so that I have been enabled to state in my annual reports the whole number of applications received, the number accepted and the number rejected.

In the report of the Finance Commission it states that "A subcommittee of the former Finance Commission conducted a preliminary investigation of this department so near the end of its term of service that it was unable to report on the subject." Such is not the fact. A report was made to Mayor Hibbard, and on February 12, 1909, I replied to said report by his direction. Both the report and the reply are now on file in the Mayor's office. Many of the charges are but repetitions of the charges then made, and I deny the truth of them as emphatically now as I did at that time.

The chief clerk has been in this department for the past nineteen years, and has risen to her present salary by gradual increases. She keeps a full set of books, makes out all the checks and has charge of the innumerable details of the office.

The four clerks and visitors have been in this department for eighteen, seventeen, seventeen and fourteen years respectively, and have reached their present salaries by slow and infrequent advances for good and faithful performance of duty. Their familiarity with the beneficiaries is most valuable and they are tactful and circumspect in their relations with them because they know they are not dealing with paupers.

The settlement clerk has had eighteen years' experience with this department and the Overseers of the Poor, and is now receiving less salary than is paid for similar work in the last named department.

The office clerk is a veteran of the Civil War, certified to this department by the Civil Service Commissioners, and, though well along in years, has a manner of receiving applicants that puts them at their ease and convinces them that they have not run up against "scrimped and iced charity," but are in the presence of those who honor them as soldiers and respect them as citizens.

It is true that part of the duties of the matron could be performed by an office boy, but not all. With the beneficiaries and the applicants combined we have nearly 3,000 calling at this office every month. They are necessarily aged and infirm, and it may often happen that one of them is taken with a sick or fainting spell while here, in which case it is very essential that we should have a woman

to care for them who, as wife and mother, has had experience with sick persons.

The charges of mismanagement, faulty organization, and confusion of records are serious, and should be based upon a thorough and searching investigation of this office. Such an investigation has not been made. A member of the Finance Commission, whose name is signed to the report, paid several visits to this department, twice at midday in response to my special request that he might see for himself the workings of the department in its busy hours, but mainly just before five o'clock, remaining until sometime after five. His visits were short and made at a time when the duties of this office had been practically completed for the day. As a rule, he did not consult me while examining the cases.

I would be glad to have a committee of the City Council give this department a careful and fair investigation, and I will abide by the result.

I do not claim that in the many thousands of cases handled by this department there have not been mistakes. Such a claim would be absurd, for any person cognizant of the workings of the United States Pension Bureau must be aware that with all the resources of the nation at its command, including detectives and special examiners, mistakes have been made and errors have crept in. What I do claim is that with the very limited force at my command, as few mistakes have been made as in any similar department in the whole country. No name has gone on our pay rolls for military aid or soldiers' relief whose military record and legal settlement have not been passed upon by me personally. Whether all were worthy of the aid rendered depends largely upon the point of view from which it is considered.

Some of the old veterans on our pay roll may indulge in intoxicating liquors. It is a widespread evil and soldiers are no more exempt than others. Such cases are, however, few and far between, and when discovered the offender is advised and admonished, and in cases where our efforts have proved unavailing and they continue in their dissipated habits they are dropped from the pay roll and referred to the Institutions Registration Department for admission to the almshouse as persons excepted from the benefits of the law. In this connection it may be well to remember that the United States Government in giving pensions to soldiers does not prescribe good habits as a requirement.

I deny that my annual reports are misleading. They are simply based upon the records kept in this office, and can be backed by the records.

There is absolutely "no great waste of money" in this department. The whole amount paid to the few cases mentioned in the report as being unworthy receivers of the city's bounty would make a very small sum as compared with the whole amount disbursed. It should be remembered, too, in this connection that the money paid by this department is not an additional cost to the city, for, if this department never existed, the city would be called upon to support them, and it might cost Boston very much more for such support. If they were to be cared for in the City Almshouse, the expense would be much higher, as I find that during the past year it cost the city \$162.24 per capita for support of persons at Long Island. The average number on the pay roll of this department for the year ending February 1, 1910, was 2,480, which, at the cost of per capita just quoted, would involve an expenditure of \$402,355.20. As the whole cost of this department for the same time was \$236,297.49, the truth of the charge of "great waste of public money" may well be questioned.

The records of this department are *not* in a neglected condition, as I can prove by a careful investigation by any committee appointed by the Mayor or City Council.

It is true that a number of our beneficiaries have been found to be insured, mainly in fraternal organizations, which they joined in their younger years when they were amply able to pay the premium. Having paid the premium for so many years, they strive to keep it up as long as is possible, but it is surely for the benefit of Boston that they do keep it up, for, whether it is made payable to the wife or to the husband, the city is the gainer, for if the survivor receives one, two or three thousand dollars, the city cannot be called upon for support as long as that money lasts. In many of these cases the children pay the premium for the benefit of the surviving parent, and I question the wisdom of compelling such children to cease paying premiums, thus forfeiting the policy, and to give the same amount to their parents, even if there was power to compel them, which there is not, neither is there power, under the present laws, to compel children to support their parents outside of an almshouse or insane hospital. I find quite a large number of our beneficiaries are insured in the Metropolitan, Hancock and Prudential Insurance Companies for from \$50 to \$125, the premium being a few cents per week. They do this in order to leave money for their burial, and I think they are to be commended for it.

While the law provides that state aid and military aid

cases shall be visited from time to time, it should be remembered that such cases are all under the supervision of the State Aid Commissioner, who keeps track of all cases for which the state makes reimbursement. As a matter of fact, the force in this department has never been large enough to provide for the number of visits that ought to have been made, and it has been my endeavor to make such a departure from the old methods and so systematize the business here as to demand of the four lady visitors a minimum time in the office and a maximum time outside. This I have been doing, but it takes labor and time. By having the monthly state aid accounts done on the typewriter I saved five days' work for each of five clerks every month. I further reduced their time in the office by adopting the suggestion of Mr. Crocker of the Finance Commission to have printed the monthly pay rolls which theretofore were written in long hand.

The comprehensive card index which contains the financial account of each beneficiary with this department since their applications were first allowed, some dating as far back as 1861, and which has other valuable information which saves much time and labor in looking up the old books of the office, was completed over a year ago. The result is that during the past year the visitors have been able to spend so much of their time outside that they have made 2,336 visits from February 1, 1909, to February 1, 1910. This number is for the four women visitors only, the two male clerks having made a number of additional visits, bringing the total of visits up to 2,556; 107 beneficiaries have been dropped from the pay roll, and fourteen reduced in consequence of such visits.

It is true that I did not ask for an increase in my force, but I doubted the policy of making such an attempt, knowing well the aversion our mayors had to any material increase in a small department, and feeling that, once I had my plans carried out, my present force would be sufficient for the work. The figures just quoted would seem to justify me in that assumption.

Much stress is laid on the fact that our beneficiaries have grown children who should support them. In this connection it should be remembered that, as a rule, poor parents beget poor children, and where the contrary is the case the parents do not apply to this department for relief. An analysis of these cases show that most of the children are married, have families of their own, and with their limited wages have all

they can do to support their families. From the children in such circumstances support for the mother can hardly be expected, when it is known to those children that their soldier father or their mother have equitable claims upon the generosity and gratitude of the nation, state and city. In cases where children are able but unwilling to assist their parents the law does not give this or any other department the legal right to compel such assistance. Loyalty and gratitude to parents must be born in the human heart. It cannot be driven in. If, as has been intimated, all the children of the beneficiaries should be visited in an attempt to secure support for their parents, it would require a force two or three times as large as the present force of this department. I do not believe that the city government is ready to make such increase to secure such doubtful results.

I give herewith analyses of the cases referred to in the Finance Commission's report.

(The analyses submitted are contained in the committee's report.)

I ought to say that on every pay day the beneficiaries are questioned as to increases in their United States pension, changes in their condition, and whether employed since last payment. The great mass of our cases are, I am sure, honest and deserving. Where there are so many, imposters are sure to creep in if they can do so by hiding the real facts, and in many cases it is almost impossible to refute their statements by visits. They are so few, however, that the exception proves the rule, that the beneficiaries of this department are honest and worthy. Warned by past experience, however, in the few cases, I have adopted a rule that all applicants shall be put under oath before making their statement. This, together with the fact that investigations can now be depended upon in every case at least once a year, and in doubtful cases oftener, should be an assurance that the pay roll of this department can bear the closest scrutiny. I wish to reiterate here that no department dealing with so many thousands of cases can be said to be free from error. My object will be in the future to reduce these errors to the minimum, and, if possible, to avoid them altogether.

In conclusion, I wish to call your attention once more to a quotation from the commission's report. "A subcommittee of the former Finance Commission conducted a preliminary investigation of this department so near the end of its term of service that it was unable to report on the subject."

On February 12, 1909, I sent to Hon. George A. Hibbard,

Mayor of Boston, a typewritten reply to a report of the Finance Commission made to him, and by him referred to me. Said report and said reply are now on file in the Mayor's office.

In that report I find the following: "The Finance Commission has found the department uniformly courteous, and believes that the beneficiaries are considerably received. The present commissioner has also greatly improved the system of paying beneficiaries by opening five paying windows, and has thus relieved the once distressing congestion on pay days."

The last report of the commission was not so gracious, and yet it was based upon the same investigation as was the former report. No credit is given in the commission's report for the number of applications rejected, which last year amounted to 346, and in the year previous to 484.

Again I quote from the commission's former report: "The records of families aided, filed in the department and *not submitted to the scrutiny of any other body, are in lamentable condition.*"

To such an intelligent committee as yours it is unnecessary for me to suggest what organization is meant by "*any other body.*"

Again expressing my desire that a rigid investigation shall be given my department by any *unprejudiced* persons, and thanking you and your committee for your invariable courtesy to me, I am,

Very respectfully yours,

J. E. GILMAN,
Soldiers' Relief Commissioner.

APPENDIX B.

BOSTON FINANCE COMMISSION,
BOSTON, February 26, 1910.

To the Honorable the City Council:

GENTLEMEN,—I inclose a report of an investigation of the Soldiers' Relief Department of the City of Boston. I am sending drafts of this report also to his Excellency the Governor and to the General Court.

Respectfully,

JOHN F. MOORS,
Acting Chairman.

BOSTON, February 26, 1910.

To the Honorable the Mayor and City Council:

GENTLEMEN,—The Soldiers' Relief Departments of the cities and towns of Massachusetts act, under various statutes, as agents of the Commonwealth in dispensing to those who served in the Civil or Spanish War "State Aid," "Military Aid" and "Soldiers' Relief," all those forms of assistance being supplementary to the pensions granted by the United States Government. The Commonwealth, under chapter 468, section 6, Acts of 1909, pays state aid in sums not exceeding \$6 a month to men, or \$4 a month to women, and no more than \$8 to or for all the dependent relatives of any one soldier or sailor in any one month. Under chapter 468, sections 9 to 14, Acts of 1909, each city and town shares with the Commonwealth in giving military aid in cases where the United States pension and state aid combined would be insufficient for support, though an applicant cannot at the same time receive both military and state aid. If military aid is granted the state aid ceases. The Soldiers' Relief Department, as maintained by the City of Boston, makes all these disbursements both for itself and the Commonwealth. The latter not only reimburses the city for its share of expenditure, but also for money expended for burying indigent soldiers, their wives, widows or dependent mothers. Under chapter 79, sections 18 and 19 of the Revised Laws, the city

pays entirely for soldiers' relief, which, like military aid, is supplementary to the other forms of public relief; while pensions and state aid are limited by regular schedules, there are no limitations as to either military aid or soldiers' relief. The purpose of soldiers' relief, as declared at the outset, was to prevent dependence of veterans of the Civil War and their widows on the almshouse or on the Overseers of the Poor.

The department consists of a commissioner, salary \$3,500; a male clerk, salary \$1,500; a male settlement clerk and visitor, salary \$1,500; and the following women: A chief clerk, salary \$1,300; four clerks and visitors, salary \$1,100 each; a clerk, salary \$800; a "matron" at \$600, whose duties are those usually performed by an office boy, and a stenographer with a salary of \$800. Total salaries, \$14,400 a year.

Applications for state aid and the recommendations thereon of the Soldiers' Relief Commissioner are passed upon by the State Aid Commissioner. Applications for soldiers' relief are similarly passed upon by a committee of the Boston City Council, formerly by a committee of the Boston Board of Aldermen. Applications for military aid are passed upon by the State Aid Commissioner and the Soldiers' Relief Commissioner, acting concurrently.

In the eight years and eleven months since the present commissioner took office the department has spent or disbursed over \$2,000,000 of the money of the Commonwealth and of the city.

Expenses and disbursements of the department during the year (1901-02) when he took charge were as follows: \$234,296.89. Reimbursed by the state, \$146,619.69; net cost to the city, \$87,677.20. In subsequent years the expenses and disbursements have been as follows:

YEARS.	Totals.	Reimbursed by State.	Net Cost to the City.
1902-03	\$259,077 23	\$142,590 79	\$96,948 44
1903-04	245,853 24	140,405 72	105,447 52

* Approximately.

The Finance Commission is in accord with the general policy of the Commonwealth and the city in undertaking to assist needy veterans. The criticism of the Soldiers' Relief Department, which the commission feels compelled to make, is directed entirely against the manner in which the benefactions of a generous and grateful community have been distributed.

In the judgment of the commission this department has been one of the most grossly mismanaged departments examined by either this or the former Finance Commission. The simplest forms of preliminary investigation have been neglected. After relief has been granted visits to applicants have been rare and unintelligent. The records are in confusion. The force has been inefficient. The annual reports have been misleading. The results have been violation of the law, great waste of public money and demoralization among many recipients of the relief.

A subcommittee of the former Finance Commission conducted a preliminary investigation of this department so near the end of its term of service that it was unable to report on the subject. Nevertheless, as a result of recommendations then made to the commissioner in charge of the department, certain improvements have been introduced during the past year. More frequent visits have been made to the recipients of the relief, better records of visits have been kept, and more economical methods have been adopted in preparing monthly relief pay rolls. During the past year \$11,362.21 less was expended and disbursed than in the previous year through discontinuance of relief, with a tendency manifest toward further reduction.

While this commission has had to take cases at random and has had time to examine only a small fraction of those on file, the characteristics in all those examined are so similar as to convince it that they are typical, and that every record will be found on investigation to show serious incompetence.

THE NEGLECT OF PRELIMINARY INVESTIGATION.

Though the commissioner states that it is a rule of the office that applicants be visited before relief is granted, he could offer no convincing evidence that this rule was generally put into effect until after the investigation in December, 1908, by a subcommittee of the former Finance Commission. Before that time applicants' statements about themselves were taken as final. As a result the department has been seriously misinformed. For example, each record examined

by the commission has described the applicant's habits as either "temperate" or "good," or the space under "habits" has been left blank. No such uniformity of good habits in fact exists.

Typical cases of failure to make a suitable preliminary investigation are Nos. 18568, 7220, 12512 and 805.

Case No. 18568: Woman admitted in application ownership of house worth \$2,000 and \$50 in bank. The slightest investigation would have shown that her tax bill was \$68.80, and that her house was thus worth over twice as much as she had represented. Eventually a stranger volunteered information that she was worth \$20,000. Thereupon relief was stopped.

Case No. 7220: Third wife of a sailor who died February 7, 1907. By husband's will all his property except \$200 was left to her; copy filed among department's records. Six days after husband's death she was granted \$26 soldiers' relief and \$4 state aid. The commissioner had recommended \$16 soldiers' relief. The committee of the Board of Aldermen added the other \$10. A member of this committee became one of the appraisers and thus found two months later that she had personal property amounting to \$5,231.17. Nevertheless the aid still continues. The testimony of the commissioner is illuminating as to this case:

Q. Why was it raised to \$26? A. Well, I can only answer that by saying that the husband had a friend on the committee probably.

Case No. 12512: Woman claimed to have been married to a soldier in New York, and on strength of this has been receiving relief since 1907. Investigations of Finance Commission show that there is no record of her marriage in New York, and the United States government has refused to grant her a pension for lack of proof of such a marriage.

Case No. 805: Woman's husband enlisted in Civil War under false name and was dishonorably discharged. Records of dishonorable discharge were not availed of. Woman married another man while husband was alive and not divorced. Commissioner could not discover from his records the history of this case. Aid to this doubly disqualified woman has been continuous from the time when he took office in 1901 until May, 1907, when the facts which he should have ascertained through his visitors were disclosed to him from an outside source.

FAILURE TO VISIT.

In 1907 the four women clerks and visitors made only eight visits in the entire year; practically a complete breakdown of the system so far as they were concerned.* At other times the records indicate spasms of visiting activity so extraordinary that the visits, if really made, must have been ineffective. In the six days May 21 to 26, 1906, inclusive, a woman visitor made 108 visits, an average of 18 a day, while the records state that another made 30 visits in one day and 42 in another. The commissioner states that he does not think that more than 30 visits were made by a single visitor in one day. Such flying visits could not have included any real investigation.

Typical cases resulting from the failure to visit are Nos. 15497, 16354, 17388, 14568, 4629 and 3909.

No. 15497: Habitual drunkard who had applied for relief in 1897, and before the relief was granted had been pronounced by the investigator addicted to liquor and not likely to make judicious use of money. Report states that he had a comfortable home with his wife, who was paying \$65 a month rent, and had three children, all grown and self-supporting. Notwithstanding that these facts were in the possession of the department, not only was the relief granted him but from 1897 to 1908 no visits were made to him. In 1908 two visits disclosed his drunken state of life. No action was taken on these reports until September, 1908. On the eighth day of that month the man's son asked that the aid be stopped on account of his father's drinking habits, and renewed this appeal earnestly on the tenth by a written statement, to the effect that the father's actions had become unbearable on account of drunkenness; that he was intoxicated two-thirds of the time, and that he had been put out of barrooms for throwing bottles at the bartenders. Then at last the relief was cut off. The record of the previous day states that the man's pension had been raised from \$15 to \$30 a month, through the influence of the congressman from his district.

No. 16534: Man earning wages (and therefore ineligible) applied in May, 1907, and received \$8 a month soldiers' relief in addition to \$12 United States pension. Under "habits" the record is "temperate." He was visited in May, 1909, and the following is the record: "Mr. _____ not living at above address. Saw landlord (Mr. _____),

*In this year the settlement clerk and visitor made 299 visits, but mostly to ascertain the legal status of the applicants.

who said that he was obliged to put Mr. ——— out last week. Rented two rooms and lived here about seven months. Drank very hard; took fifty quart whiskey bottles out of his room; was a man of bad character; was employed as steam fitter at Navy Yard, earning \$3.50 a day." Aid was then at last stopped.

Case No. 17388: Man has been receiving relief since 1902. Lives in house variously reported in the records to be worth \$2,400, \$2,500 and \$3,000, mortgaged for \$2,000. Though house is much too large for him no part appears to have been rented since 1902. Records state that interest on mortgage is paid on money received from estate of wife's uncle, yet no effort appears to have been made to discover the nature and extent of this fund.

Case No. 14568: Man applied and received relief in July, 1902, and later died. House then reported to be mortgaged for \$700. Widow received relief until December, 1909. On March 23, 1908, the visitor reported both that woman had no money or visible means of support, and that she had \$1,000 in the bank and that her husband had left insurance of \$2,000. For nearly six years no curiosity as to the resources of this family seems to have been aroused. On the day when the commissioner testified before this commission (December 3, 1909, nearly seven and one-half years after application was granted) he recommended that the relief be discontinued.

Even greater negligence has been shown in giving relief to those who at the same time have been on the city's regular pay rolls. Instances are Nos. 4629 and 3909. Each of these received \$2.25 a day from the Street Department, while also receiving relief from the Soldiers' Relief Department on the plea of having no means of self-support. One of these beneficiaries in the Street Department had maintained to the Soldiers' Relief Department in 1901, 1902 and 1906 that his health was very bad and he could do no work. Yet in August, 1906, he got employment in the Sanitary Division, his age then being sixty-nine, and he continued to receive his wages there, and to receive also his state aid for nearly three years unvisited. The comparative alertness of the department last year discovered him. The other city employee was not visited from December, 1902, to March, 1909, and no date of his securing city employment is given in the records. In 1902 the man's house was valued at \$3,000 and one record of that date states that there were on it four mortgages aggregating \$3,600. Another record alongside of

the first of the same date shows that there were only two mortgages aggregating \$1,800—an instance of the prevailing confusion.

The commissioner admits that political influences have at times induced him to give precedence to certain applicants.

The commissioner has sought to excuse the failure to make proper visits, first, on the ground of his having an inadequate force; second, because of the preparation of a new card index. As for the force he has never asked for an addition to it and the present force, taken as a whole, has appeared to the commission insufficiently occupied. As for the card index, an expert employed by this commission reported that a single clerk should have been able under the most favorable conditions to perform the task in three months. This catalogue was not begun until May, 1907, and cannot excuse only eight visits by the four women clerks and visitors in the whole of that year. It also does not excuse the fact that families have gone for ten years without a visit from the department. Some idea of what should have been done earlier may be deduced from the improvement this year under the stimulus of the former Finance Commission's investigation. Disbursements have been cut down nearly \$1,000 a month, 2,556 visits have been made and beneficiaries have been reduced 552.

THE NEGLECTED RECORDS.

The records which should contain the facts about the beneficiaries are in chaotic condition. The original applications, some stray memoranda and a few entries on such portions of the paper as may present a blank space, comprise most of these records. Their condition is such that they cannot have been seriously used. The testimony of the commissioner indicates that he consults the card index for such information as he desires, and in his report of 1908 he described these meager cards which present only a few figures as "embracing the history of beneficiaries." Some of the inconsistencies which appear in the records have been incidentally noted above. Other instances are the following:

Case No. 18832 is that of a woman reported in the records of the department as sixty-four years old in 1908 and fifty-two years in 1909.

Case No. 17776 states that a child who was eight years old in 1904 was married before 1908.

Case No. 11461 states that a woman was fifty-eight years old in one year and seventy-five the next.

Case No. 10067: Woman claimed in 1898 to have shattered nerves through care of husband who was reported to have been insane five weeks before his death. Ten years later woman's nerves said to be still shattered from the same cause and husband's insanity was reported to have been for five years' duration. A girl in the family, who ceased work immediately on receipt of the relief by her mother, was reported to be seventeen and twenty-five years old at the same time.

INEFFICIENCY OF THE FORCE.

The inefficiency of the force has been demonstrated by its inability to cope with the question of beneficiaries who are insured for the benefit of others, its failure to co-operate with the well-to-do offspring of beneficiary, or to induce them to bear part of the burden, and by the idleness in the office.

When beneficiaries are insured for the benefit of others, either the premiums are paid from the relief or by persons who should be equally interested to participate in the support of the beneficiaries.

Not a record had been found which shows that any serious effort has been made to find out whether grown sons and daughters, not living at home, were able to help the veterans, much less to induce them to aid. The commissioner's own testimony practically admits this. In such cases the state's bounty is diverted in effect to the children and helps them to evade the care of their parents.

Cases were also found in which young people were living in idleness with and on the beneficiaries. The instances of sons or daughters who had been at work up to the time when the relief was received and then stopped seemed to be numerous.

With the possible exception of the settlement clerk and visitor the men in the department do little work. The women do more. But, through faulty organization the same women, highly paid, are both clerks doing elementary copying and visitors with hundreds of families largely dependent on them, and with hundreds of thousands of dollars at stake.

The commission has sought in vain to find any cases of relief once given having been reduced as a result of intelligent visiting, until after the investigations of the former Finance Commission in December, 1908. If any such reductions have taken place, neither the commissioner nor his subordinates have been able to point them out.

The part hitherto played by the aldermen and their sub-committees may be deduced from the following testimony of the commissioner:

Q. Don't they in most cases vote to give relief where you recommend it to be done? A. Yes, in most cases.

Q. Has there been a single case in which you have recommended relief and have been given nothing? A. No, I think not one. There has been one case that we know of where they cut down the amount recommended.

Q. What examination of the facts does the committee on Soldiers' Relief make? A. Practically none.

Q. And the Board of Aldermen? A. Absolutely none. They take the report of the committee.

MISLEADING ANNUAL REPORTS.

It should be reiterated that the foregoing criticisms are not directed against the policy of the state and city in affording relief to needy veterans. They are directed entirely at the inefficient manner in which this policy has been carried out. The question arises as to how the department could have been allowed to lapse into such a state of incompetence. While the laws governing soldiers' relief are less exacting than those governing state and military aid, the commissioner has stated that he is as careful in dispensing one kind of relief as another. In fact, he has been extremely careless as to both. The laws are explicit and mostly sound. The fundamental trouble with the department lies in neglect. The public has not questioned the department's acts under the assumption that as its one mission is to do good it must be doing it. The State Aid Commissioner says that his responsibility ceases after he has determined that an application may legally be granted, and that payment to those who no longer need relief is due to neglect on the part of the Soldiers' Relief Department. Nor can the committee of the City Council, changing from year to year, be expected to oversee intelligently a department of this kind.

The chief reason, however, why the public has failed to appreciate the true condition of the department is the misleading character of the annual reports. In these reports soldiers' relief is described as "far reaching in its humane mission" and "a strong incentive to good citizenship." The committee of the Board of Aldermen is complimented as having dispensed the relief in "such a manner as to conduce to the greatest good of the greatest numbers." The report for 1905-06 stated: "All the time that could be spared from

the clerical duties of this office by our officials has been devoted to such service, with the result that 717 visits have been made during the year, and, in consequence of the information gained thereby, a substantial saving has been made to the city by reason of the improved financial condition of the parties visited, rendering assistance no longer necessary." Likewise, the report for 1906-07 stated: "Every hour that could be spared by the officials from their clerical duties has been given to such service, with the gratifying result of 1,015 visits during the year." Again, the report for 1907-08 stated: "The officials of this department are required to visit beneficiaries as often as is practicable, in order to keep informed of any changes in their financial condition that would render further assistance unnecessary. Only 436 of such visits were made during the past year, owing to the introduction of the new card index, embracing the history of and payments to all beneficiaries now on the department pay roll. In making this index great labor and much time has been and will be consumed." Then follows the statement that "as a result of the visits a number have been dropped from the pay roll, it being found that they were no longer in need of assistance."

This picture is clearly not in accordance with the facts.

On the one hand, it must be true that many of the recipients are excellent people, in real need, to whom the community owes much. Such persons are entitled to watchful and enlightened care. On the other hand, the investigations of this commission have shown a widespread nurturing of deceitfulness, imposition, irresponsibility, idleness, drunkenness. The worst effect has been upon the younger generation, for which the relief was not intended.

The commission does not question the integrity of the commissioner.

The commission recommends:

1. That the governor consider the advisability of recommending that the State Aid Commissioner undertake more supervision of the disbursement of these moneys in which the Commonwealth is directly interested.

2. That the General Court enact section 11 of House Bill No. 10, presented by this commission, substituting a board of unpaid trustees for a committee of the City Council as the body to pass on relief and giving them general powers of supervision.

3. That the department be thoroughly reorganized as to personnel and methods, and that there be appointed as head of the department some person professionally trained in the distribution of relief.

4. That, under this head, there be appointed some person professionally trained in the keeping of relief records.
5. That the present office of male clerk be abolished.
6. That clerical work and visiting be absolutely separated.
7. That the whole office force be adjusted to the amount and kind of work to be performed.

Respectfully submitted,

THE FINANCE COMMISSION,
By JOHN F. MOORS, *Acting Chairman.*

IN CITY COUNCIL, April 11, 1910.

Ordered printed.

JOHN T. PRIEST,
City Clerk.

WEST END STREET RAILWAY COMPANY

TWO HUNDRED AND NINETY-SEVENTH LOCATION.

CITY OF BOSTON,
IN BOARD OF STREET COMMISSIONERS, March 29, 1910.

Ordered, That in addition to the rights heretofore granted to the West End Street Railway Company for locations for tracks in the streets of the City of Boston, said company shall have the right to construct, maintain and use an alteration of its existing locations as follows: On Chardon, Merrimac and Portland streets, alteration of existing single track and curves, substantially as shown by red lines on plan of A. L. Plimpton, dated February 15, 1910, and deposited in the office of the Superintendent of Streets; together with all necessary curves, crossovers, switches and connections; said alteration to be in substitution for existing tracks as shown by dotted black lines on the aforesaid plan.

And the consent of the Board of Street Commissioners is granted to said company to establish and maintain the overhead single trolley electric system of motive power in the operation of its cars on said location, and to erect, maintain and use iron poles, not less than twenty feet in height, at places indicated by red dots or circles on the aforesaid plan, or at such other places, to be shown by blue dots or circles on said plan, as may be approved by the Superintendent of Streets, and to place on said poles such wires and other appliances as the Commissioner of Wires shall approve.

The right to lay down the tracks located by this order

is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, and the kind and locations of poles, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said railway company shall accept this order, and shall file such acceptance with the Board of Street Commissioners in accordance with the provisions of statute law; otherwise it shall be null and void.

The whole work authorized to be done under the provisions of this order shall be completed within one year from the date of the passage of this order.

Passed. Approved by the Mayor April 1, 1910.

A true copy.

Attest:

J. J. O'CALLAGHAN,
Secretary.

WEST END STREET RAILWAY COMPANY.

TWO HUNDRED AND NINETY-EIGHTH LOCATION.

CITY OF BOSTON,
IN BOARD OF STREET COMMISSIONERS, March 29, 1910.

Ordered, That in addition to the rights heretofore granted to the West End Street Railway Company for locations for tracks in the streets of the City of Boston, said company shall have the right to construct, maintain and use an alteration of its existing locations as follows: At the northerly corner of Huntington and Longwood avenues, alteration of double curved tracks, substantially as shown by red lines on plan of A. L. Plimpton, dated January 25, 1910, and deposited in the office of the Superintendent of Streets; together with all necessary curves, crossovers, switches and connections; said alteration to be in substitution for existing curves as shown by dotted black lines on the aforesaid plan.

And the consent of the Board of Street Commissioners is granted to said company to establish and maintain the overhead single trolley electric system of motive power in the operation of its cars on said location, and to erect, maintain and use iron poles, not less than twenty feet in height, at places indicated by red dots or circles on the aforesaid plan, or at such other places, to be shown by blue dots or circles on said plan, as may be approved by the Superintendent of Streets, and to place on said poles such wires and other appliances as the Commissioner of Wires shall approve.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, and the kind and locations of poles, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said railway company shall accept this order, and shall file such acceptance with the Board of Street Commissioners in accordance with the provisions of statute law; otherwise it shall be null and void.

The whole work authorized to be done under the provisions of this order shall be completed within one year from the date of the passage of this order.

ORDERS

ESTABLISHING

THE SEVERAL APPROPRIATIONS

AND

LEVYING A SPECIFIC TAX

FOR THE

FINANCIAL YEAR ENDING JANUARY 31, 1911.

OFFICE OF THE CITY CLERK,
BOSTON, April 15, 1910.

The following are the appropriations and tax orders for the current financial year, as finally passed.

Attest:

JOHN T. PRIEST,
City Clerk.

CITY OF BOSTON.

APPROPRIATION AND TAX ORDERS FOR THE FINANCIAL
YEAR 1910-1911.

IN CITY COUNCIL, April 4, 1910.

Ordered, That to meet the expenses of the City Council during the financial year beginning with the first day of February, 1910, the respective sums of money hereinafter specified be, and the same are, hereby appropriated for the purposes stated, and that the said amounts be raised by taxation upon the polls and estates taxable in the City of Boston.

City Council: Fifty thousand five hundred dollars.

Salaries	\$13,500 00
City Council proceedings	12,000 00
Incidental expenses	25,000 00
	\$50,500 00

Passed, yeas 8, nays none.

Approved by the Mayor April 4, 1910.

IN CITY COUNCIL, April 11, 1910.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of February, 1910, of performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or the County of Suffolk, or the departments or officers thereof, and to meet their respective obligations for interest on debt, sinking fund requirements, and maturing debt not provided for by sinking fund, the respective sums of money hereinafter specified be, and the same are, hereby appropriated for the several departments, and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Department, current expenses, and the payments to the state under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest requirement for loans issued for water purposes, be met by the income from said works and any excess over income from taxes; that the other appropriations hereinafter specified or heretofore made be met out of the money remaining in the treasury at the close of business on January 31, 1910, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust, or special appropriation, and by the income of the financial year, beginning February 1, 1910, and by taxes to the amount of \$14,017,866, and that said amount be raised by taxation on the polls and estates taxable in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury and then credited to the appropriation of the department or

division rendering such service or doing such work, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That to provide temporarily money to meet the appropriations aforesaid, the City Treasurer issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston, not exceeding nine million dollars in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon at the office of the City Treasurer within the current financial year, from the taxes of said year, and bear interest from their date until the same are made payable at such rate as said treasurer shall deem proper.

Ordered, That all taxes raised to meet the appropriations of the City Council, and all taxes assessed for meeting the city's proportion of the state tax of the year 1910, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1910; that all such taxes paid after the first day of November, 1910, bear interest from and including said day until paid, at the rate of six per cent per annum, except the taxes assessed upon shares of stock of national banks shall bear interest at the rate of twelve per cent per annum from and including said first day of November until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

Respectfully,

JOHN F. FITZGERALD,
Mayor.

CRANE COMPANY.

FIRST LOCATION.

IN BOARD OF STREET COMMISSIONERS, April 12, 1910.

Ordered, That permission be granted to the Crane Company to lay down, maintain and use for the transportation of freight by steam power, tracks for private use, crossing Granite and West First streets, South Boston, at grade, and connecting with existing tracks of the American Sugar Refining Company, as shown on plan made by Joseph Cushing, dated March 1, 1910, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located in this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him.

Also upon condition that a flagman shall display a flag by day and a lantern by night whenever an engine, car or train is approaching and while it is passing over said crossing, and that no engine, car or train shall cross at a greater speed than four miles an hour.

Also upon condition that this permit is revocable at any time upon thirty days' notice from the Mayor and Board of Street Commissioners. Also upon condition that the said Crane Company shall accept this order of location, and shall

agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with this Board within thirty days from the passage of this order; otherwise it shall be null and void.

Passed. Approved by the Mayor April 15, 1910.

A true copy.

Attest:

J. J. O'CALLAGHAN,

Secretary.

MONTHLY STATEMENT

OF THE

CITY TREASURER

AND OF THE

TREASURER OF THE BOARD OF COMMISSIONERS
OF SINKING FUNDS.

TREASURY DEPARTMENT,
BOSTON, May 2, 1910.

HON. JOHN F. FITZGERALD,
Mayor of the City of Boston:

SIR,—The undersigned herewith presents a statement of the receipts and payments of the City of Boston and County of Suffolk for the month of April, 1910, being three months of the financial year 1910–1911, also of the balance of money remaining in the Treasury April 30, 1910, and where deposited.

A statement of the receipts, payments and resources of the Sinking Funds is appended.

Respectfully submitted,

CHARLES H. SLATTERY,
City Treasurer.

AUDITOR'S MONTHLY EXHIBIT.

GENERAL AND SPECIAL APPROPRIATIONS

FOR

1910-1911.

AUDITING DEPARTMENT,
CITY HALL, BOSTON, May 2, 1910.

To the Mayor, City Council and Heads of Departments:

SIRS,—The undersigned, in compliance with chapter 486, section 25, of the Acts of 1909, and chapter 6, section 7, Revised Ordinances of 1898, herewith presents an exhibit of the General and Special appropriations for the present financial year of 1910-11, as shown in the books in his office May 2, 1910, including the May draft—being four months' drafts—exhibiting the original appropriations, the balances brought forward from 1909-10, the amounts drawn May 2, the total expenditures, and the balance of each appropriation unexpended at that date; also a statement of the Debt, Sinking Funds and Right to Borrow April 30, 1910.

The May draft comprises special payments and weekly pay rolls during the month of April and pay rolls and bills payable May 2, 1910.

Respectfully submitted,

J. ALFRED MITCHELL,
City Auditor.

OFFICIALS AND EMPLOYEES

OF THE

CITY OF BOSTON

AND

COUNTY OF SUFFOLK

WITH THEIR

RESIDENCES, COMPENSATION, ETC.

1910

PREPARED AND PUBLISHED IN ACCORDANCE WITH THE ACTS
OF 1909, CHAPTER 486, SECTION 27

CITY OF BOSTON
PRINTING DEPARTMENT
1910

"Every officer and board in charge of a department of the city of Boston or county of Suffolk shall on or before the fifth day of May in each year prepare and furnish to the city auditor a list of the officials and employees under said officer or board and paid by the city or county on the thirtieth day of April preceding. Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls; and when verified the said lists shall be printed by the superintendent of printing as a city document."—*Acts of 1909, chapter 486, section 27.*
